Regular Agenda

Z-17-20 Public Hearing, review and action on an application submitted by William “Bill” Piefer of Harvest Pointe Bloomington LLC to rezone approximately 14 acres north of E. Empire Street, east of Towanda Barnes Road (PINs:15-32-351-001; 15-32-351-019; 15-32-351-020) from B-1 General Commercial District to R-2 Mixed Residence District. (Ward 3)

Vice Chairperson Mohr introduced the case and asked for staff presentation.

Ms. Simpson presented the staff report and stated staff’s in favor of the rezone of approximately 14 acres north of Route 9 in Harvest Pointe Subdivision from B-1 General Commercial District to R-2 Mixed Residence District. An Aerial zoning map was presented to the Commission for an overview of the zoning of the area.

Review of B-1 zoning was provided to the Commission. The intent of B-1 General Commercial District is to facilitate the development of community and regional commercial areas and intended for high traffic areas.

Ms. Simpson stated Staff finds that the petition **meets the** Zoning Ordinance’s map amendment guidelines for the R-2 Mixed Residence District and recommends the Planning Commission take action on the following items: 1). Motion to establish a finding of fact 2). Motion to recommend approval of the rezoning of 13.251 acres north of E. Empire Street/Route 9, east of Towanda Barnes Road from B-1, General Commercial District to R-2, Mixed Residence District.

Ms. Simpson provided the Commission with the current zoning and surrounding zoning and land uses stating that zoning to the subject property is currently zoned B-1, General Commercial District and abuts the Harvest Pointe subdivision zoned R-2 and R-1C. The property is also adjacent to Saint Patrick’s of Merna Catholic Church, zoned P-2 Public Lands and Institutions. The southeast

corner of the Towanda Barnes and Route 9 intersection is zoned B-1. The west side of Towanda Barnes is owned by the Central Illinois Regional Airport and is zoned P-3, Airport, and Agriculture (unincorporated).

Ms. Simpson provided the Commission with the project overview referencing the land use and changes for this area in relation to the Comprehensive Plan. In addition, the land is annexed into the City and has access to City services.

Bloomington's 2005 Comprehensive Plan identifies this area as commercial. It anticipated extensive growth. Bloomington's 2035 Comprehensive Plan no longer anticipates the level of growth previously expected.. The current comprehensive plan now proposes residential development for the subject property identifying this area as "Emerging" area and the Future Land Use Map illustrates this area as low-density residential (under 8 units per acre). The Comprehensive Plan also shows this site as a Tier 1 Infill Redevelopment Priority

The petitioner is asking for a Map Amendment at this time but also submitted the Concept Plan that the developer would like feedback on from the Commission which included: 24 duplexes on the west side and 23 single family homes on the east side of the property. Ms. Simpson stated the Commission will not take action on the Concept Plan but would on the Map Amendment submitted.

Questions by Commission for staff: None

Vice Chairperson Mohr opened the public hearing. Vice Chairperson Mohr swore in, for the record, Mr. Jason Barickman, Attorney for petitioner. Mr. Barickman thanked staff for the collaborative effort when discussing this project. Mr. Barickman gave an overview of the project stating the 14 acres sat dormant for many years. The current B-1 zoning is not in-line with the current Comprehensive plan as the area is recognized as residential growth. The change of zoning would allow for lower density of housing. The proposed project would have less impact on the adjacent properties and City infrastructure.

Vice Chairperson Mohr swore in, for the record, Mr. Neil Finlen, Farnsworth Group. Mr. Finlen stated the positive impacts to adjacent property owners of this petition: 1) reduce traffic volumes 2) Park dedication enhancement.

Bill Piefer, Developer: Available for questions.

Vice Chairperson Mohr swore in, for the record, Matthew Todd Ethridge of 41 Dry Sage Circle. Mr. Ethridge stated the zoning change would be misguided use of the property. There are concerns of the location at the intersection being: 1) additional traffic 2) strain on drainage and 3) adding additional cars to an already busy intersection. There are also concerns regarding the proposed plan, which includes: 1) turn lanes 2) sidewalks and 3) controlled access. North or further east of intersection would make more sense.

Ms. Simpson stated two email have been received and confirmed that the developer was informed. Marked for the record as Staff Report Exhibit A - from Mr. Ethridge who has spoken and Staff Report Exhibit B - Questions (which included the following)

- 1) Landscape Location of Brim
- 2) Rezone B-1 to R-1C

Vice Chairperson Mohr swore in, for the record, Mr. Bill Piefer, Developer. Mr. Piefer stated the landscape brim would stay intact as is. In response to Mr. Ethridge email, Mr. Piefer stated as the property owner he would like to proceed with the development. In speaking with Church leaders, M. Piefer found leaders in favor as they would not like to see the area developed as commercial businesses. Mr. Piefer indicated he spoke with one resident similar in favor of growth to match what is currently there as opposed to Commercial uses. Mr. Piefer stated the projects intent is to fit the neighborhood and develop similarly as to the current housing.

Mr. Finlen stated the rezoning R-2 to would benefit the existing neighborhood maintaining duplexes and single-family homes. The plans are to have 4 units per acre, which is compatible with what is currently there.

Confirmation of subject property location was re requested by Commission. Staff confirmed location as just North of Route 9.

There were no additional persons to speak for or against the petition. Vice Chairperson Mohr closed the public hearing at 4:27 p.m.

Commission Discussion with staff included the following

- 1) Chairperson Montney acknowledging Mr. Ethridge's comment/concerns regarding traffic impact and inquired as to what standard the Commission would use in the in determining traffic flow/patterns information.
- 2) Ms. Simpson advised that the parking regulations could be used to establish traffic counts and additional traffic.
- 3) Vice Chairperson Mohr & Commissioner Boyd pointed out that a Preliminary Plan will be submitted to the Commission for review and discussion in the future.

Commissioner Boyd made a motion, seconded by Commissioner Danenberger, to accept the Findings of fact as presented in the staff report. Roll call vote:

AYES: Danenberger; Krieger; McCann; Vice Chairperson Mohr; Boyd; Montney; Stanczak; and Muehleck

Commissioner Boyd made a motion, seconded by Commissioner Stanczak to rezone approximately 14 acres north of E. Empire Street, east of Towanda Barnes Road (PINs:15-32-351-001; 15-32-351-019; 15-32-351-020) from B-1 General Commercial District to R-2 Mixed Residence District.

PROJECT DESCRIPTION

Background: The subject property is located at the northeast corner of Ireland Grove Road and S. Mercer Ave. It is bordered by Village Lane on the north, S. Mercer Ave on the west, and Ireland Grove Road to the south. The property is part of the Parkway Village Planned Unit Development. It is currently vacant and zoned B-1 General Commercial District.

The property is adjacent to other B-1 Zoned Properties and the Parkway Village

subdivision is improved with retail, restaurant and hotel uses. Portions of the subdivision have frontage along S. Veterans Parkway/US 51. S. Veterans Parkway is an arterial road with an average daily traffic count of 29800 trips. S. Mercer Ave is a collector street with 4500 trips daily. In 2009, the City improved the intersection of S. Mercer Ave and S. Veterans Parkway to accommodate additional traffic generated by the commercial uses in the Parkway Village PUD and employees at the adjacent State Farm offices. Connect Transit's Orange Line also runs on S. Mercer Ave. A bus stop is located on the west side of S. Mercer Road at the Ireland Grove intersection.

Photo: Subject Property

Project Description: The Parkway Village PUD was previously amended in 2015. A final plat for the McAllister's Deli Development was approved by Council in 2018. The current preliminary PUD is valid.

The proposed project involves an amendment to the previously approved plans. The amendment includes removing Greenview Lane and reconfiguring the size of the lot to show the proposed lot 2.56 acres and the remaining lot 1.99 acres. The subdivision is served by a detention basin in the northwest corner of the subdivision. The storm water from subject property drains to this basin. If the proposed site plan is approved, the City Council will also need to approve a final plat for the new configuration and amendments to the PUD.

The applicant, ALDI Inc, is requesting approval of the site plan to facilitate redevelopment of approximately 2.56 acres with a 20,000 square foot grocery store and 96 parking spaces. 3 bicycle racks are provided as well as 2 Electric Vehicle charging spaces. Four accessible spaces are also provided. Circulation occurs from Village Land and Ireland Grove Road. The plan also shows a pedestrian connection from the sidewalk and from the accessible parking spaces to the front door. Landscaping islands are provided every 10 parking spaces. Loading docks are located in the rear of the property. The mechanical units are screened from view of the right of way. The building façade is a mix of stone/brick veneer, prefinished metal and glass windows. The proposed treatments are consistent with surrounding architectural styles. The dumpster is located near the loading bay and is screened from the public street. The proposed development conforms to the requirements of the city of Bloomington's zoning code.

Compliance with the Comprehensive Plan:

The proposed project is an infill redevelopment opportunity along a major commercial corridor. The project will utilize existing infrastructure and aligns with the following goals of the Comprehensive Plan:

Goal ED.1 Ensure a broad range of employment opportunities for all residents

Objective ED.1-1 Focus on retention and expansion of existing businesses.

Goal ED.4 Enhance the image of Bloomington as a business-friendly community

Objective ED 4.2 Prioritize infill and redevelopment to spur growth and reinvestment in the City.

Action ED 42f Improve the appearance of the City's primary entrances.

Findings of Fact: The Site Plan review process is intended to protect the public interest in safety, economy, and from adverse site development that may be detrimental to neighboring property owners and the surrounding area. The following standards and objectives shall guide the review of City staff, the Planning Commission, and the City Council in making a determination on the proposed Site Plan (44. 17-9):

- A. *The extent to which potential incompatibilities between the proposed development and surrounding existing development and/or zoning is minimized by such design features as placement of buildings, parking areas, access driveways and existing or proposed topography.* The subject property is a corner lot with three front yards. The development will result in the loss of Greenview Lane but the subject property and adjacent lots still have access on Village Lane. The City Engineer and Engineering Division reviewed the site plan and determined that the adjacent intersections are designed to absorb new traffic generated by the proposed use; no additional traffic impact analysis is needed. **The Standard is met.**
- B. *The extent to which the proposal minimizes any adverse impact of the development upon adjoining land, including the hours of use and operation and the type and intensity of activities which may be conducted.* The proposed will operate daily but will have peak

visits on nights and weekends. The proposed use compliments the adjacent restaurant and retail uses. Further, it provides access to a full-service grocery store for residents on the south side of Bloomington, including nearby Westminster Village. The store will also serve nearby employers, such as State Farm. **The Standard is met.**

C. The extent to which adequately improved streets connected to the improved arterial street system are available or can be reasonably supplied to serve the uses proposed in the development. The street system is adequate and was improved in 2009 to accommodate higher volumes of traffic. The grocery store will generate more traffic on the nights and weekends, opposite the peak periods of the adjacent office uses. The proposed store is located adjacent to a bus line and is accessible from the sidewalk. The applicant is providing on-site bicycle parking and electric vehicle charging stations. **The Standard is met.**

D. The extent to which the proposed development will favorably or adversely affect other persons or property and, if so, whether because of circumstances peculiar to the location the effect is likely to be greater than is ordinarily associated with the development of the type proposed. The proposed development is a Tier 1 infill redevelopment priority. It will attract patrons and encourage traffic that can benefit the adjacent retail uses. The investment will add value to the commercial corridor, and the grocery store will provide options for Bloomington residents located on the south side of the community. **The Standard is met.**

STAFF RECOMMENDATION:

Staff recommends the Planning Commission pass the following motions recommending:

- Establish a finding of fact.
- That the City Council approve the Site Plan for a new grocery store at the corner of Village Lane and S. Mercer Ave. (Case PR-10-20).

Respectfully submitted,
Katie Simpson,
City Planner

GENERAL INFORMATION

Applicant: City Council, Resolution 2020-25

Legal notice for the October 28, 2020 public hearing was published in The Pantagraph on Sunday, October 11, 2020. Notice of the public hearing was also mailed to approximately 134 property owners with property subject to the map amendments.

PROJECT DESCRIPTION

Background

On August 24 2015, the City of Bloomington adopted the City’s award-winning Comprehensive Plan 2035, a twenty-year vision for the future. In 2016, the City engaged the professional services of Houseal Lavigne & Associates (HLA), a planning consulting firm from Chicago, IL, to begin a comprehensive revision to the Zoning Ordinance, Chapter 44 of the Bloomington City Code. The Bloomington Zoning Ordinance establishes parameters for the use and design of property throughout the City of Bloomington. It regulates the size of lots, density, heights, bulk, and other physical characteristics of the property. Bloomington’s Zoning Ordinance was adopted in 1960 and the last major revision occurred in 2006.

The City initiated the public hearing process for adoption on of the comprehensive text amendment on October 24, 2018. At the public hearing, the city heard from residents in the Dimmitt’s Grove Neighborhood and West Bloomington Neighborhood expressing concerns about the permitted density in the R-3B District and the neighborhoods surrounding Downtown. City Council adopted the final zoning ordinance in March 2019 and directed staff and HLA to further investigate the appropriateness of the R-3B District adjacent to Downtown Bloomington.

The project kicked off on July 23, 2019 with two neighborhood listening sessions. Staff and HLA gathered with residents who shared concerns about displacement, gentrification, preserving neighborhood character, revitalization and reinvestment, and compatible infill. HLA performed an analysis of the study area, examining the current neighborhood configuration—lot sizes, areas, and setbacks, mix of uses, condition of the buildings, and bulk massing. They also analyzed the current policy identified in the Bloomington Comprehensive Plan, which identifies the neighborhood east of Downtown as “Preservation Area” and the neighborhood west of Downtown as “Regeneration Area.” HLA presented their findings to the Planning Commission and Zoning Board of Appeals on September 11, 2019. HLA and staff explored several alternatives including evaluating the possibility of rezoning the properties to R-2, Mixed Residence District and/or looking at applying the S-4 Historic Preservation Zoning overlay. The former could have resulted the creation of multiple nonconforming structures, lots, and uses that could lead to disinvestment and a loss of neighborhood character. The latter may not be applicable in both the east and west side contexts and may not fully achieve the goals of neighborhood preservation. Ultimately the direction received by the ZBA and Planning Commission was to investigate the creation of a new district that balances the adopted policy recommendations with the built environment.

HLA presented a draft to the Planning Commission in February 2020. The feedback received at that meeting has also been incorporated into the proposed text amendment. All information

Zoning Ordinance Text and Map Amendments

pertaining to the project has been available online at
<https://www.cityblm.org/government/departments/community-development/r-3b-analysis>.

On September 28, 2020 HLA and staff presented the draft recommendations to Council and Council initiated this public hearing process. The meeting materials are available online at <https://www.cityblm.org/government/city-council/meetings-agendas> and the meeting is available at the Bloomington YouTube Page at www.cityblm.org/live.

Additionally, at the request of Council, staff will host two public meetings on Tuesday, October 27, 2020 at 5-6 pm and 6:30 to 7:30 pm to answer questions related to the text amendment. The meetings will be held virtually and will be livestreamed at www.cityblm.org/live.

Case Z-23-18 Comprehensive Text Amendment

The proposed draft text amendment attached to this report is the most recent version of the document, and the version presented to City Council on September 28, 2020. The neighborhoods adjacent to Downtown are a patchwork of different lot sizes and different home types. It is a mix of single-family homes, single-family conversions, duplexes, townhomes, four and six-plexes and some small-scale commercial developments. The lot sizes range from a half of an acre to 3000 square feet or less. Lots widths also range. Houses range from Victorian mansions to vernacular cottages, and from townhomes to brownstones. Some infill has occurred, and newer homes have a more suburban design and feel with front facing garages. Lots are primarily access is primarily through rear allies. The area has a walkable-grid configuration. Setbacks range from 0 to 30 feet. Most homes have front porches that may or may not be enclosed and may project into the front yards.

The proposed text amendment provides for these unique neighborhood characteristics. Rather than a predetermined lot size, the text provides parameters for calculating lot size, width, and setbacks based on the block average. Additionally, the text incorporates design guidelines specific to new infill development. Single-family conversions to multifamily and commercial uses require a special use permit. Further, the district establishes a minimum lot size per dwelling unit that will help regulate density. The purpose and intention statement has been revised to promote the preservation of existing structures and to recognize the significant of the neighborhood character.

The following sections of Chapter 44 would be amended with the adoption of the text amendment:

44.4-1 Purpose and Intention of Residential Districts

44.4-2 Permitted Use Table for residential districts.

- The table would be amended to require a special use permit for the conversion of residential building to more than 2 units and to office or commercial uses.
- The table would also be amended to allow accessory dwelling units with a special use permit.

44.4-3 Bulk and Site Standards

Zoning Ordinance Text and Map Amendments

44.10-38 and 44.10-39 to establish use standards for special uses

44.16 Definitions—to add a definition for “Multifamily Conversion” and “Office Conversion”.

**Case Z-24-20 Zoning Map
Amendments**

The map on the left illustrates the areas subject to be rezoned. The yellow and dark burgundy colored properties are slated to be rezoned from R-3B to R-2 and D-2, respectively. The other properties shown in magenta would be rezoned from R-3B to the newly established R-D District and subject to the regulations outline in the proposed text amendment considered in item Z-23-20.

The Zoning Ordinance is a tool to assist communities with the implementation of the Comprehensive Plan. Listed below are a few of the goals from the Comprehensive Plan that the updated text and map amendments support:

- N-1.1 Enhance the livability of all Bloomington neighborhoods.
- N-1.1a Update ordinances and regulations to accomplish the goals of the comprehensive plan.
- N-1.1e Update the ordinances and codes to reflect the unique needs of the Regeneration, Preservation, and Stable Areas and preserve their character.
- H-1.1 Ensure that the housing to accommodate the new growth is a broad range (of types, sizes, ages, densities, tenancies and costs) equitably distributed throughout the City recognizing changing trends in age-group composition, income, and family living habits.
- H-1.1a Review and improve the current ordinances, codes, regulations, and permitting processes and fees, as needed and desirable, to provide more efficient mechanisms for new developments and redevelopment opportunities.
- ED-4.3 Facilitate and enhance pedestrian-friendly neighborhood centers to support mixed use developments.
- ED-4.4 Evaluate commercial land use needs in the context of changing economic trends.

The amendment process requires two key actions: adoption of the text amendment and amendment to the Official Zoning Map to reflect the text amendments adopted. While the two actions are directly related, they will be handled as two separate public hearings and two separate recommendations to City Council. This report addresses both actions.

STAFF RECOMMENDATION:

**Agenda Item A and B

ORDINANCE NO. 2020 - __

A ORDINANCE AUTHORIZING A TEXT AMENDMENT TO THE BLOOMINGTON ZONING ORDINANCE, CHAPTER 44 OF THE CITY CODE, TO ESTABLISH THE R-D RESIDENTIAL DOWNTOWN DISTRICT, AND FUTHER AUTHORIZING MAP AMENDMENTS TO THE OFFICIAL ZONING MAP FOR PROEPRITIES IN THE CITY OF BLOOMINGTON

WHEREAS, the City of Bloomington is a home rule unit of local government with authority to legislate in matters concerning its local government and affairs; and

WHEREAS, pursuant to the Illinois Municipal Code, the City of Bloomington has authority to create and to establish, by ordinance, zoning regulations and districts, and to amend said regulations and districts from time to time; and

WHEREAS, following public testimony during the recent zoning ordinance amendment process in March 2019, it has been determined that the City desires to conduct additional analysis of the R-3B Multifamily Zoning District regulations and application on properties located adjacent to Downtown Bloomington; and

WHEREAS, it was determined that the R-3B Multifamily District may no longer promote and align with the goals of the City of Bloomington Comprehensive Plan 2035 (Resolution 2015-31); and

WHEREAS, the Bloomington Comprehensive Plan 2035 recommends that the City amend its zoning regulations and districts to align with the goals of the Comprehensive Plan; and

WHEREAS, the zoning ordinance is a primary tool for effectuating the goals of the Comprehensive Plan; and

WHEREAS, city staff, working in consultation with the Bloomington Planning Commission, Zoning Board of Appeals, and community stakeholders, provided to the City Council, on September 28, 2020, a draft potential text amendment, as set forth in Exhibit "A"; and

WHEREAS, upon the adoption of text amendments to the Bloomington Zoning Ordinance, the properties, hereinafter described in Exhibit "B", may have zoning classifications that are no longer compatible with the zoning ordinance, therefore requiring amendments to the Official Zoning Map of the City; and

WHEREAS, on September 28, 2020 the City Council passed Resolution 2020-25 initiating a public hearing on the aforementioned text and map amendments; and

WHEREAS, after proper notice was given, the Bloomington Planning Commission conducted a public hearing on said text and map amendments and found said amendments to be in accordance with the goals of the Comprehensive Plan and

recommended Council approve said amendments; and

WHEREAS, pursuant to Chapter 44.17-6 of the Bloomington City Code, the City Council has the power to pass this ordinance and amend to Chapter 44 of the Bloomington City Code and to further amend the Official Zoning Map.

NOW, THEREFORE, BE IT ORDAINED by the City Council of the City of Bloomington, McLean County, Illinois:

1. That the above recitals are incorporated into and made a part of this ORDINANCE as though fully set forth herein.
2. That the text amendment to the Bloomington Zoning Ordinance, Chapter 44 of the Bloomington City Code to establish the R-D, Residential Downtown District as proposed in Exhibit "A" is hereby approved;
2. That the map amendments for multiple properties in the City of Bloomington specified in Exhibit "B", attached hereto and incorporated herein by reference, is hereby approved;
3. That the Ordinance shall be in full force and effective as the time of its passage.

PASSED this ____ day of December 2020.

APPROVED this ____ day of December 2020.

R-D Downtown Neighborhood Residence District

Recommended Changes for the R-3B Study Area

Purpose and Intent (Section 4-1)

- **R-D Downtown Neighborhood Residence District.** The R-D Downtown Neighborhood Residence District is intended to accommodate primarily residential areas adjacent to Bloomington's Central Business District characterized by a mixture of housing types and scales including large and small lot single-family detached and attached homes as well as low intensity multifamily buildings. New development and redevelopment in the district shall-is intended to be supportive of the overall historic character of the area and prioritize the preservation of historic structures. This district allows for the conversion of single-family detached properties to multifamily or office uses to preserve the integrity of historic structures and extend their economic life by allowing owners to justify expenditures for repairs and modernization.

Permitted and Special Uses (Section 4-2)

See attached table.

- **Uses to Add to Table**
 - Residential conversions – 2 units permitted with use provisions, more than 2 units special use
 - Office conversions – special use

Bulk and Site Standards (Section 4-3)

- **Lot Characteristics**
 - **Minimum Lot Width for Lots on Block Fronts with Three (3) or fewer Front Facing Parcels.** The minimum lot width shall be calculated as the average of the front facing lot widths along the opposite side of the street and on the same block, or as the average of the lot widths along the same side of the street and on the adjacent block, whichever is lesser. The widest and narrowest lot widths shall be eliminated in the making of the computation.
 - **Minimum Lot Width for Lots on Block Fronts with Four (4) or more Front Facing Parcels.** The minimum lot width shall be calculated as the average of the lot widths of front facing lots along the same side of the street and on the same block, or 30 feet, whichever is greater. The widest and narrowest lot widths shall be eliminated in the making of the computation.
 - **Minimum Lot Area for Lots on Block Fronts with Three (3) or fewer Front Facing Parcels.** The minimum lot area shall be calculated as the average of the lot areas of front facing lots along the opposite side of the street and on the same block, or as the average of the lot areas of front facing lots along the same side of the street and on the adjacent block, whichever is lesser. The smallest and largest lot areas of the parcels shall be eliminated in the making of the computation.
 - **Minimum Lot Area for Lots on Block Fronts with Four (4) or more Front Facing Parcels.** The minimum lot area shall be calculated as the average of the lot areas of the front facing lots along the same side of the street and on the same block, or 4,500 square feet, whichever is greater. The smallest and largest lot areas of the parcels shall be eliminated in the making of the computation.

- **Minimum Lot Area per Multifamily Unit.** The minimum lot area per multifamily unit shall be one thousand (1,000) square feet.
- **Site Design**
 - **Front Yard for Lots on Block Fronts with Three (3) or fewer Front Facing Parcels.**
The required front yard setback shall be calculated as the average of the existing front yard setbacks as measured from the front lot line to the principal structure, excluding permitted encroachments as detailed in Section 9-4, along the opposite side of the street and on the same block or along the same side of the street and on the adjacent block, whichever is lesser. The shortest and longest setbacks shall be eliminated in the making of the computation.
 - **Front Yard for Lots on Block Fronts with Four (4) or more Front Facing Parcels.**
The required front yard setback shall be calculated as the average of the existing front yard setbacks as measured from the front lot line to the principal structure, excluding permitted encroachments as detailed in Section 9-4, along the same side of the street and on the same block. The shortest and longest setbacks shall be eliminated in the making of the computation.
 - **Through Lots.** Shall provide the required front yard on both streets.
 - **Rear Yard.** A rear yard shall have a depth of not less than fifteen percent of the depth of the lot or twenty-five (25) feet, whichever is greater.
 - **Side Yards.** The required minimum side yard setback shall be ten (10) percent of the lot width or five (5) feet, whichever is greater, and the minimum required combined side yard setback shall be twenty five (25) percent of the lot width, or ten (10) feet, whichever is greater as measured to the exterior wall of the structure.
- **Development Intensity**
 - **Maximum Building Coverage.** 45%
 - **Maximum Building Height.** 45 feet or 4 stories.

Use Provisions (Division 10)

- **Multifamily Conversions**
 - **Size.** Each residential unit shall be a minimum of eight hundred (800) square feet.
 - **Location of Entrances.** Only one entrance shall be located on the front façade of the structure.
 - **Driveways.** Each dwelling unit shall be served by one common driveway connecting all units to a public road or alley.
 - **Parking.** Each dwelling unit shall be required to have a minimum of one (1) off-street parking space. Tandem parking spaces (one car parked behind another) shall be prohibited.
- **Office Conversions**
 - **Location of Entrances.** Only one entrance shall be located on the front façade of the structure.
 - **Outdoor Activity/Storage.** No outdoor activity or storage shall be permitted in conjunction with an office conversion use.
 - **Location of Parking.** All off-street parking, as required by Section 12-8 (E) of this UDO, shall be located in the rear of buildings.
 - **Driveways.** Curb cuts and site vehicular access shall be minimized in frequency and width and shall not dominate the site plan or the property and street frontage.
 - **Traffic.** Office conversion uses shall not create pedestrian, automobile, or truck traffic significantly in excess of the normal amount of the district.
 - **Location of Service, Loading, and Utility Areas.** Service areas, dumpsters, utilities, and the required screening thereof shall not be visible from a right-of-way.
 - **Walkways.** Pedestrian access shall be provided to the building entries and parking areas connecting to the sidewalk at the street frontage.

- **Signs.** Office conversion uses shall be permitted one (1) monument sign. The sign shall not exceed six (6) square feet in area nor four (4) feet in height. Sign materials shall complement the building materials, colors, and architectural character of the primary structure.
- **Single-Family Detached New Construction**
 - **Orientation.** The main entrance to a single-family detached dwelling shall face the primary street.
 - **Accessory Buildings and Structures.** Garages, accessory dwelling units, and other accessory buildings and structures shall not be located between the front façade of the primary structure and front lot line. Garages shall be accessed from the alley. If alley access is not available garages may be accessed by a single-slab or ribbon driveway connecting the garage to the right-of-way. Single-slab driveways and driveway aprons for single-slab and ribbon driveways shall meet the standards of **Section 4-4(C)(2)(b)**.
 - **Ribbon Driveway Design Standards.**
 - Ribbons shall be a minimum of two (2) feet wide and a maximum of three (3) feet wide.
 - Ribbons shall be a minimum of three (3) feet apart measured from their nearest edges. The space between ribbons shall be planted in turf grass or other ground cover used in the front yard.
 - Ribbons shall be concrete including decorative concrete, patterned concrete, and exposed aggregate concrete, porous asphalt, concrete pavers, paving blocks, or similar materials approved by the City Engineer.
 - **Architecture.** Single-family detached new construction shall be similar in mass and character to abutting properties including roof pitch, eaves, building materials, windows, trim, color and landscaping.
 - **Quality Materials.** Exterior building materials shall be traditional, time- and weather-tested materials and techniques such as but not limited to masonry, stone veneer systems, stucco, precast panels with inlaid or stamped brick texture.
- **Single-Family Attached New Construction**
 - **Orientation.** The main entrances to a single-family attached dwelling shall face the primary street. ~~Garages and other accessory uses shall face side yards or be located in the rear of the primary structure.~~
 - **Parking.** A minimum of one (1) of the parking spaces, as required in Section 12-8 (E) of this UDO, shall be provided in an attached or detached garage.
 - **Accessory Buildings and Structures.** Garages and other accessory buildings and structures shall be located in the rear of the primary structure. Garages shall be accessed from the alley. If alley access is not available garages may be accessed by a single-slab or ribbon driveway connecting the garage to the right-of-way. Single-slab driveways and driveway aprons for single-slab and ribbon driveways shall meet the standards of **Section 4-4(C)(2)(b)**.
 - **Ribbon Driveway Design Standards.**
 - Ribbons shall be a minimum of two (2) feet wide and a maximum of three (3) feet wide.
 - Ribbons shall be a minimum of three (3) feet apart measured from their nearest edges. The space between ribbons shall be planted in turf grass or other ground cover used in the front yard.
 - Ribbons shall be concrete including decorative concrete, patterned concrete, and exposed aggregate concrete, porous asphalt, concrete pavers, paving blocks, or similar materials approved by the City Engineer.
 - **Architecture.** Single-family attached new construction shall be similar in mass and character to abutting properties including roof pitch, eaves, building materials, windows, trim, color, and landscaping.

Definitions

- **Multifamily Conversion:** A building originally designed or intended to be used principally as a single-family residence, which has been legally converted into use as a multifamily residence.
- **Office Conversion:** A building originally designed or intended to be used principally as a single-family residence, which has been legally converted into use as a commercial business for any of the following related categories, architecture, engineering, planning, law, interior design, insurance, real estate, or any similar type of profession excluding financial services and medical or dental offices or clinics.

Note

The success of the regulations recommended herein are highly dependent on the administration and enforcement capabilities of the City of Bloomington. In order to ensure that all proposed regulations are

enforceable, it is recommended that the City perform a detailed inventory and analysis to establish an exact accounting of existing conditions, including lot widths, lot areas, setbacks, structure location and orientation, number of units per lot, and number of off-street parking spaces per lot in the proposed R-D Downtown Neighborhood Residence District. This inventory will establish all legal nonconforming structures and uses at the time this ordinance is adopted.

RESOLUTION NO. 2020 - 25

A RESOLUTION AUTHORIZING THE INITIATION OF A TEXT AMENDMENT TO THE BLOOMINGTON ZONING ORDINANCE, CHAPTER 44 OF THE CITY CODE, TO ESTABLISH THE R-D DOWNTOWN RESIDENTIAL DISTRICT, AND FUTHER AUTHORIZING THE INITIATION OF MAP AMENDMENTS TO THE OFFICIAL ZONING MAP FOR PROEPRTIES IN THE CITY OF BLOOMINGTON

WHEREAS, the City of Bloomington is a home rule unit of local government with authority to legislate in matters concerning its local government and affairs; and

WHEREAS, pursuant to the Illinois Municipal Code, the City of Bloomington has authority to create and to establish, by ordinance, zoning regulations and districts, and to amend said regulations and districts from time to time; and

WHEREAS, following public testimony during the recent zoning ordinance amendment process in March 2019, it has been determined that the City desires to conduct additional analysis of the R-3B Multifamily Zoning District regulations and application on properties located adjacent to Downtown Bloomington; and

WHEREAS, it was determined that the R-3B Multifamily District may no longer promote and align with the goals of the City of Bloomington Comprehensive Plan 2035 (Resolution 2015-31); and

WHEREAS, the Bloomington Comprehensive Plan 2035 recommends that the City amend its zoning regulations and districts to align with the goals of the Comprehensive Plan; and

WHEREAS, the zoning ordinance is a primary tool for effectuating the goals of the Comprehensive Plan; and

WHEREAS, City staff, working in consultation with the Bloomington Planning Commission, Zoning Board of Appeals, and community stakeholders, have provided to the City Council, on September 28, 2020, a draft potential text amendment, as set forth in Exhibit "A"; and

WHEREAS, the draft text amendment may be subject to revision or amendment through the public hearing and adoption process; and

WHEREAS, upon the adoption of text amendments to the Bloomington Zoning Ordinance, the properties, hereinafter described in Exhibit "B", may have zoning classifications that are no longer compatible with the zoning ordinance, therefore requiring amendments to the Official Zoning Map of the City; and

WHEREAS, pursuant to Chapter 44.17-6 of the Bloomington City Code, the City Council

has the power to pass this resolution to initiate a comprehensive text amendment to Chapter 44 of the Bloomington City Code and to initiate map amendments to the Official Zoning Map, and to direct the Bloomington Planning Commission to hold public hearings on said amendments.

NOW, THEREFORE, BE IT RESOLVED by the City Council of the City of Bloomington, McLean County, Illinois:

1. That the above recitals are incorporated into and made a part of this Resolution as though fully set forth herein.
2. That the City Council directs City staff to initiate the process for adoption of a text amendment to the Bloomington Zoning Ordinance, Chapter 44 of the Bloomington City Code to establish the R-D, Downtown Residential District.
3. That the City Council directs City staff to initiate the map amendment process for multiple properties in the City of Bloomington specified in Exhibit "B", attached hereto and incorporated herein by reference.
4. That the Bloomington Planning Commission shall hold public hearings, after due notice as required by law, on said text and map amendments.

PASSED this 28th day of September 2020.

APPROVED this 30th day of September 2020.

SUBJECT: NOTICE OF PUBLIC HEARINGS

Dear Property Owner:

This letter serves as notice that the City of Bloomington Planning Commission will hold two virtual public hearings initiated by the Bloomington City Council (Resolution 2020-25) on:

- 1). Text amendment to the Bloomington Zoning Ordinance, Chapter 44 of the Bloomington City Code, establishing the R-D, Downtown Residence District and
- 2). Map amendments to the Official Zoning Map for properties in the City of Bloomington

You are receiving this notice since you own property that is currently zoned R-3B and proposed to be changed to D-2. Information regarding the proposed R-D Downtown Residence District is available online at <https://www.cityblm.org/government/departments/community-development/r-3b-analysis>. The proposed district is the result of an investigation of the existing R-3B Zoning District standards.

Said public hearings will be held during the regular meeting of the Bloomington Planning Commission on Wednesday, October 28, 2020 at 4:00 p.m. at www.cityblm.org/live. The Resolution is available for review online <https://www.cityblm.org/planning>. To provide testimony on this item please register at least 15 minutes in advance of the start of the hearing at <https://www.cityblm.org/register>. Public comments can also be emailed at least 15 minutes prior to the start of the meeting to publiccomment@cityblm.org. Members of the public may also attend the meeting at City Hall at 109 E. Olive Street, Bloomington IL 61701. Physical attendance will be limited to the lesser of 50 persons or 50% of room capacity and will require compliance with City Hall COVID-19 protocols and social distancing. The rules for participation by physical attendance may be subject to change due to changes in law or to executive orders relation to the COVID-19 pandemic occurring after the publication of this notice. Changes will be posted at www.cityblm.org/register. This hearing will be accessible to individuals with disabilities in compliance with the ADA and other applicable laws. For special needs please contact the City Clerk at 109 E. Olive St., Bloomington, (309) 434-2240, cityclerk@cityblm.org or TTY at (309) 829-5115.

The agenda and information packet for the hearings will be available approximately one week prior to the Commission meeting on the City of Bloomington website at www.cityblm.org. Please send questions and/or comments to planning@cityblm.org

The City of Bloomington will also host two virtual public meeting/Q&A on the proposed text amendment and map amendments on Tuesday, October 27, 2020 from 5-6 PM and from 6:30-7:30 PM. The public meeting will be hosted through Zoom and livestreamed online at www.cityblm.org/live. Participants must register in advance to receive the Zoom information. Participants may also participate in person at City Hall 109 E Olive Street. A
