109 EAST OLIVE STREET, BLOOMINGTON, ILLINOIS

MEMBERS PRESENT: Mr. Balmer, Mr. Barnett, Mr. Boyd, Mr. Pearson, Mr. Protzman, Mr. Suess, Mr. Scritchlow, Chairman Stanczak

MEMBERS ABSENT: Ms. Schubert

OTHERS PRESENT: Ms. Katie Simpson, City Planner; Mr. George Boyle, City Attorney, Kevin Kothe, City Engineer.

CALL TO ORDER: Chairman Stanczak called the meeting to order at 4:00 P.M.

ROLL CALL: Mr. Dabareiner called the roll. A quorum was present.

PUBLIC COMMENT: There being no public comments the Commission moved on to approval of the minutes.

MINUTES: The Commission reviewed the June 8, 2016 minutes. Mr. Balmer made two changes then moved to approve the June 8, 2016 minutes; Mr. Scritchlow seconded the motion, which passed unanimously by a voice vote of 8-0.

REGULAR AGENDA:

Z-19-16 Public hearing, review and action on the petition submitted by Ryan Scritchlow requesting approval to rezone the property at 1910 S. Morris Ave. from R-1C Single Family Residential District to B-2 General Business Service District.

Mr. Scritchlow recused himself from the meeting at 4:03PM.

Chairman Stanczak introduced the case. Ms. Simpson presented the staff report and recommended in favor of the rezoning. She reviewed the surrounding uses, characteristics of the existing property and the proposed uses. Ms. Simpson noted the lack of utilities, the need for possible detention in the future, along with a transitional yard requirement. Ms. Simpson indicated the findings of fact supported, in staff's opinion, the rezoning.

Mr. Balmer asked if this was essentially the same case from the Planning Commission's last meeting but with a new petitioner; Ms. Simpson affirmed. Mr. Pearson asked if it was the same case number; Ms. Simpson affirmed. Mr. Boyle explained that the City Attorney's review of the change with the petition allowed it to be the same request, but with the correct petitioner. Mr. Suess asked about the timing for continued use of the house and when it would be demolished

for the business use. Mr. Balmer noted the need for buffering the property, once rezoned, from the residential to its south and east. Ms. Simpson felt the petitioner's representative could respond to these questions .

Mr. Todd Bugg, attorney for the petitioner, was sworn in. He summarized the petitioner's request. Mr. Bugg agreed that his client would install any needed buffering, along with detention and other city code related requirements. He indicated that while there was no timetable for removal of the house, the intention is to move it into a business as soon.

Mr. Bernie Anderson, 12 Hidden Lake, was sworn in. Mr. Anderson stated that the residents in the area support the rezoning.

Chairman Stanczak closed the public hearing. Mr. Protzman motioned to approve the request to rezone the property at 1910 S. Morris Ave. from R-1C to B-2; seconded by Mr. Pearson. The following votes were cast: Mr. Protzman—yes; Mr. Pearson—yes; Mr. Balmer—yes; Mr. Boyd—yes; Mr. Suess—yes; Mr. Barnett—yes; Chairman Stanczak—yes. Motion carried 7-0.

With the case completed, Mr. Scritchlow was invited back to the meeting.

**CITY OF BLOOMINGTON
REPORT FOR THE PLANNING COMMISSION
AUGUST 10, 2016**

SUBJECT:	TYPE:	SUBMITTED BY:
Z-25-16 Annexation agreement and Annexation of 1.50 acres at 2229 Springfield Road Z-26-16 Rezoning for approximately 1.50 acres at 2229 Springfield Road from R-1 (county) to B-1.	The petition submitted by Neil A. Gauger, Trustee of the T&R Trust Dated December 24, 2014 requesting the approval of an annexation agreement, the annexation, and rezoning of the property.	Katie Simpson City Planner

REQUEST

The petitioner is seeking approval of an Annexation Agreement, Annexation, and a Rezoning of approximately 1.50 acres located west of Springfield Road and south of Szarek Drive.

NOTICE

The application has been filed in conformance with applicable procedural and public notice requirements.

GENERAL INFORMATION

Owner and Applicant: Neil A. Gauger, Trustee of the T&R Trust Dated December 24, 2014

PROPERTY INFORMATION

Existing Zoning: R-1 (unincorporated)
Existing Land Use: Vacant, auto storage.

Surrounding Zoning and Land Uses

Zoning

North: R-1, Single Family Residential (unincorporated)

South: R-2, Mixed Residential
East: B-1, Highway Business District
West: R-1C, High Density Single Family Residential

Land Uses

North: Single-family residence, vacant lot
South: Vacant lot
East: Vehicle Storage
West: Single-family houses, noncommercial parking lot

PROJECT DESCRIPTION

The subject property is approximately 1.50 acres of unincorporated, undeveloped land. The petitioner owns property to the east currently used as vehicle storage and a towing business. The petitioner is proposing to expand the existing business to the east, onto the subject property. The subject property is landlocked and would receive access, from Springfield Road, through the lot to the east. The petitioner is proposing adding a hard surface to the lot to facilitate vehicle storage and a driver training/practice area for tow truck employees. The property owner will need to provide detention, in a manner approved by the Engineering Department, if 1,400 square feet of pervious area is disturbed. Additionally, the property does not currently have water or

sewer. In the future, the property is to be developed for residential or a different business that requires utilities, sewer and water will need to be added.

Traditionally annexed land is zoned A-Agriculture, therefore the petitioner is also seeking a rezoning to B-1, Highway Business District. The proposed zoning is compatible with neighboring uses and zonings. The B-1 Zoning will trigger transitional yard requirements along neighboring residential, as well as fencing and screening as outlined in Sections 44.4-5, 44.4-7 and 44.7-2.

ANALYSIS

Submittals

This report is based on the following documents, which are on file with the Community Development Department:

1. Annexation Agreement
2. Petition for a Zoning Map Amendment
3. Plat for property being rezoned
4. Aerial photographs

Compliance with the Comprehensive Plan

The Comprehensive Plan 2035 identifies the retention and expansion of existing businesses as a goal.

Findings of Fact: Pursuant to Chapter 8.5 Section 203(d) of the City's Code "The Planning Commission shall consider the amendment to the Official Zoning Map for the City of Bloomington, McLean County and shall recommend the adoption of such amendment unless the Commission finds that such amendment is not in the public or is solely for the benefit of the person requesting such amendment". In making such a finding the Planning Commission may consider:

1. *The suitability of the subject property for uses authorized by the existing zoning;* the property is currently zoned R-1 (unincorporated). The property does not have utilities. It will be challenging to extend water and sewer to the site, creating practical difficulties for a residential zoning. Additionally, without access, the property is more suitable for the proposed improvements and zoning. The standard is met.
2. *The length of time the property has remained vacant as zoned considered in the context of land development in the area;* the property has never been developed. Neighboring development is of single-family houses and business. It is highly unlikely the property will be developed for residential. The proposed improvements can be considered as appropriate improvements. The standard is met.
3. *The suitability of the subject property for uses authorized in the proposed zoning;* the B-1, Highway Business District if contiguous to the existing property. The district allows for auto-orientated businesses. Given the surrounding residential, the rezoning will trigger transitional yard requirements and screening/fencing. However, due to the

property location and topography, it is unlikely the area would be developed for residential in the near future. The standard is met.

4. *The existing land uses of nearby property;* the proposed rezoning and proposed development are compatible with neighboring uses and zoning districts. Transitional yards are required along residential borders. The standard is met.
5. *Existing zoning of nearby property, relative gain or hardship to the public as contrasted and compared to the hardship or gain of the individual property owner resulting from the approval or denial of the zoning amendment application;* the property owner wishes to develop the property as an extension of the neighboring business. The rezoning should have little impact on neighboring properties. Transitional yards, fencing and screening will mitigate the impact on neighboring residential. The property will also need to accommodate detention and on-site water flow as approved by the Department of Engineering. The standard is met.
6. *The extent to which adequate streets connected to the arterial street system are available or can be reasonably supplied to serve the uses permitted in the proposed zoning district;* the property does not have access, it is landlocked. Access will have to be granted through the neighboring property. There should be little to no impact on the street system. The standard is met.
7. *The extent to which the proposed amendment is consistent with the need to minimize flood damage and whether the development of the subject property for uses permitted in the proposed zoning classification would have a substantial detrimental effect on the drainage patterns in the area;* the petitioner will address detention and drainage in their development; the property owner will need to be conscious of the branch of Sugar Creek which runs through the property and this can be addressed at the time of site review. The standard is met.
8. *The extent to which adequate services (including but not limited to fire and police protection, schools, water supply, and sewage disposal facilities) are available or can be supplied to serve the uses permitted in the proposed zoning classification; and the lot is limited in what it can be developed as.* The proposed parking lot is one of the more feasible improvements for this property.
9. *The extent to which the proposed amendment is consistent with the public interest, giving due consideration for the purpose and intent of Chapter 44, Article 2.00 of the Bloomington City Code-1960, including the following specific purposes:*
 - a. *To conserve and protect the taxable value of land and structures;*
 - b. *To protect the air, water, and land resources within the City from the hazards of pollution and misuse;*
 - c. *To protect land and structures from natural hazards; including flooding and erosion;*
 - d. *To preserve and protect historic locations, structures and groups*

Agenda Items A and B

- e. To preserve and protect and encourage the development of structures, groups of structures, and neighborhoods of distinctive architectural character and appearance;*
- f. To provide for the orderly and functional arrangement of land uses and structures;*
- g. To establish standards for the orderly development or redevelopment of geographic areas within the City;*
- h. To secure for the public locations for housing, employment, shopping, education, and recreation that are adequate in terms of health, safety, convenience and number;*
- i. To facilitate the adequate provision of transportation, water, sewage disposal, schools, parks and other public facilities;*
- j. To conserve and protect natural resources including prime agricultural land, mineral resources and areas of scientific interest;*
- k. To permit public involvement in the planning of private land uses which have the potential for significant impact on the use of enjoyment of surrounding property or on the public resources and facilities of the City of Bloomington; and*
- l. To promote the Official Comprehensive Plan adopted by the City of Bloomington*

The above standard and sub-clauses are met. Staff recognizes items A, B under Section 4 (Developer's Obligations) in the provided agreement as appropriate. If the property is developed in the future to accommodate the need for sewer and water, the tap-on fees will need to be paid at that time. A substandard road fee (commonly found in annexation agreements) in this instance is not applicable since the property does not have frontages, and parkland fee (as explained in Chapter 24) is not required because the development is not residential.

The annexation agreement and rezoning petitions submitted are related; the rezoning is dependent upon the annexation of the property. Additionally Council will consider each item individually, therefore two motions are being proposed.

STAFF RECOMMENDATION:

Staff recommends the Planning Commission pass a motion recommending that the City Council **approve** Case Z-25-16 a petition submitted by Niel A Gauger, Trustee of the T&R Trust Dated December 24, 2014 for the annexation agreement and annexation of 1.50 acres of land, located at 2229 Springfield Road.
