Monthly Reports:

- a. Chairman
Robyn spoke about beautification awards. Presentation will be at 7 pm at the city council meeting on October 26. All beautification committee members are encouraged to come.
- b. Assistant Chair, information about the Bloomington Arboretum and John English

Val Dumser spoke about an article from a past newspaper (dated April 25, 2003) issue of the Pantagraph about John English. The Bloomington arboretum had original 12 trees for each Bloomington school. Since then, other

trees have been added for a variety of reasons. The Arboretum was named after John English. The committee suggested that we, as a group, should take a field trip to view it. It is something that the beautification committee might want to promote in the future. The tree book project is directly connected to the arboretum.

The committee discussed having a future meeting at the arboretum.

Val also shared that she has documents from past beautification projects. The committee discussed the importance protecting and archiving the paperwork. Bobby Moews suggested that the Parks and Rec dept. would help to organize and store documents. Saving the paperwork records digitally would be the best option. Mark Larsen and Val will discuss further and give some thought to collection and storage.

c. Awards update, City Council Meeting 10-26 7pm

As previously mentioned, the Bloomington beautification awards will be distributed at the next city council meeting which is Monday October 26th at 7 pm. Amy Davis gave the bills for the awards to Bobby Moews, who will pay the bills for the awards.

d. Clean up week

Robin shared that the beautification committee has previously been involved in clean-up day. The committee discussed whether involvement should continue. The discussion was about how can we, as a committee, get it out to the public? How can we help and be involved? Using social media and Next door neighborhood web site to get the word out was discussed.

We suggested that Nora Dukowicz be invited to an upcoming meeting (January) to help with pushing out the information. A successful clean-up will involve getting the information out to the public. Other ideas included getting sponsors for banners, being stationed at various city parks to pass out garbage bags and get community and neighborhood involvement.

e. Tree Book update

Tree committee has not been able to meet yet. We would like to meet at 5 pm on Thursdays beginning in January 2016, prior to the regular meeting time. Robin will check on the room availability.
