Ayes: Council Members Mathy, Boelen, Mwilambwe, Emig, Painter, Black, and Bray.

The following item was pulled from the Consent Agenda by Council Member Mathy.

Item 7N. Consideration and action on the application of Puma Enterprise, Inc., d/b/a Park Pantry, located at 906 S. Morris Ave., requesting a Class PAS (Package Sales, All Types of Alcohol, and Sunday Sales) liquor license which would allow the sale of all types of packaged alcohol for consumption off the premises seven (7) days a week, as requested by the City Clerk Department. *(Recommended Motion: The proposed License be approved subject to the following conditions: 1. Store closing hours at 11:00 P.M. 2. Install outdoor cameras and outdoor lighting. 3. Liquor sales must be less than 50% of total revenue.)*

Council Member Mathy asked a few questions regarding how the Liquor Commission had intended to monitor the hours of operation and percentage of liquor sales conditions placed on the license.

Mayor Renner, who is also the City's Liquor Commissioner, explained how the Liquor Commission came to add the proposed conditions. He asked Asst. Corporation Counsel George Boyle, who advises the Liquor Commission, to come forward and further address Council Member Mathy's question.

Mr. Boyle stated that, just as any other business selling alcohol in the City, the Bloomington Police Department would be responsible for monitoring the business' hours of operation. He explained that, under the third condition, the Liquor Commission would maintain the right to request business records and receipts for evaluation of liquor sales verses food sales.

Council Member Mathy thanked the Mayor and Mr. Boyle for their time and mentioned the need for a timeline to be set for regular review of business records.

Mr. Boyle provided additional insight and few ideas.

Council Member Mwilambwe expressed concerns about statement from neighbors of the business stating they had not received appropriate notice. He wondered whether the business would possibly consider altering the business model presented.

Council Member Black ask whether Council holds the power to pull a liquor license. Mr. Boyle responded in the affirmative. Council Member Black also stressed that a six-month timeline be added to allow for regular review of the business' records.

Mayor Renner discussed trends the Liquor Commission has seen with other convenience stores.

Council Member Painter suggested that the item be tabled until Council Member Carrillo, who represents Ward 2 in which the establishment sits, could be present to provide her opinion.

Council Member Bray ask Mr. Boyle to define the different liquor licenses the City offers. Mr. Boyle walked through a variety of other license types and a discussion was held regarding single-serve bottles. Council Member Bray expressed interest in putting additional conditions on the license if approved.

Council Member Boelen read a portion of Puma Enterprises' application out loud. She expressed concerns that the proposed store would be similar to the Hot Spot location in eastside Bloomington.

Council Member Emig stated that she received many emails in support of the proposed license. She was sympathetic to the public comment Council had heard and offered support for the item being sent back to the Liquor Commission.

Mayor Renner mentioned that the benefit of sending the item back to the Liquor Commission would be that it would allow the proposed license holder's attorney to also weigh-in on the discussion and conditions.

Council Member Black wanted to find a way to address the concerns heard in Public Comment while also being sure to not limit the business opportunity of a new business wanting to invest in the westside.

Council Member Black made a motion, seconded by Council Member Mathy, to send the item back to the Liquor Commission with express instructions to 1) hold a Special Meeting for a second hearing on the proposed license; 2) ensure appropriate notice to neighbors including providing tonight's meeting minutes; 3) explore options for single-serve ("walk away") sales limitations; 4) set procedure for evaluating the sales of the business including a specific review schedule, and 5) make a recommendation back to Council by the end of the month.

Council Member Mwilambwe discussed making a motion to send the item back to the Liquor Commission for further investigation, but without such specific direction. No second was received, the motion failed on the floor.

Council Member Black offered support for the specificity of his motion on the table.

Council Member Bray supported a less specific motion and expressed concern that the motion on the table contained a presumption that a liquor license would result.

Council Member Black asked questions clarifying whether the item would be returned to Council no matter the recommendation given by the Liquor Commission. Mayor Renner confirmed that it would return.

Council Member Emig confirmed the motion on the table. Mayor Renner and Mr. Boyle clarified procedure.

Mayor Renner directed the Clerk to call the roll, which resulted in the following:

Ayes: Council Members Mathy, Boelen, Mwilambwe, Emig, Painter, Black, and Bray.

Nays: None.

Motion carried.

Council Member Mwilambwe expressed appreciation for his being able to participate in a few events on the Mayor's behalf while he was out. He also complimented Miller Park's Fourth of July events.

Council Member Mathy ask whether Mr. Gleason had any comments about the IDOT Public Hearing. Mr. Gleason clarified that the IDOT Route 9 project is a State project which IDOT has requested the City to weigh-in and concur on. CONSENT AGENDA ITEM NO. 7C

FOR COUNCIL: July 22, 2019

SPONSORING DEPARTMENT: Public Works

SUBJECT: Consideration and action to approve an Agreement with the State of Illinois to jointly pay up to \$600,000 for the design of Hamilton Road from Bunn Street to Commerce Parkway project, and the corresponding Motor Fuel Tax (MFT) Resolution for Improvement Under the Illinois Highway Code to allocate \$600,000 of State MFT funds for the City to front these costs, as requested by the Public Works Department.

RECOMMENDED MOTION: The proposed Agreement and Resolution be approved.

STRATEGIC PLAN LINK: Goals 2. Upgrade City Infrastructure and Facilities; 3. Grow the Local Economy; and 5. Great Place - Livable, Sustainable City.

STRATEGIC PLAN SIGNIFICANCE: Objectives 2a. Better quality roads and sidewalks; 3e. Strong working relationship among the City, businesses, economic development organizations; and 5a. Well-planned City with necessary services and infrastructure.

BACKGROUND: Public Works is recommending the approval of an agreement with the State of Illinois to jointly pay up to \$600,000 for the design of the Hamilton Road from Bunn Street to Commerce Parkway project, and the corresponding Motor Fuel Tax (MFT) Resolution for Improvement Under the Illinois Highway Code to allocate \$600,000 of State MFT funds for the City to front these costs. This design will be completed using 80 percent federal funds (Surface Transportation - Urban) with a 20 percent local match. That means that the City will be reimbursed \$480,000 if the entire \$600,000 is spent. On January 14, 2019, City Council approved an agreement with Hanson Professional Services in the amount of \$558,460.32 to complete the Phase II design. The agreement between the City and the Illinois Department of Transportation (IDOT) is for an amount greater than the agreement between the City and Hanson because IDOT prefers a buffer in the event of a change order. City Council approval would be required prior to spending an amount greater than \$558,460.32.

The extension of Hamilton Road from Bunn Street to Commerce Parkway has been a priority for the City of Bloomington for many years. City Council has set this project as a high priority by approving multiple design contracts, applications for TIGER grants, FASTLANE grants, OneVoice trips, the potential closures of City streets at two railroad crossings, and, most recently, a Resolution to commit to providing construction funds. The current effort to complete this project began in 2015 with a Phase I contract which is scheduled to be completed in the summer of 2019. The City has spent more than \$28 million on the south corridor, starting in the 1990s, and is moving forward on the other unimproved gap in the corridor: Fox Creek Road, from Danbury Drive to Beich Road, which will cost another \$7.4 million.

The current construction estimate for this project is \$12.5 million dollars, assuming an agreement can be made with Norfolk Southern Railway to construct a new at-grade railroad crossing rather than a bridge. Staff included an estimated \$2.5 million dollars to relocate the existing railroad siding storage tracks in the construction estimate. Currently, this amount is budgeted from the City MFT fund. Staff is currently preparing a BUILD grant application that would dedicate Federal funds for the construction of this project and would offset a portion of the currently allocated Surface Transportation - Urban funds.

Hamilton Road - Bunn Street to Commerce Parkway Funding				
Year	Description	Total Cost	Funding Source	
			Local	Federal
2019	Phase II Design	\$558,460.32	\$111,692.06	\$446,768.26
2020	Right-of-Way	\$2,000,000 (Est.)	\$400,000 (Est.)	\$1,600,000 (Est.)
	Railroad Siding Relocation	\$2,500,000 (Est.)	\$2,500,000 (Est.)	\$0
2022	Construction	\$7,400,000 (Est.)	\$1,480,000 (Est.)	\$5,920,000 (Est.)
Total		\$12,458,460.32 (Est.)	\$4,491,692.06 (Est.)	\$7,966,768.26 (Est.)

Hamilton Road, from Bunn Street to Commerce Parkway, is the remaining street segment needed to provide a continuous east-west transportation corridor south of Veterans Parkway (another remaining segment, Fox Creek from Danbury to Beich, is funded and in the design phase.) The Hamilton-Fox Creek corridor is at a critical juncture that relies on a commitment from the City of Bloomington for funding for Construction of the Bunn-to-Commerce segment.

The completed project will:

- Complete an essential east-west arterial from Fox Creek Subdivision to 0.5 miles east of Hershey Road;
- Promote multi-modal transportation from residential and recreational areas to employment centers by connecting multi-use trails that run east and west in the area;
- Facilitate in-fill commercial and residential development as advocated in the Comprehensive Plan;
- Construct approximately 3,000 feet of new four-lane arterial road between Bunn Street and Commerce Parkway;
- Relocate existing Norfolk Southern Railway (NS) sidings;

- Close the intersection of Rhodes Lane and US 150 (Morrissey Drive); and
- Construct a new at-grade crossing with NS.

On August 28, 2017 Council adopted Resolution 2017-30 to commit the City to fund 20 percent of the project once an Illinois Commerce Commission (ICC) Order (which would approve the railroad plan) is passed. This Resolution was critical to show Norfolk Southern that the City is serious about this project. Discussions with Norfolk Southern have progressed since Council adopted the Resolution. The approval of Phase I design (anticipated in August) and commencement of Phase II should help these negotiations as well.

COMMUNITY GROUPS/INTERESTED PERSONS CONTACTED: Staff held a public open house for the Hamilton Road from Bunn Street to Commerce Parkway project on September 22, 2016. Staff invited members of the community to ask questions and provide comments. Those in attendance were largely in favor of the project.

In addition, staff held a public open house for the potential closure of the Roosevelt Avenue and Western Avenue railroad crossings on September 20, 2016. The closures are anticipated to be necessary to add the proposed at-grade crossing at Hamilton Road. A representative of Norfolk Southern Railroad flew in from Atlanta, GA to attend the meeting. Staff invited members of the community to ask questions and provide comments. Those in attendance had concerns but were largely understanding of the situation.

Staff also held a meeting with representatives from State Farm on October 12, 2016. City staff explained the project and the implications to State Farm property.

FINANCIAL IMPACT: Phase II design for this project has a total allocation of \$600,000 of state MFT funds through this Agreement and Resolution. The City will initially encumber up to \$600,000 and then incrementally pay the total and be reimbursed 80 percent with Federal Funds, Surface Transportation - Urban (STU), as the invoices are paid. City Council approval would be required prior to spending in an amount greater than \$558,460.32, which was approved by Council through an agreement with Hanson Professional Services by Council on January 14, 2019 and encumbered on Purchase Order #20190548.

With this agreement with IDOT Surface Transportation - Urban funds are allocated for the Phase II design. These funds were previously budgeted in IDOT's FY 2019-2024 Proposed Highway Improvement Program in the amount of \$800,000. The Federal share of the cost is \$480,000.

COMMUNITY DEVELOPMENT IMPACT: Goal TAQ-1. A safe and efficient network of streets, bicycle-pedestrian facilities and other infrastructure to serve users in any surface transportation mode, Objectives TAQ-1.1. Maintenance and development of a continuous network of arterial, collector and local streets that provides for safe and efficient movement of people, goods and services between existing and proposed residential areas and major activity centers, maximizes walkability, and provides multimodal linkages to the state and interstate highway system; TAQ-1.2. Data-driven transportation infrastructure policy and management; TAQ-1.3. Safe and efficient off-road bicycle trails integrated with direct on-road routes, connecting residential areas to activity centers, developing areas and all other modes of transportation; TAQ-1.4. Pedestrian safety for users of all transportation

facilities with a Sidewalk Master Plan, and sidewalk system that provides safe access throughout the transportation network; TAQ-1.5. Plan for appropriate and safe access to major surface transportation facilities, including arterial and collector streets; and TAQ-1.6. A transportation network that facilitates prompt emergency response and management.

This project would be a great accomplishment for the TAQ-1 goal as well as promote the core value of “Solid Infrastructure”. This section of Hamilton Road runs through an area with a land use priority of Tier 2 with access to City services. Additionally, it would provide better connection, and therefore increase the likelihood of development, for many areas that have a land use priority of Tier 1 and Tier 2.

The Hamilton, Bunn, to Commerce Parkway is also a regional project that provides to McLean County residents and the Bloomington/Normal Urban Area. The project aligns with Goals 1 and 5 of the Regional Long Range Transportation Plan *BN Mobile* which promotes preserving the integrity of our transportation system and improving the quality of the freight and distribution network.

- Goal 1: we will increase the utility of the transportation system to maintain its operational integrity, leverage previous investment and meet future needs.
- Objective 5.2: providing first and last mile infrastructure connections to key facilities that provide access to goods, markets, and modes.

FUTURE OPERATIONAL COST ASSOCIATED WITH NEW FACILITY CONSTRUCTION: N/A

Agreement Provisions

THE LPA AGREES:

- (1) To acquire in its name, or in the name of the **STATE** if on the **STATE** highway system, all right-of-way necessary for this project in accordance with the requirements of Titles II and III of the Uniform Relocation Assistance and Real Property Acquisition Policies Act of 1970, and established State policies and procedures. Prior to advertising for bids, the **LPA** shall certify to the **STATE** that all requirements of Titles II and III of said Uniform Act have been satisfied. The disposition of encroachments, if any, will be cooperatively determined by representatives of the **LPA**, and the **STATE** and the **FHWA**, if required.
- (2) To provide for all utility adjustments, and to regulate the use of the right-of-way of this improvement by utilities, public and private, in accordance with the current Utility Accommodation Policy for Local Agency Highway and Street Systems.
- (3) To provide for surveys and the preparation of plans for the proposed improvement and engineering supervision during construction of the proposed improvement.
- (4) To retain jurisdiction of the completed improvement unless specified otherwise by addendum (addendum should be accompanied by a location map). If the improvement location is currently under road district jurisdiction, an addendum is required.
- (5) To maintain or cause to be maintained, in a manner satisfactory to the **STATE** and the **FHWA**, the completed improvement, or that portion of the completed improvement within its jurisdiction as established by addendum referred to in item 4 above.
- (6) To comply with all applicable Executive Orders and Federal Highway Acts pursuant to the Equal Employment Opportunity and Nondiscrimination Regulations required by the U.S. Department of Transportation.
- (7) To maintain, for a minimum of 3 years after final project close-out by the **STATE**, adequate books, records and supporting documents to verify the amounts, recipients and uses of all disbursements of funds passing in conjunction with the contract; the contract and all books, records and supporting documents related to the contract shall be available for review and audit by the Auditor General and the department; and the **LPA** agrees to cooperate fully with any audit conducted by the Auditor General and the **STATE**; and to provide full access to all relevant materials. Failure to maintain the books, records and supporting documents required by this section shall establish a presumption in favor of the **STATE** for the recovery of any funds paid by the **STATE** under the contract for which adequate books, records and supporting documentation are not available to support their purported disbursement.
- (8) To provide if required, for the improvement of any railroad-highway grade crossing and rail crossing protection within the limits of the proposed improvement.
- (9) To comply with Federal requirements or possibly lose (partial or total) Federal participation as determined by the **FHWA**.
- (10) (State Contracts Only) That the method of payment designated on page one will be as follows:
 - Method A - Lump Sum Payment. Upon award of the contract for this improvement, the **LPA** will pay to the **STATE** within thirty (30) calendar days of billing, in lump sum, an amount equal to 80% of the **LPA**'s estimated obligation incurred under this Agreement. The **LPA** will pay to the **STATE** the remainder of the **LPA**'s obligation (including any nonparticipating costs) within thirty (30) calendar days of billing in a lump sum, upon completion of the project based on final costs.
 - Method B - Monthly Payments. Upon award of the contract for this improvement, the **LPA** will pay to the **STATE**, a specified amount each month for an estimated period of months, or until 80% of the **LPA**'s estimated obligation under the provisions of the Agreement has been paid, and will pay to the **STATE** the remainder of the **LPA**'s obligation (including any nonparticipating costs) in a lump sum, upon completion of the project based upon final costs.
 - Method C - Progress Payments. Upon receipt of the contractor's first and subsequent progressive bills for this improvement, the **LPA** will pay to the **STATE** within thirty (30) calendar days of receipt, an amount equal to the **LPA**'s share of the construction cost divided by the estimated total cost, multiplied by the actual payment (appropriately adjusted for nonparticipating costs) made to the contractor until the entire obligation incurred under this Agreement has been paid.

Failure to remit the payment(s) in a timely manner as required under Methods A, B, or C, shall allow the **STATE** to internally offset, reduce, or deduct the arrearage from any payment or reimbursement due or about to become due and payable from the **STATE** to **LPA** on this or any other contract. The **STATE**, at its sole option, upon notice to the **LPA**, may place the debt into the Illinois Comptroller's Offset System (15 ILCS 405/10.05) or take such other and further action as may be required to recover the debt.
- (11) (Local Contracts or Day Labor) To provide or cause to be provided all of the initial funding, equipment, labor, material and services necessary to construct the complete project.
- (12) (Preliminary Engineering) In the event that right-of-way acquisition for, or actual construction of, the project for which this preliminary engineering is undertaken with Federal participation is not started by the close of the tenth fiscal year following the fiscal year in which the project is federally authorized, the **LPA** will repay the **STATE** any Federal funds received under the terms of this Agreement.
- (13) (Right-of-Way Acquisition) In the event that the actual construction of the project on this right-of-way is not undertaken by the close of the twentieth fiscal year following the fiscal year in which the project is federally authorized, the **LPA** will repay the **STATE** any Federal Funds received under the terms of this Agreement.

- (14) (Railroad Related Work Only) The estimates and general layout plans for at-grade crossing improvements should be forwarded to the Rail Safety and Project Engineer, Room 204, Illinois Department of Transportation, 2300 South Dirksen Parkway, Springfield, Illinois, 62764. Approval of the estimates and general layout plans should be obtained prior to the commencement of railroad related work. All railroad related work is also subject to approval by the Illinois Commerce Commission (ICC). Final inspection for railroad related work should be coordinated through appropriate IDOT District Bureau of Local Roads and Streets office.
- Plans and preemption times for signal related work that will be interconnected with traffic signals shall be submitted to the ICC for review and approval prior to the commencement of work. Signal related work involving interconnects with state maintained traffic signals should also be coordinated with the IDOT's District Bureau of Operations.
- The **LPA** is responsible for the payment of the railroad related expenses in accordance with the **LPA**/railroad agreement prior to requesting reimbursement from IDOT. Requests for reimbursement should be sent to the appropriate IDOT District Bureau of Local Roads and Streets office.
- Engineer's Payment Estimates shall be in accordance with the Division of Cost on page one.
- (15) And certifies to the best of its knowledge and belief its officials:
- (a) are not presently debarred, suspended, proposed for debarment, declared ineligible or voluntarily excluded from covered transactions by any Federal department or agency;
 - (b) have not within a three-year period preceding this Agreement been convicted of or had a civil judgment rendered against them for commission of fraud or a criminal offense in connection with obtaining, attempting to obtain, or performing a public (Federal, State or local) transaction or contract under a public transaction; violation of Federal or State antitrust statutes or commission of embezzlement, theft, forgery, bribery, falsification or destruction of records, making false statements receiving stolen property;
 - (c) are not presently indicted for or otherwise criminally or civilly charged by a governmental entity (Federal, State, local) with commission of any of the offenses enumerated in item (b) of this certification; and
 - (d) have not within a three-year period preceding the Agreement had one or more public transactions (Federal, State, local) terminated for cause or default.
- (16) To include the certifications, listed in item 15 above, and all other certifications required by State statutes, in every contract, including procurement of materials and leases of equipment.
- (17) (State Contracts) That execution of this agreement constitutes the **LPA's** concurrence in the award of the construction contract to the responsible low bidder as determined by the **STATE**.
- (18) That for agreements exceeding \$100,000 in federal funds, execution of this Agreement constitutes the **LPA's** certification that:
- (a) No Federal appropriated funds have been paid or will be paid, by or on behalf of the undersigned, to any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress or any employee of a Member of Congress in connection with the awarding of any Federal contract, the making of any cooperative agreement, and the extension, continuation, renewal, amendment or modification of any Federal contract, grant, loan or cooperative agreement;
 - (b) If any funds other than Federal appropriated funds have been paid or will be paid to any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress or an employee of a Member of Congress, in connection with this Federal contract, grant, loan or cooperative agreement, the undersigned shall complete and submit Standard Form-LLL, "Disclosure Form to Report Lobbying", in accordance with its instructions;
 - (c) The **LPA** shall require that the language of this certification be included in the award documents for all subawards at all tiers (including subcontracts, subgrants and contracts under grants, loans and cooperative agreements) and that all subrecipients shall certify and disclose accordingly.
- (19) To regulate parking and traffic in accordance with the approved project report.
- (20) To regulate encroachments on public right-of-way in accordance with current Illinois Compiled Statutes.
- (21) To regulate the discharge of sanitary sewage into any storm water drainage system constructed with this improvement in accordance with current Illinois Compiled Statutes.
- (22) To complete this phase of the project within three (3) years from the date this agreement is approved by the **STATE** if this portion of the project described in the Project Description does not exceed \$1,000,000 (five years if the project costs exceed \$1,000,000).
- (23) To comply with the federal Financial Integrity Review and Evaluation (FIRE) program, which requires States and subrecipients to justify continued federal funding on inactive projects. 23 CFR 630.106(a)(5) defines an inactive project as a project which no expenditures have been charged against Federal funds for the past twelve (12) months.
- To keep projects active, invoicing must occur a minimum of one time within any given twelve (12) month period. However, to ensure adequate processing time, the first invoice shall be submitted to the **STATE** within six (6) months of the federal authorization date. Subsequent invoices will be submitted in intervals not to exceed six (6) months.
- (24) The **LPA** will submit supporting documentation with each request for reimbursement from the **STATE**. Supporting documentation is defined as verification of payment, certified time sheets or summaries, vendor invoices, vendor receipts, cost plus fix fee invoice, progress report, and personnel and direct cost summaries and other documentation supporting the requested reimbursement amount (Form BLRS 05621 should be used for consultant invoicing purposes). **LPA** invoice requests to the **STATE** will be submitted with sequential invoice numbers by project.

The **LPA** will submit to the **STATE** a complete and detailed final invoice with applicable supporting documentation of all incurred costs, less previous payments, no later than twelve (12) months from the date of completion of this phase of the improvement or from the date of the previous invoice, which ever occurs first. If a final invoice is not received within this time frame, the most recent invoice may be considered the final invoice and the obligation of the funds closed.

- (25) The **LPA** shall provide the final report to the appropriate **STATE** district within twelve months of the physical completion date of the project so that the report may be audited and approved for payment. If the deadline cannot be met, a written explanation must be provided to the district prior to the end of the twelve months documenting the reason and the new anticipated date of completion. If the extended deadline is not met, this process must be repeated until the project is closed. Failure to follow this process may result in the immediate close-out of the project and loss of further funding.
- (26) (Single Audit Requirements) That if the **LPA** expends \$750,000 or more a year in federal financial assistance they shall have an audit made in accordance with 2 CFR 200. **LPAs** expending less than \$750,000 a year shall be exempt from compliance. A copy of the audit report must be submitted to the **STATE** (Office of Finance and Administration, Audit Coordination Section, 2300 South Dirksen Parkway, Springfield, Illinois, 62764), within 30 days after the completion of the audit, but no later than one year after the end of the **LPA's** fiscal year. The CFDA number for all highway planning and construction activities is 20.205.

Federal funds utilized for construction activities on projects let and awarded by the **STATE** (denoted by an "X" in the State Contract field at the top of page 1) are not included in a **LPA's** calculation of federal funds expended by the **LPA** for Single Audit purposes.

- (27) That the **LPA** is required to register with the System for Award Management or SAM (formerly Central Contractor Registration (CCR)), which is a web-enabled government-wide application that collects, validates, stores, and disseminates business information about the federal government's trading partners in support of the contract award and the electronic payment processes. To register or renew, please use the following website: <https://www.sam.gov/portal/public/SAM/#1>.

The **LPA** is also required to obtain a Dun & Bradstreet (D&B) D-U-N-S Number. This is a unique nine digit number required to identify subrecipients of federal funding. A D-U-N-S number can be obtained at the following website: <http://fedgov.dnb.com/webform>.

THE STATE AGREES:

- (1) To provide such guidance, assistance and supervision and to monitor and perform audits to the extent necessary to assure validity of the **LPA's** certification of compliance with Titles II and III requirements.
- (2) (State Contracts) To receive bids for the construction of the proposed improvement when the plans have been approved by the **STATE** (and **FHWA**, if required) and to award a contract for construction of the proposed improvement, after receipt of a satisfactory bid.
- (3) (Day Labor) To authorize the **LPA** to proceed with the construction of the improvement when Agreed Unit Prices are approved, and to reimburse the **LPA** for that portion of the cost payable from Federal and/or State funds based on the Agreed Unit Prices and Engineer's Payment Estimates in accordance with the Division of Cost on page one.
- (4) (Local Contracts) For agreements with Federal and/or State funds in engineering, right-of-way, utility work and/or construction work:
- (a) To reimburse the **LPA** for the Federal and/or State share on the basis of periodic billings, provided said billings contain sufficient cost information and show evidence of payment by the **LPA**;
- (b) To provide independent assurance sampling, to furnish off-site material inspection and testing at sources normally visited by **STATE** inspectors of steel, cement, aggregate, structural steel and other materials customarily tested by the **STATE**.

IT IS MUTUALLY AGREED:

- (1) Construction of the project will utilize domestic steel as required by Section 106.01 of the current edition of the Standard Specifications for Road and Bridge Construction and federal Buy America provisions.
- (2) That this Agreement and the covenants contained herein shall become null and void in the event that the **FHWA** does not approve the proposed improvement for Federal-aid participation within one (1) year of the date of execution of this Agreement.
- (3) This Agreement shall be binding upon the parties, their successors and assigns.
- (4) For contracts awarded by the **LPA**, the **LPA** shall not discriminate on the basis of race, color, national origin or sex in the award and performance of any USDOT – assisted contract or in the administration of its DBE program or the requirements of 49 CFR part 26. The **LPA** shall take all necessary and reasonable steps under 49 CFR part 26 to ensure nondiscrimination in the award and administration of USDOT – assisted contracts. The **LPA's** DBE program, as required by 49 CFR part 26 and as approved by USDOT, is incorporated by reference in this Agreement. Upon notification to the recipient of its failure to carry out its approved program, the **STATE** may impose sanctions as provided for under part 26 and may, in appropriate cases, refer the matter for

enforcement under 18 U.S.C. 1001 and/or the Program Fraud Civil Remedies Act of 1986 (31U.S.C. 3801 et seq.). In the absence of a USDOT – approved **LPA** DBE Program or on State awarded contracts, this Agreement shall be administered under the provisions of the **STATE's** USDOT approved Disadvantaged Business Enterprise Program.

- (5) In cases where the **STATE** is reimbursing the **LPA**, obligations of the **STATE** shall cease immediately without penalty or further payment being required if, in any fiscal year, the Illinois General Assembly or applicable Federal Funding source fails to appropriate or otherwise make available funds for the work contemplated herein.
- (6) All projects for the construction of fixed works which are financed in whole or in part with funds provided by this Agreement and/or amendment shall be subject to the Prevailing Wage Act (820 ILCS 130/0.01 et seq.) unless the provisions of that Act exempt its application.

REGULAR AGENDA ITEM NO. 7D

FOR COUNCIL: July 22, 2019

SPONSORING DEPARTMENT: City Clerk

SUBJECT: Consideration and action on an Ordinance Suspending Portions of Chapter 6 of the Bloomington City Code Prohibiting Possession of Open Alcohol in Public for the Second Annual Pride Fest to be held in Portions of Downtown Bloomington on Saturday, July 27, 2019, as requested by the City Clerk Department.

RECOMMENDED MOTION: The proposed Ordinance be approved.

STRATEGIC PLAN LINK: Goal 5. Great place - livable, sustainable City.

STRATEGIC PLAN SIGNIFICANCE: Objective 5d. Appropriate leisure and recreational opportunities responding to the needs of residents.

BACKGROUND: The Bloomington Liquor Commission met on July 9, 2019, to consider the Request from Momma Inc., dba The Bistro for Suspension of Portions of Chapter 6 of the Bloomington City Code Prohibiting Possession of Open Alcohol in Public for an Outdoor Summer Concert on Saturday, July 27, 2019, from 12:00 p.m. to 11:00 p.m. The request will close Center St. from Washington St. to the alleyway before Monroe St., and Jefferson St. from Main St. to the alley after the Illinois House, and Main St. from Washington to Jefferson.

Present: Commissioner Lindsey Powell and Commissioner Jim Jordan; Absent: Commissioner Tari Renner; Staff present: George Boyle, Asst. Corporation Counsel; Dan Donath, Asst. Police Chief; and Amanda Mohan, Deputy City Clerk.

Jan Lancaster, owner of The Bistro, addressed the Commission. This will be the second year for the festival. No major changes are expected, with the exception that alcohol will be sold outside of The Bistro with a Secondary Premise License, to relieve congestion issues resulting from all liquor sales occurring inside The Bistro at last year's event.

Commissioner Jordan asked if she was aware of other vendors that would be participating in selling alcohol at the event in addition to The Bistro and if the wristbands are specific to the event.

Jan Lancaster responded stating wristbands are specific to the event and there are no other vendors in the area, to her knowledge, that would be participating.

Commissioner Jordan asked Dan Donath, Assistance Police Chief, to come forward and address any concerns from the Police Department including barricades and security.

The Police had no concerns as they had no complaints from last year.

Commissioner Powell mentioned she believed the event went over well last year.

Commissioner Powell made a motion, seconded by Commissioner Jordan, to approve.

Commissioner Jordan directed the Clerk to call the roll, which resulted in the following:

Ayes: Commissioners Powell and Jordan.

Absent: Commissioner Renner.

Nays: None.

Motion carried.

The Bistro has a Class TAS (Tavern, All Types of Alcohol, and Sunday Sales) liquor license.

CITY OF
Bloomington ILLINOIS
CONSENT AGENDA ITEM NO. 7E

FOR COUNCIL: July 22, 2019

SPONSORING DEPARTMENT: Public Works

SUBJECT: Consideration and action to approve a Lake Bloomington Lease Transfer of Lot 3, Block 5 in Camp Kickapoo, from Stephen and Marlene Lau to the petitioners, Daniel and Courtney Lau, as requested by the Public Works Department.

RECOMMENDED MOTION: The proposed Lease Transfer be approved.

STRATEGIC PLAN LINK: Goal 1. Financially sound City providing quality basic services.

STRATEGIC PLAN SIGNIFICANCE: Objective 1a. Budget with adequate resources to support defined services and level of services.

BACKGROUND: The Public Works Department is recommending the approval of a Petition for the Lake Bloomington Lease Transfer of Lot 3, Block 5 in Camp Kickapoo. Lot 3 has a residence, a septic system and a boat dock.

A licensed septic inspector, Kenneth Koons, inspected the septic system on May 2, 2018, and noted minor deficiencies, though found the septic system to be in good repair, functioning properly and within the size requirements of the McLean County Health Department. The McLean County Health Department noted that the system had failed in 2011, however, a multi-flow system was installed to bring the failed system back into compliance. The Health Department does not feel that the current system needs any changes and that the system is functioning properly at this time.

Staff has investigated the property and found no deficiencies or ordinance violations.

There is currently one boat dock on the subject lot. The proposed lessee will need to obtain a permit, after signing the lease, in order to comply with all applicable ordinances.

COMMUNITY GROUPS/INTERESTED PERSONS CONTACTED: N/A

FINANCIAL IMPACT: This petition will have a financial impact in that the current lease uses the formula of \$0.15 per \$100.00 Equalized Assessed Value for determining the Lake Lease Fee. With this transfer, the Lake Lease formula will increase to the current formula of \$0.40 per \$100.00 of Equalized Assessed Value. With the increased lake lease formula, this lease income will generate approximately \$808.18 per year in lease income in addition to \$128.28 for garbage pickup. Lease revenue is posted into the Lake Maintenance Lease Income account (50100140-57590). The Garbage Collection fee is recorded in the Lake Maintenance Other Charges for Services account (50100140-54990). Stakeholders can locate this in the FY 2020 Budget Book titled "Other Funds & Capital Improvements" on page 124.

COMMUNITY DEVELOPMENT IMPACT: Goal UEW-1 Provide quality public infrastructure within the City to protect public health, safety and the environment, Objective UEW-1.5 Reliable water supply and distribution system that meets the needs of the current and future residents.

FUTURE OPERATIONAL COST ASSOCIATED WITH NEW FACILITY CONSTRUCTION: N/A

Respectfully submitted for Council consideration.

LAKE BLOOMINGTON LEASE

THIS LEASE is entered into on the 8TH day of DECEMBER, 1997 between the City of Bloomington, a municipal corporation, of McLean County, Illinois, hereinafter called "City," and Stephen Lau + Marlene Lau (if more than one Lessee, cross out 2 of the following that do not apply) (as joint tenants) (as tenants in common) (as tenants by the entirety) of [REDACTED], County of McLean, State of Illinois, hereinafter called "Lessee," Cook

WITNESSETH

In consideration of the mutual covenants hereinafter contained, the parties agree as follows:

1. PREMISES. The "City" leases to Lessee the following described real estate owned by the City in the vicinity of Lake Bloomington, Illinois as follows:

Lot 03 in Block 05 in Camp Kickapoo, according to the private unrecorded plat of the ground belonging to the City located around Lake Bloomington in Hudson and Money Creek Townships in McLean County, Illinois.

2. TERM OF LEASE. The term of this Lease shall be for a term commencing (cross out the one that does not apply) (on the date of this Lease) (on January 1 following the date of this Lease) and terminating on December 31, 2131, unless sooner terminated as provided in this Lease.

3. RENT.

A. Lessee shall pay as rent yearly, in advance, on or before the first day of January of each year, the amount designated hereafter:

1) If this Lease is executed prior to January 1, 1998, rent shall be charged at the rate of 15¢ (\$.15) per \$100 of equalized assessed value (hereafter EAV) for said property, including land and improvements, as determined by the Supervisor of Assessments of McLean County, Illinois. Said rate will remain in effect upon assignment of this Lease to (a) Lessee's spouse or to a corporation, trust or other entity created by Lessee or Lessee's spouse if Lessee or Lessee's spouse occupies the property immediately after said assignment, or (b) a Lessee

who paid fair market value for the property (i.e., a purchaser) prior to January 1, 1998 for the assignment of the prior Lease.

~~2) If this Lease is executed by a Lessee who, after December 31, 1997, paid fair market value for an assignment of a Lease on which the rent was 15¢ (\$.15) per \$100 EAV, the rent shall be charged at the rate of 40¢ (\$.40) per \$100 EAV. This rate will remain in effect throughout the remainder of the term of this Lease regardless of subsequent assignments thereafter.~~

~~3) If the Lessee is not eligible for the 15¢ (\$.15) or 40¢ (\$.40) per \$100 EAV rental rate, the rent shall be charged at the rate of 15¢ (\$.15) per \$100 EAV.~~

SELECT THE RENT TO BE PAID BY CROSSING OUT 2 OF THE 3 RENT OPTIONS.

B. In the event the system of real estate taxation is changed from its present basis of assessment at no more than one-third of market value, the assessed value as then determined by the Supervisor of Assessments of McLean County will be adjusted so that it will reflect no more than one-third of the market value of the premises. If assessed value is no longer used as the basis of taxation, then the annual changes in the Consumer Price Index, or successor index, for all items for the Chicago region, published by the United States Department of Labor will be the basis for determining changes in the property value for purpose of calculating the annual rent with the following condition. Either City or Lessee may review the value of the property as adjusted by the Consumer Price Index every five years to compare it to the actual fair market value of the property. If the property value determined by the formula set forth in this lease is five percent (5%) or more greater or less than the actual fair market value of the property, the rent for that year shall be recalculated using one third of the actual fair market value and rent adjustments for all subsequent years shall be based on the actual fair market value as adjusted for changes in the Consumer Price Index. If the Consumer Price Index or its successor index is no longer published by the United States Department of Labor or is no longer used, an appropriate economic indicator will be used to determine the annual change in rent, if any.

4. REAL ESTATE TAXES. Lessee shall pay all real estate taxes levied during the term of this Lease against said premises and improvements thereon by the State of Illinois or any subdivision thereof.

5. IMPROVEMENTS. Lessee shall be permitted to make improvements upon the premises that are in compliance with the laws of the State of Illinois and the ordinances of the City and the County of McLean. The ordinances of the City shall be in full force and effect and in the same manner as if the above-described premises were located within the boundaries of the City of Bloomington. Prior to commencement of construction of any improvements, Lessee shall be required to petition and receive approval from all governmental bodies having jurisdiction over said premises.

6. SEPTIC SYSTEM. Lessee agrees to comply with all sanitary laws and regulations of any governmental body having jurisdiction over the leased premises. Lessee agrees at all times to use Lessee's property in such manner and dispose of the sewage generated from said property so as not to contaminate the waters of Lake Bloomington. When a public sanitary sewer is made available to serve the leased premises, the City shall have a right to require Lessee to connect to the sewer within a reasonable time after notice is given.

7. WATER. Lessee shall be permitted to purchase water from the City through water mains provided by the City, and Lessee will pay the rates in effect from time to time for water sold to Lake Bloomington customers. Lessee agrees not to pump water directly from Lake Bloomington except for the purpose of watering and maintaining lawns and other landscape materials on the leased premises, and such pumping shall cease at any time there are and for as long as there are restrictions in effect for the City of Bloomington that restrict the watering of lawns.

8. GARBAGE. City will provide weekly garbage service at a fee to be set by the City from time to time, which shall be in addition to the annual rent paid by Lessee. However, so long as no residence is located on the leased premises, no fee for garbage collection will be paid by Lessee.

9. ASSIGNMENT. Lessee shall not have the right to sell, assign, or transfer this Lease or to rent, sublet or to allow other persons to occupy the premises without the written consent of the City. However, the City shall not withhold its consent to a sale, assignment or transfer of this Lease if Lessee is not in default as defined in paragraph 13 and the sale, assignment or transfer is made in accordance with all applicable City ordinances and such rules and regulations as adopted by the City from time to time pursuant to paragraph 10. City will promptly issue a new Lease to the new Lessee containing the same terms as this lease. Thereupon, this Lease will automatically terminate and the parties will be freed of any obligations thereunder. Lessee shall have the right to mortgage Lessee's interest in said premises, but Lessee shall not have the right to mortgage the interest of City in the premises.

10. RULES & REGULATIONS. Lessee and those occupying the leased premises are subject to such reasonable rules and regulations as may be adopted by Lessor from time to time after notice of hearing on such proposed rules and regulations is given to Lessee.

11. USE OF AND ACCESS TO LAKE. Lessee and those persons lawfully occupying the leased premises shall have the right to use Lake Bloomington for boating, swimming, fishing, and other recreational uses, but shall be subject to the reasonable rules and regulations of Lessor, which rules and regulations will apply equally to Lessees of Lake Bloomington property and the public generally. City grants to Lessee an easement for access to Lake Bloomington over property owned by the City lying between the shoreline of Lake Bloomington and the boundary of the leased premises.

12. TREE CUTTING. No trees on the leased premises shall be removed without the permission of the City except that Lessee can trim trees for safety, plant health, or aesthetic reasons, and Lessee may remove dead trees from the leased premises.

13. DEFAULT. If Lessee defaults in the payment of rent or defaults in the performance of any of the covenants or conditions hereof, City may give to Lessee notice of such default and, if Lessee does not cure any rent default within thirty (30) days, or other default within sixty (60) days after the giving of such notice or, if such other default is of such nature that it cannot be completely be cured within such sixty (60) days, if Lessee does not commence such curing within such sixty (60) days and thereafter proceed with reasonable diligence and in good faith to cure such default, then Lessor may terminate this Lease on not less than thirty (30) days notice to Lessee and, on the date specified in said notice, the term of this Lease shall terminate and Lessee shall then quit and surrender the premises to City. If this Lease shall have been so terminated by City, City may, at any time thereafter, resume possession of the premises by any lawful means and remove Lessee or other occupants and their effects. Remedies of City hereunder are in addition to any other remedy allowed by law.

14. TERMINATION BY LESSEE. Lessee shall have the right to terminate this Lease upon sixty (60) days written notice to the City of Bloomington and, in that event, Lessee may remove any improvements from the property and shall restore the ground to the condition it was in when first leased to the City. Any improvements remaining on the property after the Lease terminates shall be deemed abandoned by the Lessee and shall become the property of the City.

15. EMINENT DOMAIN. If the leased premises or any part thereof is taken or damaged by eminent domain or the threat thereof, the just compensation received in payment shall be divided between City and Lessee as follows:

That portion of the award for the taking and/or damaging the City's remainder interest in the land following the expiration of this Lease shall be paid to City. That portion of the award for the taking or damaging the leasehold interest of Lessee in the leased premises or the improvements located thereon shall be paid to Lessee.

16. PRIOR LEASE TERMINATED. If there is in effect upon the execution of this Lease a prior Lease between the City and Lessee covering the same premises as this Lease, then said Lease is terminated as of the commencement of the term on this Lease as set forth in Paragraph 2.

17. NOTICE. Any notice by either party to the other shall be in writing and shall be deemed to be duly given if delivered personally or mailed postpaid by regular mail, except that a notice given under Paragraph 12 must be delivered personally or mailed by registered or certified mail in a postpaid envelope, addressed as follows:

Re: Lot 3, Block 5 in Camp Kickapoo Lake Lease Transfer

A petition and Lake Lease Transfer request has been submitted for Lot 3, Block 5 in Camp Kickapoo, from Stephen and Marlene Lau to the petitioner, Daniel and Courtney Lau.

This petition will have a financial impact in that the current lease uses the formula of \$0.15 per \$100.00 Equalized Assessed Value for determining the Lake Lease Fee. With this transfer, the Lake Lease formula will increase to the current formula of \$0.40 per \$100.00 of Equalized Assessed Value. With the increased lake lease formula, this lease income will generate approximately \$808.18 per year in lease income in addition to \$128.28 for garbage pickup. Parcel #08-07-127-003
Lot 191, Lake Bloomington – Kickapoo Subdivision

Dear Mr. Lau:

On May 10, 2018, this department received a septic system evaluation report from Mr. Kenneth Koons, a McLean County licensed private sewage system installer, regarding the above-referenced property. The septic system evaluation was performed on May 1, 2018 and the following deficiencies were noted:

- The seepage field is installed up to 6" deeper than allowed by current code. This may remain as is until the septic system is repaired or replaced.
- The pump chamber does not have dual pumps or adequate reserve volume above the pumping level of the chamber. The sand filter component of this septic system was determined to be failing in 2011 and was taken out of service at that time. The sand filter is currently being used for reserve storage capacity for the pump system which is typically only allowed under the provision of a variance. This department has no record on file of a variance to use the sand filter in this manner. This may remain as is until the septic system is repaired or replaced.
- The alarm for the pump system is located in the laundry room. This may remain as is until the septic system is repaired or replaced.
- There is currently not a maintenance contract in place for the aerobic treatment unit. This department recommends that the unit be maintained in accordance with the manufacturer's instructions.

In summary, the septic system was installed in 1977 and is now approximately 41 years old. This office considers the average life expectancy of a septic system to be 20 to 25 years. For information on routine operation and maintenance of your septic system, please visit our website at www.health.mcleancountyil.gov.

Hi Joe,

Based on the evaluation there do not appear to be any operational issues. I would recommend requiring maintenance. The latest evaluation indicates there was no maintenance contract in place.

An aerobic treatment unit (ATU) requires evaluation and maintenance at least once every 6 months. Usually the system is evaluated by a Private Sewage Disposal System Installation Contractor. The Illinois Department of Public Health as a form on their website that can be used to document. The records could be sent to the City or McLean County Health Department. Although we do not have the resources to verify if they are not being done. If the records are maintained by the owner the records should be required to be transferred from owner to owner, kept for the life of the system, and be available upon request.

Respectfully,

John Hendershott

Hello John,

We are going to the City Council on July 22 for the subject property lease transfer. We had a phone call conversation about this property several weeks ago. Can you please respond to this email with your thoughts about the condition of the system and whether or not you feel to be in good working condition? We will need to update our Council Memo with your email.

I apologize for needing this right of way

Thank you,

EVALUATION REPORT FOR A MCLEAN COUNTY PRIVATE SEWAGE DISPOSAL SYSTEM

For Office Use Only

Log #: _____
Date Received: _____

This form is to be used for all inspections or evaluations of existing septic systems in McLean County. It is essential that the inspection be as complete as possible to determine the condition of the entire system. This includes interviewing the person who resides at or uses the building the septic system serves. Please complete all sections of the form that apply to the septic system you are evaluating. The tank must be uncovered with the baffles, liquid and sludge depths checked. At a minimum, the field must be probed to determine if there is water standing in the trenches. Upon probing, if it is determined there is water standing in the trenches, the Health Department highly recommends a minimum of two locations in the trenches be exposed to determine the condition of the rock and pipe. Any sign the system is failing or has not functioned properly must be thoroughly documented on this report. Place all comments in the comment section on the last page.

*This evaluation is **NOT FINAL** until the McLean County Health Department has reviewed the information in this evaluation and issued a letter regarding the information to the parties listed in the evaluation.*

Comments:

This section is to include any maintenance (pumping) repairs or problems in the history of the septic system. Write any observations and/or conclusions made by probing or excavating the seepage field or sand filter. A serial distribution system must include the condition of each level of field or trench.

ON 5-1-18 I, Kenneth D. Kears, inspected the septic system at [REDACTED] Upon Day of inspection everything was operating properly at this time. Address in records was [REDACTED] needs changed. All Discharges to correct locations. Multi-Flo 500 gpd tank levels & operation looked good. Socks changed & tank pumped 2016 (per owner). Minor paper on top of inner lid from soap suds (common with new socks) - recommend low sudsing detergents, Pump chamber with Alarm in laundry room & new single pump recently, Alarm for Multi-Flo in laundry also - both checked OK. Single pump is/ approximately 50 gallon capacity pump chamber using sand filter for Chamber Volume. Sand Filter Probed Clean - 3 Probes. Septic leech Field across road on city property checked clean - 4 probes. Trace of water only in first 40' (Rest Dry). No Vent on Sand Filter. No Chlorination - (No surface Discharge). Water line is said to be sleeved as old paper work.
* Maintenance/Service Contract Needed

This is the condition I found the septic system on this day. This evaluation is not and should not be considered a guarantee of how the sewage disposal system may function at any time in the future.

In consideration of the mutual covenants hereinafter con-
tained, the parties agree as follows:

1. PREMISES. The City leases to Lessee the following
described real estate owned by the City in the vicini-
ty of Lake Bloomington, Illinois as follows:

Lot 3 in Block 5 in Camp Kickapoo according to the
private unrecorded plat of the ground belonging to the City located around Lake Bloomington in
Hudson and Money Creek Townships in McLean County, Illinois.

2. TERM OF LEASE. The term of this Lease shall be for a term commencing ~~(cross out the one
that does not apply)~~ (on the date of this Lease) (on January 1 following the date of this Lease)
and terminating on December 31, 2131, unless sooner terminated as provided in this Lease.

3. RENT.

LESSEE'S NOTICE: This lease form, including the rental rate, is currently under review
by the City of Bloomington City Council (see City Code: Chapter 23, Section 58). Once
City staff has completed the updates to the lease form, it will be provided to you and will
thereafter be subject to City Council approval. Note for leases with an end date, prior to
this transfer, of January 1, 2032 or earlier, the updated lease form is likely to include a
change in the rental rate of this transfer and therefore, the rate change will also be applied
to this lease effective January 1, 2032 to December 31, 2131.

(SELECT THE RENT TO BE PAID BY CROSSING OUT 2 OF THE 3 RENT OPTIONS.)

- A. Lessee shall pay as rent yearly, in advance, on or before the first day of January of each
year, the amount designated hereafter:

- 1) If this Lease is executed prior to January 1, 1998, rent shall be charged at the rate
of 15¢ (\$.15) per \$100 of equalized assessed value (hereafter EAV) for said property, in-
cluding land and improvements, as determined by the Supervisor of Assessments of

McLean County, Illinois. Said rate will remain in effect upon assignment of this Lease to (a) Lessee's spouse or to a corporation, trust or other entity created by Lessee or Lessee's spouse if Lessee or Lessee's spouse occupies the property immediately after said assignment, or (b) a Lessee who paid fair market value for the property (i.e., a purchaser) prior to January 1, 1998 for the assignment of the prior Lease.

2) If this Lease is executed by a Lessee who, after December 31, 1997, paid fair market value for an assignment of a Lease on which the rent was 15¢ (\$.15) per \$100 EAV, the rent shall be charged at the rate of 40¢ (\$.40) per \$100 EAV. This rate will remain in effect throughout the remainder of the term of this Lease regardless of subsequent assignments thereafter.

3) If the Lessee is not eligible for the 15¢ (\$.15) or 40¢ (\$.40) per \$100 EAV rental rate, the rent shall be charged at the rate of ____¢ (\$.____) per \$100 EAV.

(SELECT THE RENT TO BE PAID BY CROSSING OUT 2 OF THE 3 RENT OPTIONS.)

B. In the event the system of real estate taxation is changed from its present basis of assessment at no more than one-third of market value, the assessed value as then determined by the Supervisor of Assessments of McLean County will be adjusted so that it will reflect no more than one-third of the market value of the premises. If assessed value is no longer used as the basis of taxation, then the annual changes in the Consumer Price Index, or successor index, for all items for the Chicago region, published by the United States Department of Labor will be the basis for determining changes in the property value for purpose of calculating the annual rent with the following condition. Either City or Lessee may review the value of the property as adjusted by the Consumer Price Index every five years to compare it to the actual fair market value of the property. If the property value determined by the formula set forth in this lease is five percent (5%) or more greater or less than the actual fair market value of the property, the rent for that year shall be recalculated using one third of the actual fair market value and rent adjustments for all subsequent years shall be based on the actual fair market value as adjusted for changes in the Consumer Price Index. If the Consumer Price Index or its successor index is no longer published by the United States Department of Labor or is no longer used, an appropriate economic indicator will be used to determine the annual change in rent, if any.

4. REAL ESTATE TAXES. Lessee shall pay all real estate taxes levied during the term of this Lease against said premises and improvements thereon by the State of Illinois or any subdivision thereof.
5. IMPROVEMENTS. Lessee shall be permitted to make improvements upon the premises that are in compliance with the laws of the State of Illinois and the ordinances of the City and the County of McLean. The ordinances of the City shall be in full force and effect and in the same manner as if the above-described premises were located within the boundaries of the City of Bloomington. Prior to commencement of construction of any improvements, Lessee shall be required to petition and receive approval from all governmental bodies having jurisdiction over said premises.
6. SEPTIC SYSTEM. Lessee agrees to comply with all sanitary laws and regulations of any governmental body having jurisdiction over the leased premises. Lessee agrees at all times to use Lessee's property in such manner and dispose of the sewage generated from said property so as not to contaminate the waters of Lake Bloomington. When a public sanitary sewer is made available to serve the leased premises, the City shall have a right to require Lessee to connect to the sewer within a reasonable time after notice is given.

- 5
7. **WATER.** Lessee shall be permitted to purchase water from the City through water mains provided by the City, and Lessee will pay the rates in effect from time to time for water sold to Lake Bloomington customers. Lessee agrees not to pump water directly from Lake Bloomington except for the purpose of watering and maintaining lawns and other landscape materials on the leased premises, and such pumping shall cease at any time there are and for as long as there are restrictions in effect for the City of Bloomington that restrict the watering of lawns.
 8. **GARBAGE.** City will provide weekly garbage service at a fee to be set by the City from time to time, which shall be in addition to the annual rent paid by Lessee. However, so long as no residence is located on the leased premises, no fee for garbage collection will be paid by Lessee.
 9. **ASSIGNMENT.** Lessee shall not have the right to sell, assign, or transfer this Lease or to rent, sublet or to allow other persons to occupy the premises without the written consent of the City. However, the City shall not withhold its consent to a sale, assignment or transfer of this Lease if Lessee is not in default as defined in paragraph 13 and the sale, assignment or transfer is made in accordance with all applicable City ordinances and such rules and regulations as adopted by the City from time to time pursuant to paragraph 10. City will promptly issue a new Lease to the new Lessee containing the same terms as this lease. Thereupon, this Lease will automatically terminate and the parties will be freed of any obligations thereunder. Lessee shall have the right to mortgage Lessee's interest in said premises, but Lessee shall not have the right to mortgage the interest of City in the premises.
 10. **RULES & REGULATIONS.** Lessee and those occupying the leased premises are subject to such reasonable rules and regulations as may be adopted by Lessor from time to time after notice of hearing on such proposed rules and regulations is given to Lessee.
 11. **USE OF AND ACCESS TO LAKE.** Lessee and those persons lawfully occupying the leased premises shall have the right to use Lake Bloomington for boating, swimming, fishing, and other recreational uses, but shall be subject to the reasonable rules and regulations of Lessor, which rules and regulations will apply equally to Lessees of Lake Bloomington property and the public generally. City grants to Lessee an easement for access to Lake Bloomington over property owned by the City lying between the shoreline of Lake Bloomington and the boundary of the leased premises.
 12. **TREE CUTTING.** No trees on the leased premises shall be removed without the permission of the City except that Lessee can trim trees for safety, plant health, or aesthetic reasons, and Lessee may remove dead trees from the leased premises.
 13. **DEFAULT.** If Lessee defaults in the payment of rent or defaults in the performance of any of the covenants or conditions hereof, City may give to Lessee notice of such default and, if Lessee does not cure any rent default within thirty (30) days, or other default within sixty (60) days after the giving of such notice or, if such other default is of such nature that it cannot be completely cured within such sixty (60) days, if Lessee does not commence such curing within such sixty (60) days and thereafter proceed with reasonable diligence and in good faith to cure such default, then Lessor may terminate this Lease on not less than thirty (30) days notice to Lessee and, on the date specified in said notice, the term of this Lease shall terminate and Lessee shall then quit and surrender the premises to City. If this Lease shall have been so terminated by City, City may, at any time thereafter, resume possession of the premises by any lawful means and remove Lessee or other occupants and their effects. Remedies of City hereunder are in addition to any other remedy allowed by law.
 14. **TERMINATION BY LESSEE.** Lessee shall have the right to terminate this Lease upon sixty (60) days written notice to the City of Bloomington and, in that event, Lessee may remove any

improvements from the property and shall restore the ground to the condition it was in when first leased to the City. Any improvements remaining on the property after the Lease terminates shall be deemed abandoned by the Lessee and shall become the property of the City.

15. EMINENT DOMAIN. If the leased premises or any part thereof is taken or damaged by eminent domain or the threat thereof, the just compensation received in payment shall be divided between City and Lessee as follows:

That portion of the award for the taking and/or damaging the City's remainder interest in the land following the expiration of this Lease shall be paid to City. That portion of the award for the taking or damaging the leasehold interest of Lessee in the leased premises or the improvements located thereon shall be paid to Lessee.

16. PRIOR LEASE TERMINATED. If there is in effect upon the execution of this Lease a prior Lease between the City and Lessee covering the same premises as this Lease, then said Lease is terminated as of the commencement of the term on this Lease as set forth in Paragraph 2.

17. NOTICE. Any notice by either party to the other shall be in writing and shall be deemed to be duly given if delivered personally or mailed postpaid by regular mail, except that a notice given under Paragraph 12 must be delivered personally or mailed by registered or certified mail in a postpaid envelope, addressed as follows:

CONSENT AGENDA ITEM NO. 7F

FOR COUNCIL: July 22, 2019

SPONSORING DEPARTMENT: Public Works

SUBJECT: Consideration and action to approve a Lake Bloomington Lease Transfer of Lot 3 in Camp Eagle Pointe, from Edmonson Family Trust to the petitioners, Megan Dortenzo and Thomas Carey, as requested by the Public Works Department.

RECOMMENDED MOTION: The proposed Lease Transfer be approved.

STRATEGIC PLAN LINK: Goal 1. Financially sound City providing quality basic services.

STRATEGIC PLAN SIGNIFICANCE: Objective 1a. Budget with adequate resources to support defined services and level of services.

BACKGROUND: The Public Works Department is recommending the approval of a Petition for the Lake Bloomington Lease Transfer of Lot 3 in Camp Eagle Pointe. Lot 3 has a residence, a shared septic system and a boat dock, as well as a shared dock with Lot 4 in Camp Eagle Pointe.

A licensed septic inspector, Rob Williamson, inspected the septic system on April 10, 2019, and found the septic system to be in good repair and within the size requirements of the McLean County Health Department. The evaluation report, dated April 10, 2019, indicates the sand filter is being shared by other homes. Both the evaluator and the McLean County Health Department believe the sand filter to be functioning properly. Staff has investigated the property and found no deficiencies or ordinance violations.

There is currently a boat dock and a shared boat dock (permitted jointly with Camp Eagle Pointe, Lot 4 tenant) on the subject lot. The proposed lessee will need to obtain a permit, after signing the lease, in order to comply with all applicable ordinances.

COMMUNITY GROUPS/INTERESTED PERSONS CONTACTED: N/A

FINANCIAL IMPACT: This petition will have a financial impact in that the current lease uses the formula of \$0.15 per \$100.00 Equalized Assessed Value for determining the Lake Lease Fee. With this transfer, the Lake Lease formula will increase to the current formula of \$0.40 per \$100.00 of Equalized Assessed Value. With the increased lake lease formula, this lease income will generate approximately \$943.48 per year in lease income in addition to \$128.28 for garbage pickup. Lease revenue is posted into the Lake Maintenance Lease Income account (50100140-57590). The Garbage Collection fee is recorded in the Lake Maintenance Other Charges for Services account (50100140-54990). Stakeholders can locate this in the FY 2020 Budget Book titled "Other Funds & Capital Improvements" on page 124.

COMMUNITY DEVELOPMENT IMPACT: Goal UEW-1 Provide quality public infrastructure within the City to protect public health, safety and the environment, Objective UEW-1.5 Reliable water supply and distribution system that meets the needs of the current and future residents.

LAKE BLOOMINGTON LEASE

THIS LEASE is entered into on the 2nd day of December, 1997 between the City of Bloomington, a municipal corporation, of McLean County, Illinois, hereinafter called "City," and James W. Edmondson & Susanne M. Edmondson as Trustees of the Edmondson Family Trust, dated August 3, 1990 (if more than one Lessee, cross out 2 of the following that do not apply) (as joint tenants) (as tenants in common) (as tenants by the entirety) of Hudson, County of McLean, State of Illinois, hereinafter called "Lessee,"

WITNESSETH

In consideration of the mutual covenants hereinafter contained, the parties agree as follows:

1. PREMISES. The City leases to Lessee the following described real estate owned by the City in the vicinity of Lake Bloomington, Illinois as follows:

Lot 03 in Block 00 in Camp Eagle Pointe, according to the private unrecorded plat of the ground belonging to the City located around Lake Bloomington in Hudson and Money Creek Townships in McLean County, Illinois.

2. TERM OF LEASE. The term of this Lease shall be for a term commencing (cross out the one that does not apply) (on the date of this Lease) (on January 1 following the date of this Lease) and terminating on December 31, 2131, unless sooner terminated as provided in this Lease.

3. RENT.

A. Lessee shall pay as rent yearly, in advance, on or before the first day of January of each year, the amount designated hereafter:

1) If this Lease is executed prior to January 1, 1998, rent shall be charged at the rate of 15¢ (\$.15) per \$100 of equalized assessed value (hereafter EAV) for said property, including land and improvements, as determined by the Supervisor of Assessments of McLean County, Illinois. Said rate will remain in effect upon assignment of this Lease to (a) Lessee's spouse or to a corporation, trust or other entity created by Lessee or Lessee's spouse if Lessee or Lessee's spouse occupies the property immediately after said assignment, or (b) a Lessee

who paid fair market value for the property (i.e., a purchaser) prior to January 1, 1998 for the assignment of the prior Lease.

~~2) If this Lease is executed by a Lessee who, after December 31, 1997, paid fair market value for an assignment of a Lease on which the rent was 15¢ (\$.15) per \$100 EAV, the rent shall be charged at the rate of 40¢ (\$.40) per \$100 EAV. This rate will remain in effect throughout the remainder of the term of this Lease regardless of subsequent assignments thereafter.~~

~~3) If the Lessee is not eligible for the 15¢ (\$.15) or 40¢ (\$.40) per \$100 EAV rental rate, the rent shall be charged at the rate of ____¢ (\$.____) per \$100 EAV.~~

SELECT THE RENT TO BE PAID BY CROSSING OUT 2 OF THE 3 RENT OPTIONS.

B. In the event the system of real estate taxation is changed from its present basis of assessment at no more than one-third of market value, the assessed value as then determined by the Supervisor of Assessments of McLean County will be adjusted so that it will reflect no more than one-third of the market value of the premises. If assessed value is no longer used as the basis of taxation, then the annual changes in the Consumer Price Index, or successor index, for all items for the Chicago region, published by the United States Department of Labor will be the basis for determining changes in the property value for purpose of calculating the annual rent with the following condition. Either City or Lessee may review the value of the property as adjusted by the Consumer Price Index every five years to compare it to the actual fair market value of the property. If the property value determined by the formula set forth in this lease is five percent (5%) or more greater or less than the actual fair market value of the property, the rent for that year shall be recalculated using one third of the actual fair market value and rent adjustments for all subsequent years shall be based on the actual fair market value as adjusted for changes in the Consumer Price Index. If the Consumer Price Index or its successor index is no longer published by the United States Department of Labor or is no longer used, an appropriate economic indicator will be used to determine the annual change in rent, if any.

4. REAL ESTATE TAXES. Lessee shall pay all real estate taxes levied during the term of this Lease against said premises and improvements thereon by the State of Illinois or any subdivision thereof.

5. IMPROVEMENTS. Lessee shall be permitted to make improvements upon the premises that are in compliance with the laws of the State of Illinois and the ordinances of the City and the County of McLean. The ordinances of the City shall be in full force and effect and in the same manner as if the above-described premises were located within the boundaries of the City of Bloomington. Prior to commencement of construction of any improvements, Lessee shall be required to petition and receive approval from all governmental bodies having jurisdiction over said premises.

6. SEPTIC SYSTEM. Lessee agrees to comply with all sanitary laws and regulations of any governmental body having jurisdiction over the leased premises. Lessee agrees at all times to use Lessee's property in such manner and dispose of the sewage generated from said property so as not to contaminate the waters of Lake Bloomington. When a public sanitary sewer is made available to serve the leased premises, the City shall have a right to require Lessee to connect to the sewer within a reasonable time after notice is given.

7. WATER. Lessee shall be permitted to purchase water from the City through water mains provided by the City, and Lessee will pay the rates in effect from time to time for water sold to Lake Bloomington customers. Lessee agrees not to pump water directly from Lake Bloomington except for the purpose of watering and maintaining lawns and other landscape materials on the leased premises, and such pumping shall cease at any time there are and for as long as there are restrictions in effect for the City of Bloomington that restrict the watering of lawns.

8. GARBAGE. City will provide weekly garbage service at a fee to be set by the City from time to time, which shall be in addition to the annual rent paid by Lessee. However, so long as no residence is located on the leased premises, no fee for garbage collection will be paid by Lessee.

9. ASSIGNMENT. Lessee shall not have the right to sell, assign, or transfer this Lease or to rent, sublet or to allow other persons to occupy the premises without the written consent of the City. However, the City shall not withhold its consent to a sale, assignment or transfer of this Lease if Lessee is not in default as defined in paragraph 13 and the sale, assignment or transfer is made in accordance with all applicable City ordinances and such rules and regulations as adopted by the City from time to time pursuant to paragraph 10. City will promptly issue a new Lease to the new Lessee containing the same terms as this lease. Thereupon, this Lease will automatically terminate and the parties will be freed of any obligations thereunder. Lessee shall have the right to mortgage Lessee's interest in said premises, but Lessee shall not have the right to mortgage the interest of City in the premises.

10. RULES & REGULATIONS. Lessee and those occupying the leased premises are subject to such reasonable rules and regulations as may be adopted by Lessor from time to time after notice of hearing on such proposed rules and regulations is given to Lessee.

11. USE OF AND ACCESS TO LAKE. Lessee and those persons lawfully occupying the leased premises shall have the right to use Lake Bloomington for boating, swimming, fishing, and other recreational uses, but shall be subject to the reasonable rules and regulations of Lessor, which rules and regulations will apply equally to Lessees of Lake Bloomington property and the public generally. City grants to Lessee an easement for access to Lake Bloomington over property owned by the City lying between the shoreline of Lake Bloomington and the boundary of the leased premises.

12. TREE CUTTING. No trees on the leased premises shall be removed without the permission of the City except that Lessee can trim trees for safety, plant health, or aesthetic reasons, and Lessee may remove dead trees from the leased premises.

13. DEFAULT. If Lessee defaults in the payment of rent or defaults in the performance of any of the covenants or conditions hereof, City may give to Lessee notice of such default and, if Lessee does not cure any rent default within thirty (30) days, or other default within sixty (60) days after the giving of such notice or, if such other default is of such nature that it cannot be completely be cured within such sixty (60) days, if Lessee does not commence such curing within such sixty (60) days and thereafter proceed with reasonable diligence and in good faith to cure such default, then Lessor may terminate this Lease on not less than thirty (30) days notice to Lessee and, on the date specified in said notice, the term of this Lease shall terminate and Lessee shall then quit and surrender the premises to City. If this Lease shall have been so terminated by City, City may, at any time thereafter, resume possession of the premises by any lawful means and remove Lessee or other occupants and their effects. Remedies of City hereunder are in addition to any other remedy allowed by law.

14. TERMINATION BY LESSEE. Lessee shall have the right to terminate this Lease upon sixty (60) days written notice to the City of Bloomington and, in that event, Lessee may remove any improvements from the property and shall restore the ground to the condition it was in when first leased to the City. Any improvements remaining on the property after the Lease terminates shall be deemed abandoned by the Lessee and shall become the property of the City.

15. EMINENT DOMAIN. If the leased premises or any part thereof is taken or damaged by eminent domain or the threat thereof, the just compensation received in payment shall be divided between City and Lessee as follows:

That portion of the award for the taking and/or damaging the City's remainder interest in the land following the expiration of this Lease shall be paid to City. That portion of the award for the taking or damaging the leasehold interest of Lessee in the leased premises or the improvements located thereon shall be paid to Lessee.

16. PRIOR LEASE TERMINATED. If there is in effect upon the execution of this Lease a prior Lease between the City and Lessee covering the same premises as this Lease, then said Lease is terminated as of the commencement of the term on this Lease as set forth in Paragraph 2.

17. NOTICE. Re: Lot 3 in Camp Eagle Pointe Lake Lease Transfer

A petition and Lake Lease Transfer request has been submitted for Lot 3 in Camp Eagle Pointe, from Edmonson Family Trust to the petitioner, Megan Dortenzo and Thomas Carey.

EAV for this property is \$\$235,870. The Lake Lease is currently at a rate of \$0.15 per \$100.00 of EAV. The Lake Lease rate will increase \$0.40 per \$100.00 of EAV.

This petition will have a financial impact in that the current lease uses the formula of \$0.15 per \$100.00 Equalized Assessed Value for determining the Lake Lease Fee. With this transfer, the Lake Lease formula will increase to the current formula of \$0.40 per \$100.00 of Equalized Assessed Value. With the increased lake lease formula, this lease income will generate approximately \$943.48 per year in lease income in addition to \$128.28 for garbage pickup. This lake lease income will be posted to the Lake Maintenance-Lease Income account (50100140-57590).

Re: Septic Permit #92-8461
Parcel #07-01-458-007
Lot 3, Lake Bloomington – Eagle Pointe Subdivision

Dear Mr. & Mrs. Edmondson:

On April 10, 2019, this department received a septic system evaluation report from Mr. Rob Williamson, a McLean County licensed private sewage system installer, regarding the above-referenced property. The septic system evaluation was performed on April 9, 2019 and the following deficiency was noted:

- There is not a screw-on type cap present on the chlorinator. This must be provided.
A screw on cap has been provided and verified on April 24, 2019.

As the current owner of a surface discharging septic system (sand filter, aerobic treatment unit, etc.), this office is informing you of State wide changes in regulations regarding the operation and ownership of such discharging septic systems. They include the following:

1. As of February 10, 2014, any proposed new or replacement surface discharging system must have coverage under a National Pollutant Discharge Elimination System (NPDES) permit prior to installation. For more information, please visit our website at <https://health.mcleancountyil.gov>.
2. Routine sampling of the effluent discharged from the system and the reporting of the laboratory results to a regulatory agency or agencies.
3. The cost of effluent sampling and any additional treatment components needed to keep the system compliant with permit requirements will be the responsibility of the owner of the system.
4. The Illinois Department of Public Health (IDPH) now requires additional operation and maintenance for on-site wastewater treatment systems repaired or installed after January 1, 2014.
5. Future regulations may be implemented by the Illinois Environmental Protection Agency (IEPA) and/or the IDPH for systems constructed prior to February 10, 2014.

In summary, the septic system was installed in 1992 and is now approximately 27 years old. This office considers the average life expectancy of a septic system to be 20 to 25 years. The property has been used seasonally and may evaluate differently under normal use conditions.

For information on routine operation and maintenance of your septic system, please visit our website at <https://health.mcleancountyil.gov>.

EVALUATION REPORT FOR A MCLEAN COUNTY PRIVATE SEWAGE DISPOSAL SYSTEM

For Office Use Only

Log #:

Date Received:

This form is to be used for all inspections or evaluations of existing septic systems in McLean County. It is essential that the inspection be as complete as possible to determine the condition of the entire system. This includes interviewing the person who resides at or uses the building the septic system serves. Please complete all sections of the form that apply to the septic system you are evaluating. The tank must be uncovered with the baffles, liquid and sludge depths checked. At a minimum, the field must be probed to determine if there is water standing in the trenches. Upon probing, if it is determined there is water standing in the trenches, the Health Department highly recommends a minimum of two locations in the trenches be exposed to determine the condition of the rock and pipe. Any sign the system is failing or has not functioned properly, must be thoroughly documented on this report. Place all comments in the comment section on the last page.

This evaluation is NOT FINAL until the McLean County Health Department has reviewed the information in this evaluation and issued a letter regarding the information to the parties listed in the evaluation.

Comments:

This section is to include any maintenance (pumping) repairs or problems in the history of the septic system. Write any observations and/or conclusions made by probing or excavating the seepage field or sand filter. A serial distribution system must include the condition of each level of field or trench.

The septic tank does not need to be pumped at this time but it should be checked regularly and pumped as needed in the future. The sand filter chlorinator has a slip-on cap rather than a screw-on cap. The sand filter is shared with other houses so I am assuming it is still sized correctly for the number of bedrooms in the houses being served by it. This septic system appears to be functioning at this time.

This is the condition I found the septic system on this day. This evaluation is not and should not be considered a guarantee nor does it imply warranty of how the sewage disposal system may function at any time in the future.

LAKE BLOOMINGTON LEASE

THIS LEASE is entered into on the 27th day of August, 2019
between the City of Bloomington, a municipal corporation,
of McLean County, Illinois, hereinafter called CITY and
MEGAN DORTENZO / THOMAS CAREY

(if more than one Lessee, cross out 2 of the following
that do not apply) (~~as joint tenants~~) (~~as tenants in common~~)
(as tenants by the entirety) of, HUDSON,
County of McLean, State of Illinois, hereinafter called "Les-
see,"

WITNESSETH

In consideration of the mutual covenants hereinafter con-
tained, the parties agree as follows:

1. PREMISES. The City leases to Lessee the following
described real estate owned by the City in the vicini-
ty of Lake Bloomington, Illinois as follows:

Lot 3 in Block — in Camp EAGLE POINTE according to the
private unrecorded plat of the ground belonging to the City located around Lake Bloomington in
Hudson and Money Creek Townships in McLean County, Illinois.

2. TERM OF LEASE. The term of this Lease shall be for a term commencing (**cross out the one
that does not apply**) (on the date of this Lease) (~~on January 1 following the date of this Lease~~)
and terminating on December 31, 2131, unless sooner terminated as provided in this Lease.
3. RENT.

LESSEE'S NOTICE: This lease form, including the rental rate, is currently under review
by the City of Bloomington City Council (see City Code: Chapter 23, Section 58). Once
City staff has completed the updates to the lease form, it will be provided to you and will
thereafter be subject to City Council approval. Note for leases with an end date, prior to
this transfer, of January 1, 2032 or earlier, the updated lease form is likely to include a
change in the rental rate of this transfer and therefore, the rate change will also be applied
to this lease effective January 1, 2032 to December 31, 2131.

(SELECT THE RENT TO BE PAID BY CROSSING OUT 2 OF THE 3 RENT OPTIONS.)

- A. Lessee shall pay as rent yearly, in advance, on or before the first day of January of each
year, the amount designated hereafter:

1) ~~If this Lease is executed prior to January 1, 1998, rent shall be charged at the rate
of 15¢ (\$.15) per \$100 of equalized assessed value (hereafter EAV) for said property, in-
cluding land and improvements, as determined by the Supervisor of Assessments of~~

~~McLean County, Illinois. Said rate will remain in effect upon assignment of this Lease to (a) Lessee's spouse or to a corporation, trust or other entity created by Lessee or Lessee's spouse if Lessee or Lessee's spouse occupies the property immediately after said assignment, or (b) a Lessee who paid fair market value for the property (i.e., a purchaser) prior to January 1, 1998 for the assignment of the prior Lease.~~

2) If this Lease is executed by a Lessee who, after December 31, 1997, paid fair market value for an assignment of a Lease on which the rent was 15¢ (\$.15) per \$100 EAV, the rent shall be charged at the rate of 40¢ (\$.40) per \$100 EAV. This rate will remain in effect throughout the remainder of the term of this Lease regardless of subsequent assignments thereafter.

~~3) If the Lessee is not eligible for the 15¢ (\$.15) or 40¢ (\$.40) per \$100 EAV rental rate, the rent shall be charged at the rate of _____ ¢ (\$._____) per \$100 EAV.~~

(SELECT THE RENT TO BE PAID BY CROSSING OUT 2 OF THE 3 RENT OPTIONS.)

B. In the event the system of real estate taxation is changed from its present basis of assessment at no more than one-third of market value, the assessed value as then determined by the Supervisor of Assessments of McLean County will be adjusted so that it will reflect no more than one-third of the market value of the premises. If assessed value is no longer used as the basis of taxation, then the annual changes in the Consumer Price Index, or successor index, for all items for the Chicago region, published by the United States Department of Labor will be the basis for determining changes in the property value for purpose of calculating the annual rent with the following condition. Either City or Lessee may review the value of the property as adjusted by the Consumer Price Index every five years to compare it to the actual fair market value of the property. If the property value determined by the formula set forth in this lease is five percent (5%) or more greater or less than the actual fair market value of the property, the rent for that year shall be recalculated using one third of the actual fair market value and rent adjustments for all subsequent years shall be based on the actual fair market value as adjusted for changes in the Consumer Price Index. If the Consumer Price Index or its successor index is no longer published by the United States Department of Labor or is no longer used, an appropriate economic indicator will be used to determine the annual change in rent, if any.

4. REAL ESTATE TAXES. Lessee shall pay all real estate taxes levied during the term of this Lease against said premises and improvements thereon by the State of Illinois or any subdivision thereof.
5. IMPROVEMENTS. Lessee shall be permitted to make improvements upon the premises that are in compliance with the laws of the State of Illinois and the ordinances of the City and the County of McLean. The ordinances of the City shall be in full force and effect and in the same manner as if the above-described premises were located within the boundaries of the City of Bloomington. Prior to commencement of construction of any improvements, Lessee shall be required to petition and receive approval from all governmental bodies having jurisdiction over said premises.
6. SEPTIC SYSTEM. Lessee agrees to comply with all sanitary laws and regulations of any governmental body having jurisdiction over the leased premises. Lessee agrees at all times to use Lessee's property in such manner and dispose of the sewage generated from said property so as not to contaminate the waters of Lake Bloomington. When a public sanitary sewer is made available to serve the leased premises, the City shall have a right to require Lessee to connect to the sewer within a reasonable time after notice is given.

7. WATER. Lessee shall be permitted to purchase water from the City through water mains provided by the City, and Lessee will pay the rates in effect from time to time for water sold to Lake Bloomington customers. Lessee agrees not to pump water directly from Lake Bloomington except for the purpose of watering and maintaining lawns and other landscape materials on the leased premises, and such pumping shall cease at any time there are and for as long as there are restrictions in effect for the City of Bloomington that restrict the watering of lawns.
8. GARBAGE. City will provide weekly garbage service at a fee to be set by the City from time to time, which shall be in addition to the annual rent paid by Lessee. However, so long as no residence is located on the leased premises, no fee for garbage collection will be paid by Lessee.
9. ASSIGNMENT. Lessee shall not have the right to sell, assign, or transfer this Lease or to rent, sublet or to allow other persons to occupy the premises without the written consent of the City. However, the City shall not withhold its consent to a sale, assignment or transfer of this Lease if Lessee is not in default as defined in paragraph 13 and the sale, assignment or transfer is made in accordance with all applicable City ordinances and such rules and regulations as adopted by the City from time to time pursuant to paragraph 10. City will promptly issue a new Lease to the new Lessee containing the same terms as this lease. Thereupon, this Lease will automatically terminate and the parties will be freed of any obligations thereunder. Lessee shall have the right to mortgage Lessee's interest in said premises, but Lessee shall not have the right to mortgage the interest of City in the premises.
10. RULES & REGULATIONS. Lessee and those occupying the leased premises are subject to such reasonable rules and regulations as may be adopted by Lessor from time to time after notice of hearing on such proposed rules and regulations is given to Lessee.
11. USE OF AND ACCESS TO LAKE. Lessee and those persons lawfully occupying the leased premises shall have the right to use Lake Bloomington for boating, swimming, fishing, and other recreational uses, but shall be subject to the reasonable rules and regulations of Lessor, which rules and regulations will apply equally to Lessees of Lake Bloomington property and the public generally. City grants to Lessee an easement for access to Lake Bloomington over property owned by the City lying between the shoreline of Lake Bloomington and the boundary of the leased premises.
12. TREE CUTTING. No trees on the leased premises shall be removed without the permission of the City except that Lessee can trim trees for safety, plant health, or aesthetic reasons, and Lessee may remove dead trees from the leased premises.
13. DEFAULT. If Lessee defaults in the payment of rent or defaults in the performance of any of the covenants or conditions hereof, City may give to Lessee notice of such default and, if Lessee does not cure any rent default within thirty (30) days, or other default within sixty (60) days after the giving of such notice or, if such other default is of such nature that it cannot be completely cured within such sixty (60) days, if Lessee does not commence such curing within such sixty (60) days and thereafter proceed with reasonable diligence and in good faith to cure such default, then Lessor may terminate this Lease on not less than thirty (30) days notice to Lessee and, on the date specified in said notice, the term of this Lease shall terminate and Lessee shall then quit and surrender the premises to City. If this Lease shall have been so terminated by City, City may, at any time thereafter, resume possession of the premises by any lawful means and remove Lessee or other occupants and their effects. Remedies of City hereunder are in addition to any other remedy allowed by law.
14. TERMINATION BY LESSEE. Lessee shall have the right to terminate this Lease upon sixty (60) days written notice to the City of Bloomington and, in that event, Lessee may remove any

improvements from the property and shall restore the ground to the condition it was in when first leased to the City. Any improvements remaining on the property after the Lease terminates shall be deemed abandoned by the Lessee and shall become the property of the City.

15. EMINENT DOMAIN. If the leased premises or any part thereof is taken or damaged by eminent domain or the threat thereof, the just compensation received in payment shall be divided between City and Lessee as follows:

That portion of the award for the taking and/or damaging the City's remainder interest in the land following the expiration of this Lease shall be paid to City. That portion of the award for the taking or damaging the leasehold interest of Lessee in the leased premises or the improvements located thereon shall be paid to Lessee.

16. PRIOR LEASE TERMINATED. If there is in effect upon the execution of this Lease a prior Lease between the City and Lessee covering the same premises as this Lease, then said Lease is terminated as of the commencement of the term on this Lease as set forth in Paragraph 2.

17. NOTICE. Any notice by either party to the other shall be in writing and shall be deemed to be duly given if delivered personally or mailed postpaid by regular mail, except that a notice given under Paragraph 12 must be delivered personally or mailed by registered or certified mail in a postpaid envelope, addressed as follows:

STRATEGIC PLAN SIGNIFICANCE: Objective 1c. Engaged residents that are well informed and involved in an open governance process and Objective 5E. More attractive City, commercial areas and neighborhoods.

BACKGROUND: In 2012, the Video Gaming Act began permitting video gaming within the State of Illinois. That same year, in July, the City Council adopted an ordinance allowing video gaming within the City. In 2018, the City Council amended the City Code to establish framework for licensing video gaming terminals within the City. Under that framework, effective April 1, 2018, no establishment was to have on its premises any video gaming terminal without first obtaining a video gaming license from the City. Along with this framework, the City Council placed a moratorium on *new* video gaming terminals until March 1, 2019. Earlier this year, the moratorium was extended through September 1, 2019.

Under the moratorium, no establishment is eligible for a video gaming license unless it had video gaming terminals that were operational as of March 1, 2018. City Administration is proposing an amendment to this provision that would also allow an establishment to obtain a license if it had video gaming terminals that were operational prior to March 1, 2018, but that ceased operation due to the destruction of the establishment.

COMMUNITY GROUPS/INTERESTED PERSONS CONTACTED: N/A

FINANCIAL IMPACT: City staff are aware of one establishment that would qualify for the exception. Assuming that said establishment obtains a video gaming license, they will have to pay the licensing fee of \$500 per terminal. Video Gaming License revenues are posted in the Non Departmental - Video Gaming License account (10010010-51021). Stakeholders can locate this in the FY2020 Budget Book titled "Budget Overview & General Fund" on page 120.

COMMUNITY DEVELOPMENT IMPACT: Goal ED-1 Ensure a broad range of employment opportunities for all residents, Objective ED-1.1. Focus on retention and expansion of

existing businesses; Goal D-1. Continue to build a healthy Downtown that offers a range of employment, retail, housing, cultural, and entertainment opportunities for all, Objective D-1.1. Strengthen business recruitment and retention activities.

REGULAR AGENDA ITEM NO. 8B

FOR COUNCIL: July 22, 2019

SPONSORING DEPARTMENT: Human Resources

SUBJECT: Report of a Classified (Non-Union) IMRF Retirement, as requested by the Human Resources Department.

RECOMMENDED MOTION: Informational only, as required pursuant to the Local Government Wage Increase Transparency Act, 50 ILCS 155/1.

STRATEGIC PLAN LINK: Goal 1. Financially sound City providing quality basic services.

STRATEGIC PLAN SIGNIFICANCE: Objective 1c. Engaged residents that are well informed and involved in an open governance process.

BACKGROUND: On July 28, 2016, the Local Government Wage Increase Transparency Act ("Act"), took effect to require the disclosure and discussion of certain wage increases/payments that may have a pension impact. These payments and other required disclosures for retirement payments being made to Classified employees were discussed in an open meeting of the Bloomington City Council on November 28, 2016 as required under the Local Government Wage Increase Transparency Act.

In Bloomington, employees have historically been able to accrue sick leave and then structure the payout over a three-month period prior to retirement or voluntary termination from the City. In 2009, the City began enacting policies that ceased the structured payout of sick leave for new employees. These new policies were in place for Classified employees in 2012 and in all applicable union contracts by 2014. In the fall of 2015, the City Council debated making further changes to how sick leave is paid, and approved Resolution No. 2015-42. In October 2018, an ordinance was approved which directed the City Manager to not bring to the City Council any collective bargaining agreement renewals unless each modifies the timing of how accrued sick leave is paid to eligible employees, to significantly reduce the artificial inflation of employee pensions. As a result of recent agreements enacted with multiple union groups across the City, Classified employees eligible for the Sick Leave Buy Back (SLBB) benefit must provide their intent to retire notice by October 31, 2019 and leave the City by April 30, 2020 in order to have SLBB funds paid in a way that positively impacts their pension benefit.

In accordance with the Local Government Wage Increase Transparency Act, the City has its eighth Classified employee 'triggering' event with the retirement of Debbie Bohannon. Ms. Bohannon is an Office Manager in the Parks Department, and a non-represented (Classified) employee in the Illinois Municipal Retirement System (IMRF) who has expressed her intent to retire from the City as of October 4, 2019.

In accordance with policies and practices of the City for Classified employees hired before May 1, 2012, Ms. Bohannon has accrued \$29,097.70 of unused, accrued sick leave which is to be paid into her retirement health savings (RHS) account, to be made in three (3) equal payments in the 3 months (July, August & September) prior to her retirement. Under Section 5(c) of the Act, the following disclosures are made:

Employee Name: Debbie Bohannon

- (1) The identity of the employee: Debbie Bohannon.
- (2) The purpose and amount of the increases or payments: \$39,180.66 (includes \$29,097.70 of earned sick leave and \$10,082.96 of accrued vacation time that will be paid out upon retirement - assumes no sick leave or vacation usage until retirement date).
- (3) The proposed retirement date: October 4, 2019.
- (4) The effect of the payment(s) upon the expected retirement annuity of the employee: an increase of \$386.72 per month.
- (5) The effect of the payment(s) upon the liability of the employer to the Article 7 Fund: The disclosable payment is projected to increase the pension liability of the City by \$63,768.00.

COMMUNITY GROUPS/INTERESTED PERSONS CONTACTED: N/A

FINANCIAL IMPACT: The estimated amount of Ms. Bohannon's sick leave/vacation payout is anticipated to be \$39,180.66, assuming she does not diminish her sick leave bank or use vacation time prior to her retirement date. The "accelerated payment" for this payout is expected to be \$63,768.00.

Pursuant to legislation from 2012, the accelerated payment is the upfront funding of a pension liability and is not an additional penalty paid by the City. Payments of this type are not budgeted. Costs have historically been expected to be absorbed by other operational savings. Due to the City's policy changes enacted to address the impact of Sick Leave Buy Back payouts on pension liabilities, an increase in retirements may occur necessitating the Use of Fund Balance. If necessary, a budget amendment will be processed at the end of the year.

REGULAR AGENDA ITEM NO. 8C

FOR COUNCIL: July 22, 2019

SPONSORING DEPARTMENT: City Clerk

SUBJECT: Consideration and action on the application of Puma Enterprise, Inc., d/b/a Park Pantry, located at 906 S. Morris Ave., requesting a Class PAS (Package Sales, All Types of Alcohol, and Sunday Sales) liquor license which would allow the sale of all types of packaged alcohol for consumption off the premises seven (7) days a week, as requested by the City Clerk Department.

RECOMMENDED MOTION: The proposed License be approved subject to the following conditions: 1. Store closed by 11:00 P.M.; 2. Installation of outdoor cameras and lighting; 3. No single-serves of alcohol 24 ounces or less; 4. Less than 50% of sales from the sale of alcohol, with a hearing to monitor compliance with this condition 6 months after issuance of license/store opening.

STRATEGIC PLAN LINK: Goal 5. Great place - livable, sustainable City.

STRATEGIC PLAN SIGNIFICANCE: Objective 5d. Appropriate leisure and recreational opportunities responding to the needs of residents.

BACKGROUND: Puma Enterprises, Inc. d/b/a Park Pantry is requesting a Class PAS liquor license to sell all types of packaged liquor for consumption off the premises seven (7) days a week. Park Pantry will occupy the building previously held by West Side Liquors, Inc. d/b/a West Side Food & Beverage.

On Monday, July 8, 2019, the Bloomington City Council held a Regular City Council Meeting. Park Pantry's liquor license request was heard at the meeting. Council Member Black made a motion, seconded by Council Member Mathy, to send the item back to the Liquor Commission with express instructions to 1) hold a Special Meeting for a second hearing on the proposed license; 2) ensure appropriate notice to neighbors including providing Council minutes from July 8, 2019; 3) explore options for single-serve ("walk away") sales limitations; 4) set procedure for evaluating the sales of the business including a specific review schedule; and 5) make a recommendation back to Council by the end of the month. The motion passed 7-0.

At the direction of the City Council, the Bloomington Liquor Commission held a Special Meeting on July 16, 2019, to consider an application of Puma Enterprise, Inc., d/b/a Park Pantry, located at 906 S. Morris Ave., requesting a Class PAS (Package Sales/All Types/Sunday Sales) liquor license which would allow the sale of all types of packaged alcohol for consumption off the premises seven (7) days.

Commissioners present: Tari Renner, Lindsey Powell, and Jim Jordan.

Staff present: George Boyle, Asst. Corporation Counsel; Dan Donath, Asst. Police Chief; and Amanda Mohan, Deputy City Clerk.

Richard Marvel, attorney for Puma Enterprises, Inc. d/b/a Park Pantry, came forward to address the Commission. He was sworn in and testified as follows.

Mr. Marvel began by providing the Commission with a copy of the presentation he planned to make. The Clerk accepted the presentation as Group Exhibit A for the file.

Mr. Marvel discussed the PAS liquor license requested and talked about traffic counts on Morris Avenue, where the business would be located. He requested to have a document regarding the traffic count for Morris Avenue entered as an exhibit. The exhibit was accepted, marked for identification as Exhibit B and entered into the file.

Mr. Marvel described the proposed improvements to the building where the establishment would be located, overviewed the history of the building, and described the proposed business model as a convenience store focusing on sales of groceries and “grab and go” food items.

Commissioner Renner described the Liquor Commission had previously recommended conditions be imposed on the license: the store closing at 11:00 p.m., Liquor sales would remain below 50% of total sales, and lights and cameras would be installed to ensure safety.

Mr. Marvel stated that he and his client had no objections to those conditions placed on the License by the Liquor Commission. He went on to point out distances of churches and other liquor license that he had researched in the area.

Commissioner Jordan asked questions clarifying some of Mr. Marvel’s statements. He particularly inquired about package licenses in the area.

Leslie Yocum, City Clerk, clarified that the Parkview Inn and Sport & Bait, both located on Morris Avenue, hold package license.

Adjeet Singh, President and owner of Puma Enterprises Inc., was sworn in and testified as follows.

Mr. Singh discussed the layout of the store, inventory and quick-serve items to be sold, such as Hunt Brothers Pizza.

Commissioner Renner asked where hard liquor would be located. Mr. Singh stated that hard liquor would be kept behind the cashier’s counter along with cigarettes.

Mr. Marvel approached with photos of Hunt Brothers Pizza displays and asked that the pictures be entered as an exhibit. The Clerk accepted the document as Group Exhibit C for the file.

Mr. Singh expressed appreciation for the neighbors coming forward and stated that he learned a lot from their comments. He briefly touched on the inventory he planned to sell and walked through his belief on how sales of the business will result. He addressed the fact that he is not local and that he lives in Plainville, IL. He stated that he would like to one day move to Bloomington, but that his son plays basketball in Plainville, which requires him to live there as well. He asked that the Commission and neighbors not confuse him with the previous owner of the store. He stated that he is committed to the success of the business and that over time he intends to invest \$600,000 into the property.

Mayor Renner asked George Boyle, Asst. Corporation Counsel, to clarify the Code on how the Commission has interpreted the Code requirement for liquor license holders to live in McLean County. Mr. Boyle stated that the Commission has required that all businesses holding liquor licenses have a Manager that lives in the County. He pointed out the importance of having a local contact and someone who could accept service on behalf of the business.

Commissioner Jordan asked for clarification regarding whether \$600,000 will be invested. Mr. Marvel provided a breakdown of the \$600,000, which included eventually buying the building.

Commissioner Jordan asked how much Mr. Singh believed his inventory would cost at start-up. Mr. Singh believed that he would invest \$70,000 to \$90,000 on starting inventory.

Commissioner Jordan asked for Mr. Singh to break down the \$70,000 to \$90,000 into how much would be spent on grocery items and liquor items. Mr. Singh stated that he believed the break down would be 60/40 split with grocery items being the higher.

Mr. Boyle referenced the 8-10% square foot of the store's footprint that Mr. Singh had stated would be attributed to liquor. He asked whether he was referring to hard liquor. Mr. Singh replied that he was referring to hard liquor only. He stated that beer and wine held in walk-in coolers had not been included in those numbers. Discussion followed regarding coolers.

Mr. Boyle asked if the business was an Illinois corporation and asked about the business' agent. Mr. Singh confirmed that corporation is an Illinois corporation and stated that Mr. Marvel is the agent and could accept service. Mr. Boyle also asked the name of the Manager. Mr. Singh stated that Sanjeer Singh, who had worked for him for seven years, would be the Manager.

Mr. Marvel made two clarifications to the Commission. He told the Commission that he and Mr. Singh met with representatives of the neighborhood to discuss the business. He presented a petition that he requested be entered as an exhibit. The Clerk accepted the document as Group Exhibit D for the file.

Commissioner Renner stated that another petition had been given to the Commission from the opposing neighbors and instructed the Clerk to accept it as Neighborhood Exhibit A. The Clerk accepted the document for the file.

Commissioner Jordan asked whether it was safe to assume that the floor layout would mimic the layout at the Hot Spot off Hershey, which he was familiar with. Mr. Singh confirmed his previous ownership in the Hot Spot and stated that some differences would exist between the two stores. He mentioned that the current owner had made some changes in his 8-9 months owning the business. He stated that the proposed store would be more like Franzetti's Pantry on Washington Street.

Tim Piercy, 1225 Theta, was sworn in and testified. He has grown up in the neighborhood and thinks that the store is a good idea. He believed the neighborhood would benefit from being able to pick up convenience and quick serve items.

Commissioner Jordan asked how close Mr. Piercy lived to the location. Mr. Piercy stated that he lives approximately 1.5 miles away.

Paul Hursey, 820 W. Oakland, was sworn in and testified. He lives approximately 4 blocks away and has lived in the same home for 20 years. He was opposed to another liquor store. He stated that he lives off an alley nearby and that under previous ownership he was constantly picking up trash, witnessing urination, and having drunk persons walk down the alley near his home. He had no issue with groceries but was especially adamant about single serve liquor in particular.

Commissioner Renner asked if he would be more in favor of the store having a liquor license if there was a limitation on single serve. Mr. Hursey stated that single serve beer, mini bottles, etc. are a problem and should not be sold. He expressed interest in convenience and grocery items.

Commissioner Jordan asked for confirmation that he had been in the same house for 20 years. Mr. Hursey confirmed and stated that he is a homeowner.

Stephanie Stone, 603 S. Morris, who lives less than .25 miles from the proposed location was sworn in and testified. She offered support for the convenience items whether liquor is to be sold or not. She mentioned that since the closing of the previous business, trash still appears in her yard and that it had not changed since the previous store's closing. She expressed support for the proposed store and having accessibility to convenience items. She has lived in the neighborhood close to 15 years.

Mr. Boyle asked if she had an opinion on single serve liquor. She did not have an opinion.

Jeff Piercy, 103 Stapleton, was sworn in and testified. He stated that he will be one of the contractors for the remodel of the building. He pointed out additional improvements that had not been included in previous testimony. He stated that an additional walk-way would be added with a canopy over it including seating for customers. He mentioned that Mr. Singh's idea was to create a family-friendly environment.

Commissioner Renner asked what prevented the seating area he mentioned from being frequented by drinkers. Mr. Piercy stated that he had worked on Mr. Singh's store in Urbana and could attest to the tight security that Mr. Singh utilizes. He pointed out that tight security will assist in keeping "riffraff" from frequenting the location.

Commissioner Jordan asked for confirmation that Mr. Piercy will not actually be impacted by the store. Mr. Piercy confirmed, but stated that he grew up in the area and still knows lots of people in the area. He believed the business would be a benefit to the community.

Nathan Russo, 827 W. Oakland, was sworn in and testified. He believed the petition that was shared by Mr. Marvel was not representative of people who will be immediately affected by the store. He made a comparison to the petition that he and his neighbors presented versus the petition presented by Mr. Marvel. He did not want liquor at all. He mentioned several churches near the location that had not been previously mentioned and believed that the stores used for comparison by Mr. Marvel were not relative to the area. He also pointed out other items he believed were issues with Mr. Marvel's presentation. Among them, was that Mr. Marvel had testified that there was only one church in the area, but there are three others.

Commissioner Renner reviewed the conditions that the Liquor Commission had previously added to the license and asked whether he would be in favor of additional conditions. Mr. Russo was opposed to liquor at the store at all.

Commissioner Jordan asked how long he has lived in the neighborhood. Mr. Russo stated that he has lived in the same home for 8 years and his wife was there the previous 12 years.

Commissioner Powell asked how far he lives from the location. He stated 3 blocks.

Carrie Handy, 1209 W. Elm, was sworn in and testified. She stated that she lives directly caddy corner from the proposed business. She had met Mr. Singh and a few others at a meeting the night before. She believed they were nice people and had respect for them. She had an issue with the neighborhood continually being titled a business district. She agreed that the new owners should not be held accountable for the previous owners but had issues with the hours of operation and did not want alcohol sold at the store.

Commissioner Renner clarified that Mr. Marvel was referring to the business address as being in a business district, not the neighborhood. He asked whether any of the conditions

discussed would suffice. She stated that she supports no alcohol and brought up an issue with the outdoor seating area. She expressed concerns with the persons included on the petition and believed that many of them don't live in the area. She provided examples of problems she'd personally experienced with the previous store. She sympathized with the owners and thought they were nice and good people, but stood her ground not being in favor.

Commissioner Jordan expressed an issue with liquor not being represented in the pictures previously presented.

Mr. Marvel mentioned a chart discussed at the meeting he had participated in the night before. He asked whether Ms. Handy believed the business was unique to surrounding stores.

Ms. Handy described the chart mentioned and stated that she created it to get an understanding as to where packaged licensed liquor locations were in the area. She stated that the locations of existing businesses in the area were different because she felt they were appropriately placed on busy streets.

Mr. Marvel asked whether she had the same concerns and issues with the Parkview Inn. She was not aware Parkview Inn had a package license but believed that the area already had enough access to packaged liquor.

Karen Bays, 1210 W. Elm, was sworn in and testified. She stated she was not aware of package sales at Parkview Inn either, but offered support for Parkview Inn. She mentioned that she, too, had met with Mr. Singh at the meeting the night before and believed he was a nice man; however, she was not supportive of liquor at the location.

Commissioner Jordan asked how long she'd lived there. She lived there 53 years. He asked whether she opposed a convenience store without liquor. She offered support for grocery items, but no liquor.

Commissioner Powell asked whether she thought the business would be successful without liquor. She believed it would be and thought that the neighbors would promote the business as such.

Surena Fish, 909 W. Wood, was sworn in and testified. She lives directly across from the main entrance of Miller Park. She wished that the neighbors would have had more time to collect signatures, but understood the quick turnaround needed for the meeting. She discussed Elm Street and listed a variety of issues that neighbors have experienced. Drunk people had cut through her and her neighbor's yard and left trash when the previous business was there. She talked about a previous business that had issues that the neighborhood helped to close and mentioned having FOIA'd incidents for businesses in the area. She had attended the meeting last night and discussed a few topics of discussion. She did not support any type of liquor at the store.

Commissioner Jordan asked how long she had lived in the neighborhood. She stated she lived in her home for 21 years.

James Bays, 1210 W. Elm, was sworn in and testified. He offered additional history of the building and pointed out that the building was not 47yrs old. He discussed the outdoor seating area and showed a guard rail that was added because the store was hit several times by vehicles.

Dustin Stone, 603 S. Morris, was sworn in and testified. He stated that he can see the location from his home and has been there for 15 years. He offered support for the business and stated that he doesn't understand the concerns mentioned. He believed that the new business would be great for the neighborhood.

Commissioner Jordan clarified that he can see the store from his home. Mr. Stone confirmed and reiterated he thinks it will be a great addition to the neighborhood.

Commissioner Powell asked whether the trash issues have continued. He stated that he continues to have trash in his yard and that it's no different than it was with the previous business.

Mr. Marvel asked whether he would like to see the store improved. He replied he would and that he had never had issues with drunk persons, not with the previous business.

Daniel Taylor, 1215 W. Elm, was sworn in and testified. He lived there since 1980. He understood that trash continues but stated that it was worse during the previous business' operation. He offered examples of issues with the store and stated that he does not support liquor at the store.

Commissioner Jordan asked his location. He stated that he lives ½ block away. He stated that he patronized all the previous businesses and still does not support liquor.

Commissioner Powell asked whether he would consider a liquor license that didn't include single serve. He believed that the same people from the previous business that were a problem will also frequent the new business. He stated that he prefers no liquor, but that a condition would be helpful if the license was granted.

Charlene Sapp, 827 W. Elm, was sworn in and testified. She has lived in her home 24 years and also grew up in the neighborhood. She mentioned that she also speaks on behalf of her mother who is also present. She provided examples of urination in the parking lot, drug deals, underage sales, car accidents, and many other examples on Elm Street. She also discussed the impact each of the mentioned incidents had on the neighborhood and her family.

Commissioner Renner asked whether the traffic on Elm Street had subsided. She stated it had.

Commissioner Jordan asked whether a store without liquor would be supported. She expressed interest in no liquor at the location.

Commissioner Powell asked whether lights and cameras would help. She stated that she didn't think it would help and provided an example of people jumping her fence to get to the store.

Mr. Marvel asked whether she believed the location is the issue, not the store. She confirmed and stated the neighborhood refers to the store as the Ghetto Market. Mr. Marvel asked if there are reasons why certain people would frequent the store, but not the Parkview Inn and Sport & Bait. She didn't know.

Mike Sapp, 827 W. Elm, was sworn in and testified. He showed the Commission videos from mid-June of 2019 that showed no traffic on his street. He stated that since the previous store had closed his neighborhood has been peaceful.

Discussion was held on how to save the videos to the file. The videos will be marked Neighborhood Group Exhibit B.

Mr. Sapp mentioned the number of reported incidents at the previous location and discussed the conditions on the license. He asked what happened if the business failed to meet the 50% condition.

Commissioner Renner stated that the condition could be held in perpetuity and pointed out that it would require liquor sales to stay below 50% of total sales.

Mr. Sapp added concerns about Eric's Restaurant and the parking lot exit on Elm Street.

Debra Hawkins, 1208 W. Elm and business owner at 929 W. Wood Street, was sworn in and testified. She expressed opposition to the license from personal and business perspectives. She has lived in the neighborhood 4 years. She discussed incidents of intoxicated persons talking to her grandchildren and then began to discuss her business. Her business has been safer and has had some customers return to doing business with her since the liquor store closed. She provided many examples of issues she had experienced and discussed the conditions previously proposed. She believed that adding lighting to the proposed business would be helpful but mentioned that it would not help to make her business safer. She supported a convenience store with no liquor license.

Commissioner Jordan asked the type of business she operates. She stated that she operates an automotive shop and provided history on the shop.

Nick Tulley, who declined giving his address, was sworn in and testified. He has lived and worked in Bloomington for 20 years. He stated that he respects the opinions of the neighbors, but thought that this was a Bloomington Citywide issue, not just a neighborhood one. He pointed out that the store will impact everyone who visits Miller Park and thought it would be a great asset to park visitors. He had issue with neighbors only having concerns with the proposed store and not with others in the area. He also discussed trash in comparison to other locations in Bloomington. He supported a liquor license to allow the business to sustain so that other items can be available.

Commissioner Jordan asked approximately how far he lived from the location. He stated 2-3 miles. Commissioner Jordan asked follow-up questions and discussed a few differences he sees between Parkview Inn and a convenience store.

De Urban, 924 W. Grove, was sworn in and testified. She reminded the Commission that Mr. Singh can open a convenience store without the Commission's permission. She recommended that he open the store without liquor until he can prove he can operate a reputable business and then be given the chance to come back to the Commission to request a liquor license. She requested that a liquor license not be issued at this time.

Commissioner Jordan asked what timeline for reevaluation would seem reasonable to her. She recommended a 6-12 month trial period.

Adal Goumacouam, citizen of the United States, was sworn in and testified. He came forward to speak on behalf of Mr. Singh. He sympathized with the neighborhood and begged for Mr. Singh to have the opportunity to open the store with liquor. He believed that Mr. Singh would operate a quality business because he is good man and emphasized the character of the operator being most important. Mr. Adal stated that he has lived in the United States for 40 years, is 60 years old and retired from the State.

Commissioner Jordan asked whether he lives in Bloomington. He stated he has lived in Bloomington for 40 years and previously lived near the location. He currently lives near the airport. He restated that the quality of the person operating the business is what matters.

Eric Trujillo, who operates a business at 903 W. Wood, was sworn in and testified. He offered support for the business and believed that Mr. Singh deserves a chance. He pointed out several things the business would do for the neighborhood including improving the store. He believed that without liquor the business could not survive. He discussed rental properties he owns in the area and pointed out that many in the area don't have a vehicle, so they would benefit from the store more than others. He wished that all the businesses in the area could

be favored by the neighborhood as much as Rick, the owner of Parkview Inn. He asked the Commission to give Mr. Singh a chance and provided examples of how business owners can assist in making the location better, pointing out how they can address issues like the ones the neighbors have described. He liked the quick-serve food opportunities and stressed that the proposed business is not Westside Liquor.

Mr. Marvel asked whether he believed this store would be beneficial to those who don't drive in the area. He agreed that it would.

Commissioner Renner asked whether he would see the business as a competitor. He stated that there is room for everybody.

Carl Segobiano, 1306 S. Low, was sworn in and testified. He knows Mr. Singh personally and lives 5 blocks from the business. He has lived there for 50 years. He stated that Mr. Singh runs good businesses and will do this business right. He stated that he cannot believe the previous testimony and that the issues they stated are that bad. He pointed out that a convenience store is being discussed not a bar. He stressed that Mr. Singh will not tolerate drunk persons in or outside the business. He thought a remodel to the location would greatly improve the neighborhood.

Commissioner Jordan questioned whether his perspective would change if he had personally experienced the same problems previously mentioned. He stated that he probably would, but he questioned the truthfulness of the prior statements.

Mr. Boyle asked how he was familiar with Mr. Singh and his business. He responded he had done some work for him and had visited his other businesses.

Commissioner Jordan asked whether he was a subcontractor for Mr. Singh. He stated he had done odd-end jobs for him over the years.

Peggy Malcolm, who does not live in the area, was sworn in and testified. She stated that she frequents the neighborhood and has for many years. She had issues with contractor who previously spoke. She supported the neighbors that spoke in opposition and supported the truthfulness of their statements because she has known many of them of years. She believed that the same clientele will frequent the store as when Westside Liquors was open. She didn't believe that people from Miller Park would want to frequent a store that has drunk persons coming in and out. She did not support the store having liquor due to the issues that she believed to be inevitable if a license was granted.

Commissioner Jordan asked how long she has lived in Bloomington. She replied 57 years.

Commissioner Powell asked whether she lived near the proposed business. She stated that she did not live in the area, but has visited the area regularly for most of her life.

The hearing was closed at 8:11 pm.

Commissioner Renner reconvened the hearing at 8:19 p.m. He clarified procedure and pointed out that the counsel for Mr. Singh, Mr. Marvel, had a right to make a closing statement.

Mr. Marvel pointed out the focus of the testimony being centered on issues with the prior business. He stressed that Mr. Singh has the same concerns as the neighbors and could not benefit or profit from the business if drunk persons were seen in his store or if loitering was allowed. He made comparisons to other current businesses in the neighborhood and pointed out that they too needed liquor licenses to survive. He requested that liquor be approved and stressed that the proposed store would be a convenience store, not a liquor store.

Commissioner Renner discussed the options available to the Commission and clarified that the item must go back to Council. He pointed out that Mr. Singh wants to invest in and improve the building and the area. He did not believe that there was a clear answer. He looked to hear from his Commissioners, but first recognized Council Members Carrillo, Boelen, and Crabill for being in attendance.

Mr. Boyle discussed the options available to the Commission and stated that a positive or negative recommendation would need to be made. He also went through the motion made by Council.

Commissioner Powell talked about the business and pointed out that without a liquor license the business would not open. She stated that it is extremely difficult for small business convenience stores to sustain without liquor. She stressed that she had heard the concerns expressed, but strongly believed the new business should not be held responsible for issues of the previous business. She offered support for granting a license with no single serve sales and recommended the business be reevaluated in December.

Commissioner Jordan stated that he had also heard the neighbors plea for no liquor and believed a convenience store with no liquor would be welcomed. He reiterated that if Mr. Marvel believed the store would only rely upon 30% of sales for liquor the business could survive without it. He discussed ways of examining the business' books. He expressed concerns that the store had not presented itself fully by not including pictures of liquor in the pictures presented. The decision was difficult to make for him. He supported the idea that a convenience store be opened without liquor and then 6 months after opening the business could request consideration for a liquor license. He also had concerns with some of the signatures collected and pointed out that some of them didn't live in the area. He worried that the same problem customers would frequent the new store, just as they had the old one.

Commissioner Powell pointed out that an empty building with no lights and cameras was far more concerning than an improved building with lights and cameras. She stated that she would rather see an improved building.

Commissioner Renner knew he had a difficult decision to make. He does not like abandoned buildings and provided some similar issues he had experienced in his own previous residence. He restated procedure and made a positive recommendation including the previous conditions and the following conditions added: (1) no single servings of anything 24oz or smaller and (2) the business's books be evaluated that liquor sales are below 50% in December of 2019. He also reminded attendants that he has no idea whether the item will pass Council and that he has not engaged the rest of Council for their opinion. He continued discussing the close calls that the Commission has had to make and that it's a hard job.

Commissioner Jordan expressed concerns that the timeline for review needed to be based on the business being open for a certain period. He recommended 6 months of business records and invoicing.

Commissioner Jordan expressed support for invoicing being the evaluation stance over receipts because invoices come from an outside business over receipts.

Commissioner Powell believed that the evaluation should be based on sales.

Commissioner Renner entertained a statement from Mr. Marvel.

Mr. Marvel recommended that sales be the basis as the business will have to be sent to the City either way. He pointed out that criminal charges are available should the representation be true.

Commissioner Jordan provided input as to why receipts are problematic. He stated that the State utilizes invoicing for a number of reasons. He provided examples of investigations he has been involved in with the State.

Commissioner Renner asked a clarifying question to Mr. Boyle and whether the Commission could decide to investigate further should it use sales for the evaluation. Mr. Boyle answered in the affirmative.

Additional discussion resulted on how the evaluation can go beyond sales if necessary.

Commissioner Powell made the motion, seconded by Commissioner Powell, to send the matter to Council the following conditions: 1. Store closed by 11:00 P.M.; 2. Installation of outdoor cameras and lighting; 3. No single-serves of alcohol 24 ounces or less; 4. Less than 50% of sales from the sale of alcohol, with a hearing to monitor compliance with this condition 6 months after issuance of license/store opening.

Commissioner Renner directed the Clerk to call the roll, which resulted in the following:

Ayes: Commissioners Renner and Powell.

Nays: Commissioner Jordan

Motion carried.

DRAFT SPECIAL MEETING MINUTES

**PUBLISHED BY THE AUTHORITY OF THE LIQUOR COMMISSION OF BLOOMINGTON, ILLINOIS
TUESDAY, JUNE 16, 2019, 6:00 P.M.**

The Liquor Commission convened in Special Session in the Council Chambers, City Hall Building at 6:00 p.m., Tuesday, June 16, 2019.

Commissioner Renner directed the City Clerk to call the roll and the following answered present:

Commissioners: Tari Renner, Lindsey Powell, and Jim Jordan.

Staff present: George Boyle, Asst. Corporation Counsel; Asst. Police Chief Dan Donath; and Leslie Yocum, City Clerk.

Public Comment

Commissioner Renner opened the meeting to receive public comment and no one came forward.

The following was presented:

Item 4. Continuation of the Public Hearing on the Application of Jay Goga, Inc. d/b/a Illini Liquor, located at 2402 E. Oakland Ave., Suite 6, requesting a Class PAS (Package, All Types of Alcoholic Liquor and Sunday Sales) liquor license, which would allow the sale of all types of packaged alcoholic liquor for consumption off premises seven (7) days a week, as requested by the Liquor Commission.

The public hearing opened at 6:02 p.m.

Commissioner Renner opened the floor for individuals to come forward to speak for or against the business. No one came forward.

Commissioner Renner reminded attendants that this hearing is a continuation of the previous hearing held on July 9, 2019. He stated that he had listened to the recording of the previous public hearing and ask all speakers and presenters to pick-up where they left off, being mindful that everything previously stated is already part of the record. He discussed his understanding of the location and the experience of the proposed owner and operator with liquor license in other municipalities. He stated that he was in support of the business obtaining a liquor license.

Mr. Marvel, attorney for the Jay Goga, Inc. d/b/a Illini Liquor, came forward to address the Commission and requested to have a document regarding the traffic count of 12,200 for Oakland Avenue, where the business would be located, entered as an exhibit. The Clerk accepted the document as Exhibit A for the file.

Commissioner Powell made a motion, seconded by Commissioner Renner, to approve the item and send it to Council for final approval.

Commissioner Jordan stated that he hoped the business would follow its promise in operating as a convenience store and not a liquor store. He reminded the applicants that they had testified that 70% of sales would be attributed to dry goods and only 30% from alcohol. He

hoped that would be the actual result of sales and expressed some concerns with the hours of the business.

Commissioner Renner directed the Clerk to call the roll, which resulted in the following:

Ayes: Commissioners Renner, Jordan, and Powell.

Nays: None.

Motion carried.

The public hearing closed at 6:06 p.m.

The following was presented:

Item 5. Second Public Hearing on an Application of Puma Enterprises, Inc. d/b/a Park Pantry, located at 906 S. Morris Avenue, requesting a Class PAS (Package, All Types of Alcoholic Liquor and Sunday Sales) liquor license, which would allow the sale of all types of packaged liquor for consumption off the premises seven (7) days a week, as requested by the City Council.

The public hearing opened at 6:06 p.m.

Richard Marvel, attorney for Puma Enterprises, Inc. d/b/a Park Pantry, came forward to address the Commission. He was sworn in and testified as follows.

Mr. Marvel began by providing the Commission with a copy of the presentation he planned to make. The Clerk accepted the presentation as Group Exhibit A for the file.

Mr. Marvel discussed the PAS liquor license requested and talked about traffic counts on Morris Avenue, where the business would be located. He requested to have a document regarding the traffic count for Morris Avenue entered as an exhibit. The exhibit was accepted, marked for identification as Exhibit B and entered into the file.

Mr. Marvel described the proposed improvements to the building where the establishment would be located, overviewed the history of the building, and described the proposed business model as a convenience store focusing on sales of groceries and “grab and go” food items.

Commissioner Renner described the Liquor Commission had previously recommended conditions be imposed on the license: the store closing at 11:00 p.m., Liquor sales would remain below 50% of total sales, and lights and cameras would be installed to ensure safety.

Mr. Marvel stated that he and his client had no objections to those conditions placed on the License by the Liquor Commission. He went on to point out distances of churches and other liquor license that he had researched in the area.

Commissioner Jordan asked questions clarifying some of Mr. Marvel’s statements. He particularly inquired about package licenses in the area.

Leslie Yocum, City Clerk, clarified that the Parkview Inn and Sport & Bait, both located on Morris Avenue, hold package license.

Adjeet Singh, President and owner of Puma Enterprises Inc., was sworn in and testified as follows.

Mr. Singh discussed the layout of the store, inventory and quick-serve items to be sold, such as Hunt Brothers Pizza.

Commissioner Renner asked where hard liquor would be located. Mr. Singh stated that hard liquor would be kept behind the cashier's counter along with cigarettes.

Mr. Marvel approached with photos of Hunt Brothers Pizza displays and asked that the pictures be entered as an exhibit. The Clerk accepted the document as Group Exhibit C for the file.

Mr. Singh expressed appreciation for the neighbors coming forward and stated that he learned a lot from their comments. He briefly touched on the inventory he planned to sell and walked through his belief on how sales of the business will result. He addressed the fact that he is not local and that he lives in Plainville, IL. He stated that he would like to one day move to Bloomington, but that his son plays basketball in Plainville, which requires him to live there as well. He asked that the Commission and neighbors not confuse him with the previous owner of the store. He stated that he is committed to the success of the business and that over time he intends to invest \$600,000 into the property.

Mayor Renner asked George Boyle, Asst. Corporation Counsel, to clarify the Code on how the Commission has interpreted the Code requirement for liquor license holders to live in McLean County. Mr. Boyle stated that the Commission has required that all businesses holding liquor licenses have a Manager that lives in the County. He pointed out the importance of having a local contact and someone who could accept service on behalf of the business.

Commissioner Jordan asked for clarification regarding whether \$600,000 will be invested. Mr. Marvel provided a breakdown of the \$600,000, which included eventually buying the building.

Commissioner Jordan asked how much Mr. Singh believed his inventory would cost at start-up. Mr. Singh believed that he would invest \$70,000 to \$90,000 on starting inventory.

Commissioner Jordan asked for Mr. Singh to break down the \$70,000 to \$90,000 into how much would be spent on grocery items and liquor items. Mr. Singh stated that he believed the break down would be 60/40 split with grocery items being the higher.

Mr. Boyle referenced the 8-10% square foot of the store's footprint that Mr. Singh had stated would be attributed to liquor. He asked whether he was referring to hard liquor. Mr. Singh replied that he was referring to hard liquor only. He stated that beer and wine held in walk-in coolers had not been included in those numbers. Discussion followed regarding coolers.

Mr. Boyle asked if the business was an Illinois corporation and asked about the business' agent. Mr. Singh confirmed that corporation is an Illinois corporation and stated that Mr. Marvel is the agent and could accept service. Mr. Boyle also asked the name of the Manager. Mr. Singh stated that Sanjeer Singh, who had worked for him for seven years, would be the Manager.

Mr. Marvel made two clarifications to the Commission. He told the Commission that he and Mr. Singh met with representatives of the neighborhood to discuss the business. He presented a petition that he requested be entered as an exhibit. The Clerk accepted the document as Group Exhibit D for the file.

Commissioner Renner stated that another petition had been given to the Commission from the opposing neighbors and instructed the Clerk to accept it as Neighborhood Exhibit A. The Clerk accepted the document for the file.

Commissioner Jordan asked whether it was safe to assume that the floor layout would mimic the layout at the Hot Spot off Hershey, which he was familiar with. Mr. Singh confirmed

his previous ownership in the Hot Spot and stated that some differences would exist between the two stores. He mentioned that the current owner had made some changes in his 8-9 months owning the business. He stated that the proposed store would be more like Franzetti's Pantry on Washington Street.

Tim Piercy, 1225 Theta, was sworn in and testified. He has grown up in the neighborhood and thinks that the store is a good idea. He believed the neighborhood would benefit from being able to pick up convenience and quick serve items.

Commissioner Jordan asked how close Mr. Piercy lived to the location. Mr. Piercy stated that he lives approximately 1.5 miles away.

Paul Hursey, 820 W. Oakland, was sworn in and testified. He lives approximately 4 blocks away and has lived in the same home for 20 years. He was opposed to another liquor store. He stated that he lives off an alley nearby and that under previous ownership he was constantly picking up trash, witnessing urination, and having drunk persons walk down the alley near his home. He had no issue with groceries but was especially adamant about single serve liquor in particular.

Commissioner Renner asked if he would be more in favor of the store having a liquor license if there was a limitation on single serve. Mr. Hursey stated that single serve beer, mini bottles, etc. are a problem and should not be sold. He expressed interest in convenience and grocery items.

Commissioner Jordan asked for confirmation that he had been in the same house for 20 years. Mr. Hursey confirmed and stated that he is a homeowner.

Stephanie Stone, 603 S. Morris, who lives less than .25 miles from the proposed location was sworn in and testified. She offered support for the convenience items whether liquor is to be sold or not. She mentioned that since the closing of the previous business, trash still appears in her yard and that it had not changed since the previous store's closing. She expressed support for the proposed store and having accessibility to convenience items. She has lived in the neighborhood close to 15 years.

Mr. Boyle asked if she had an opinion on single serve liquor. She did not have an opinion.

Jeff Piercy, 103 Stapleton, was sworn in and testified. He stated that he will be one of the contractors for the remodel of the building. He pointed out additional improvements that had not been included in previous testimony. He stated that an additional walk-way would be added with a canopy over it including seating for customers. He mentioned that Mr. Singh's idea was to create a family-friendly environment.

Commissioner Renner asked what prevented the seating area he mentioned from being frequented by drinkers. Mr. Piercy stated that he had worked on Mr. Singh's store in Urbana and could attest to the tight security that Mr. Singh utilizes. He pointed out that tight security will assist in keeping "riffraff" from frequenting the location.

Commissioner Jordan asked for confirmation that Mr. Piercy will not actually be impacted by the store. Mr. Piercy confirmed, but stated that he grew up in the area and still knows lots of people in the area. He believed the business would be a benefit to the community.

Nathan Russo, 827 W. Oakland, was sworn in and testified. He believed the petition that was shared by Mr. Marvel was not representative of people who will be immediately affected by the store. He made a comparison to the petition that he and his neighbors

presented versus the petition presented by Mr. Marvel. He did not want liquor at all. He mentioned several churches near the location that had not been previously mentioned and believed that the stores used for comparison by Mr. Marvel were not relative to the area. He also pointed out other items he believed were issues with Mr. Marvel's presentation. Among them, was that Mr. Marvel had testified that there was only one church in the area, but there are three others.

Commissioner Renner reviewed the conditions that the Liquor Commission had previously added to the license and asked whether he would be in favor of additional conditions. Mr. Russo was opposed to liquor at the store at all.

Commissioner Jordan asked how long he has lived in the neighborhood. Mr. Russo stated that he has lived in the same home for 8 years and his wife was there the previous 12 years.

Commissioner Powell asked how far he lives from the location. He stated 3 blocks.

Carrie Handy, 1209 W. Elm, was sworn in and testified. She stated that she lives directly caddy corner from the proposed business. She had met Mr. Singh and a few others at a meeting the night before. She believed they were nice people and had respect for them. She had an issue with the neighborhood continually being titled a business district. She agreed that the new owners should not be held accountable for the previous owners but had issues with the hours of operation and did not want alcohol sold at the store.

Commissioner Renner clarified that Mr. Marvel was referring to the business address as being in a business district, not the neighborhood. He asked whether any of the conditions discussed would suffice. She stated that she supports no alcohol and brought up an issue with the outdoor seating area. She expressed concerns with the persons included on the petition and believed that many of them don't live in the area. She provided examples of problems she'd personally experienced with the previous store. She sympathized with the owners and thought they was nice and good people, but stood her ground not being in favor.

Commissioner Jordan expressed an issue with liquor not being represented in the pictures previously presented.

Mr. Marvel mentioned a chart discussed at the meeting he had participated in the night before. He asked whether Ms. Handy believed the business was unique to surrounding stores.

Ms. Handy described the chart mentioned and stated that she created it to get an understanding as to where packaged licensed liquor locations were in the area. She stated that the locations of existing businesses in the area were different because she felt they were appropriately placed on busy streets.

Mr. Marvel asked whether she had the same concerns and issues with the Parkview Inn. She was not aware Parkview Inn had a package license but believed that the area already had enough access to packaged liquor.

Karen Bays, 1210 W. Elm, was sworn in and testified. She stated she was not aware of package sales at Parkview Inn either, but offered support for Parkview Inn. She mentioned that she, too, had met with Mr. Singh at the meeting the night before and believed he was a nice man; however, she was not supportive of liquor at the location.

Commissioner Jordan asked how long she'd lived there. She lived there 53 years. He asked whether she opposed a convenience store without liquor. She offered support for grocery items, but no liquor.

Commissioner Powell asked whether she thought the business would be successful without liquor. She believed it would be and thought that the neighbors would promote the business as such.

Surena Fish, 909 W. Wood, was sworn in and testified. She lives directly across from the main entrance of Miller Park. She wished that the neighbors would have had more time to collect signatures, but understood the quick turnaround needed for the meeting. She discussed Elm Street and listed a variety of issues that neighbors have experienced. Drunk people had cut through her and her neighbor's yard and left trash when the previous business was there. She talked about a previous business that had issues that the neighborhood helped to close and mentioned having FOIA'd incidents for businesses in the area. She had attended the meeting last night and discussed a few topics of discussion. She did not support any type of liquor at the store.

Commissioner Jordan asked how long she had lived in the neighborhood. She stated she lived in her home for 21 years.

James Bays, 1210 W. Elm, was sworn in and testified. He offered additional history of the building and pointed out that the building was not 47yrs old. He discussed the outdoor seating area and showed a guard rail that was added because the store was hit several times by vehicles.

Dustin Stone, 603 S. Morris, was sworn in and testified. He stated that he can see the location from his home and has been there for 15 years. He offered support for the business and stated that he doesn't understand the concerns mentioned. He believed that the new business would be great for the neighborhood.

Commissioner Jordan clarified that he can see the store from his home. Mr. Stone confirmed and reiterated he thinks it will be a great addition to the neighborhood.

Commissioner Powell asked whether the trash issues have continued. He stated that he continues to have trash in his yard and that it's no different than it was with the previous business.

Mr. Marvel asked whether he would like to see the store improved. He replied he would and that he had never had issues with drunk persons, not with the previous business.

Daniel Taylor, 1215 W. Elm, was sworn in and testified. He lived there since 1980. He understood that trash continues but stated that it was worse during the previous business' operation. He offered examples of issues with the store and stated that he does not support liquor at the store.

Commissioner Jordan asked his location. He stated that he lives ½ block away. He stated that he patronized all the previous businesses and still does not support liquor.

Commissioner Powell asked whether he would consider a liquor license that didn't include single serve. He believed that the same people from the previous business that were a problem will also frequent the new business. He stated that he prefers no liquor, but that a condition would be helpful if the license was granted.

Charlene Sapp, 827 W. Elm, was sworn in and testified. She has lived in her home 24 years and also grew up in the neighborhood. She mentioned that she also speaks on behalf of her mother who is also present. She provided examples of urination in the parking lot, drug deals, underage sales, car accidents, and many other examples on Elm Street. She also discussed the impact each of the mentioned incidents had on the neighborhood and her family.

Commissioner Renner asked whether the traffic on Elm Street had subsided. She stated it had.

Commissioner Jordan asked whether a store without liquor would be supported. She expressed interest in no liquor at the location.

Commissioner Powell asked whether lights and cameras would help. She stated that she didn't think it would help and provided an example of people jumping her fence to get to the store.

Mr. Marvel asked whether she believed the location is the issue, not the store. She confirmed and stated the neighborhood refers to the store as the Ghetto Market. Mr. Marvel asked if there are a reasons why certain people would frequent the store, but not the Parkview Inn and Sport & Bait. She didn't know.

Mike Sapp, 827 W. Elm, was sworn in and testified. He showed the Commission videos from mid-June of 2019 that showed no traffic on his street. He stated that since the previous store had closed his neighborhood has been peaceful.

Discussion was held on how to save the videos to the file. The videos will be marked Neighborhood Group Exhibit B.

Mr. Sapp mentioned the number of reported incidents at the previous location and discussed the conditions on the license. He asked what happened if the business failed to meet the 50% condition.

Commissioner Renner stated that the condition could be held in perpetuity and pointed out that the it would require liquor sales to stay below 50% of total sales.

Mr. Sapp added concerns about Eric's Restaurant and the parking lot exit on Elm Street.

Debra Hawkins, 1208 W. Elm and business owner at 929 W. Wood Street, was sworn in and testified. She expressed opposition to the license from personal and business perspectives. She has lived in the neighborhood 4 years. She discussed incidents of intoxicated persons talking to her grandchildren and then began to discuss her business. Her business has been safer and has had some customers return to doing business with her since the liquor store closed. She provided many examples of issues she had experienced and discussed the conditions previously proposed. She believed that adding lighting to the proposed business would be helpful but mentioned that it would not help to make her business safer. She supported a convenience store with no liquor license.

Commissioner Jordan asked the type of business she operates. She stated that she operates an automotive shop and provided history on the shop.

Nick Tulley, who declined giving his address, was sworn in and testified. He has lived and worked in Bloomington for 20 years. He stated that he respects the opinions of the neighbors, but thought that this was a Bloomington Citywide issue, not just a neighborhood one. He pointed out that the store will impact everyone who visits Miller Park and thought it would be a great asset to park visitors. He had issue with neighbors only having concerns with the proposed store and not with others in the area. He also discussed trash in comparison to other locations in Bloomington. He supported a liquor license to allow the business to sustain so that other items can be available.

Commissioner Jordan asked approximately how far he lived from the location. He stated 2-3miles. Commissioner Jordan asked follow-up questions and discussed a few differences he sees between Parkview Inn and a convenience store.

De Urban, 924 W. Grove, was sworn in and testified. She reminded the Commission that Mr. Singh can open a convenience store without the Commission's permission. She recommended that he open the store without liquor until he can prove he can operate a reputable business and then be given the chance to come back to the Commission to request a liquor license. She requested that a liquor license not be issued at this time.

Commissioner Jordan asked what timeline for reevaluation would seem reasonable to her. She recommended a 6-12 month trial period.

Adal Goumacouam, citizen of the United States, was sworn in and testified. He came forward to speak on behalf of Mr. Singh. He sympathized with the neighborhood and begged for Mr. Singh to have the opportunity to open the store with liquor. He believed that Mr. Singh would operate a quality business because he is good man and emphasized the character of the operator being most important. Mr. Adal stated that he has lived in the United States for 40 years, is 60 years old and retired from the State.

Commissioner Jordan asked whether he lives in Bloomington. He stated he has lived in Bloomington for 40 years and previously lived near the location. He currently lives near the airport. He restated that the quality of the person operating the business is what matters.

Eric Trujillo, who operates a business at 903 W. Wood, was sworn in and testified. He offered support for the business and believed that Mr. Singh deserves a chance. He pointed out several things the business would do for the neighborhood including improving the store. He believed that without liquor the business could not survive. He discussed rental properties he owns in the area and pointed out that many in the area don't have a vehicle, so they would benefit from the store more than others. He wished that all the businesses in the area could be favored by the neighborhood as much as Rick, the owner of Parkview Inn. He asked the Commission to give Mr. Singh a chance and provided examples of how business owners can assist in making the location better, pointing out how they can address issues like the ones the neighbors have described. He liked the quick-serve food opportunities and stressed that the proposed business is not Westside Liquor.

Mr. Marvel asked whether he believed this store would be beneficial to those who don't drive in the area. He agreed that it would.

Commissioner Renner asked whether he would see the business as a competitor. He stated that there is room for everybody.

Carl Segobiano, 1306 S. Low, was sworn in and testified. He knows Mr. Singh personally and lives 5 blocks from the business. He has lived there for 50 years. He stated that Mr. Singh runs good businesses and will do this business right. He stated that he cannot believe the previous testimony and that the issues they stated are that bad. He pointed out that a convenience store is being discussed not a bar. He stressed that Mr. Singh will not tolerate drunk persons in or outside the business. He thought a remodel to the location would greatly improve the neighborhood.

Commissioner Jordan questioned whether his perspective would change if he had personally experienced the same problems previously mentioned. He stated that he probably would, but he questioned the truthfulness of the prior statements.

Mr. Boyle asked how he was familiar with Mr. Singh and his business. He responded he had done some work for him and had visited his other businesses.

Commissioner Jordan asked whether he was a subcontractor for Mr. Singh. He stated he had done odd-end jobs for him over the years.

Peggy Malcolm, who does not live in the area, was sworn in and testified. She stated that she frequents the neighborhood and has for many years. She had issues with contractor who previously spoke. She supported the neighbors that spoke in opposition and supported the truthfulness of their statements because she has known many of them of years. She believed that the same clientele will frequent the store as when Westside Liquors was open. She didn't believe that people from Miller Park would want to frequent a store that has drunk persons coming in and out. She did not support the store having liquor due to the issues that she believed to be inevitable if a license was granted.

Commissioner Jordan asked how long she has lived in Bloomington. She replied 57 years.

Commissioner Powell asked whether she lived near the proposed business. She stated that she did not live in the area, but has visited the area regularly for most of her life.

The hearing was closed at 8:11 pm.

Commissioner Renner reconvened the hearing at 8:19 p.m. He clarified procedure and pointed out that the counsel for Mr. Singh, Mr. Marvel, had a right to make a closing statement.

Mr. Marvel pointed out the focus of the testimony being centered on issues with the prior business. He stressed that Mr. Singh has the same concerns as the neighbors and could not benefit or profit from the business if drunk persons were seen in his store or if loitering was allowed. He made comparisons to other current businesses in the neighborhood and pointed out that they too needed liquor licenses to survive. He requested that liquor be approved and stressed that the proposed store would be a convenience store, not a liquor store.

Commissioner Renner discussed the options available to the Commission and clarified that the item must go back to Council. He pointed out that Mr. Singh wants to invest in and improve the building and the area. He did not believe that there was a clear answer. He looked to hear from his Commissioners, but first recognized Council Members Carrillo, Boelen, and Crabill for being in attendance.

Mr. Boyle discussed the options available to the Commission and stated that a positive or negative recommendation would need to be made. He also went through the motion made by Council.

Commissioner Powell talked about the business and pointed out that without a liquor license the business would not open. She stated that it is extremely difficult for small business convenience stores to sustain without liquor. She stressed that she had heard the concerns expressed, but strongly believed the new business should not be held responsible for issues of the previous business. She offered support for granting a license with no single serve sales and recommended the business be reevaluated in December.

Commissioner Jordan stated that he had also heard the neighbors plea for no liquor and believed a convenience store with no liquor would be welcomed. He reiterated that if Mr. Marvel believed the store would only rely upon 30% of sales for liquor the business could survive without it. He discussed ways of examining the business' books. He expressed concerns that the store had not presented itself fully by not including pictures of liquor in the pictures presented. The decision was difficult to make for him. He supported the idea that a convenience store be opened without liquor and then 6 months after opening the business could request consideration for a liquor license. He also had concerns with some of the

signatures collected and pointed out that some of them didn't live in the area. He worried that the same problem customers would frequent the new store, just as they had the old one.

Commissioner Powell pointed out that an empty building with no lights and cameras was far more concerning than an improved building with lights and cameras. She stated that she would rather see an improved building.

Commissioner Renner knew he had a difficult decision to make. He does not like abandoned buildings and provided some similar issues he had experienced in his own previous residence. He restated procedure and made a positive recommendation including the previous conditions and the following conditions added: (1) no single servings of anything 24oz or smaller and (2) the business's books be evaluated that liquor sales are below 50% in December of 2019. He also reminded attendants that he has no idea whether the item will pass Council and that he has not engaged the rest of Council for their opinion. He continued discussing the close calls that the Commission has had to make and that it's a hard job.

Commissioner Jordan expressed concerns that the timeline for review needed to be based on the business being open for a certain period. He recommended 6 months of business records and invoicing.

Commissioner Jordan expressed support for invoicing being the evaluation stance over receipts because invoices come from an outside business over receipts.

Commissioner Powell believed that the evaluation should be based on sales.

Commissioner Renner entertained a statement from Mr. Marvel.

Mr. Marvel recommended that sales be the basis as the business will have to be sent to the City either way. He pointed out that criminal charges are available should the representation be true.

Commissioner Jordan provided input as to why receipts are problematic. He stated that the State utilizes invoicing for a number of reasons. He provided examples of investigations he has been involved in with the State.

Commissioner Renner asked a clarifying question to Mr. Boyle and whether the Commission could decide to investigate further should it use sales for the evaluation. Mr. Boyle answered in the affirmative.

Additional discussion resulted on how the evaluation can go beyond sales if necessary.

Commissioner Powell made the motion, seconded by Commissioner Powell, to send the matter to Council the following conditions: 1. Store closed by 11:00 P.M.; 2. Installation of outdoor cameras and lighting; 3. No single-serves of alcohol 24 ounces or less; 4. Less than 50% of sales from the sale of alcohol, with a hearing to monitor compliance with this condition 6 months after issuance of license/store opening.

Commissioner Renner directed the Clerk to call the roll, which resulted in the following:

Ayes: Commissioners Renner and Powell.

Nays: Commissioner Jordan

Mayor Renner directed the Clerk to call the roll, which resulted in the following:

Ayes: Council Members Mathy, Boelen, Mwilambwe, Emig, Painter, Black, and Bray.

Motion carried.

The following item was pulled from the Consent Agenda by Council Member Mathy.

Item 7N. Consideration and action on the application of Puma Enterprise, Inc., d/b/a Park Pantry, located at 906 S. Morris Ave., requesting a Class PAS (Package Sales, All Types of Alcohol, and Sunday Sales) liquor license which would allow the sale of all types of packaged alcohol for consumption off the premises seven (7) days a week, as requested by the City Clerk Department. *(Recommended Motion: The proposed License be approved subject to the following conditions: 1. Store closing hours at 11:00 P.M. 2. Install outdoor cameras and outdoor lighting. 3. Liquor sales must be less than 50% of total revenue.)*

Council Member Mathy asked a few questions regarding how the Liquor Commission had intended to monitor the hours of operation and percentage of liquor sales conditions placed on the license.

Mayor Renner, who is also the City's Liquor Commissioner, explained how the Liquor Commission came to add the proposed conditions. He asked Asst. Corporation Counsel George Boyle, who advises the Liquor Commission, to come forward and further address Council Member Mathy's question.

Mr. Boyle stated that, just as any other business selling alcohol in the City, the Bloomington Police Department would be responsible for monitoring the business's hours of operation. He explained that, under the third condition, the Liquor Commission would maintain the right to request business records and receipts for evaluation of liquor sales verses food sales.

Council Member Mathy thanked the Mayor and Mr. Boyle for their time and mentioned the need for a timeline to be set for regular review of business records.

Mr. Boyle provided additional insight and few ideas.

Council Member Mwilambwe expressed concerns about statements from neighbors of the business stating they had not received appropriate notice. He wondered whether the business would possibly consider altering the business model presented.

Council Member Black asked whether Council holds the power to pull a liquor license. Mr. Boyle responded in the affirmative. Council Member Black also stressed that a six-month timeline be added to allow for regular review of the business's records.

Mayor Renner discussed trends the Liquor Commission has seen with other convenience stores.

Council Member Painter suggested that the item be tabled until Council Member Carrillo, who represents Ward 2 in which the establishment sits, could be present to provide her opinion.

Council Member Bray asked Mr. Boyle to define the different liquor licenses the City offers. Mr. Boyle walked through a variety of other license types and a discussion was held regarding single-serve bottles. Council Member Bray expressed interest in putting additional conditions on the license if approved.

Council Member Boelen read a portion of Puma Enterprises' application out loud. She expressed concerns that the proposed store would be similar to the Hot Spot location in eastside Bloomington.

Council Member Emig stated that she received many emails in support of the proposed license. She was sympathetic to the public comment Council had heard and offered support for the item being sent back to the Liquor Commission.

Mayor Renner mentioned that the benefit of sending the item back to the Liquor Commission would be that it would allow the proposed license holder's attorney to also weigh-in on the discussion and conditions.

Council Member Black wanted to find a way to address the concerns heard in Public Comment while also being sure to not limit the business opportunity of a new business wanting to invest in the westside.

Council Member Black made a motion, seconded by Council Member Mathy, to send the item back to the Liquor Commission with express instructions to 1) hold a Special Meeting for a second hearing on the proposed license; 2) ensure appropriate notice to neighbors including providing tonight's meeting minutes; 3) explore options for single-serve ("walk away") sales limitations; 4) set procedure for evaluating the sales of the business including a specific review schedule; and 5) make a recommendation back to Council by the end of the month.

Council Member Mwilambwe discussed making a motion to send the item back to the Liquor Commission for further investigation, but without such specific direction. No second was received, the motion failed on the floor.

Council Member Black offered support for the specificity of his motion on the table.

Council Member Bray supported a less specific motion and expressed concern that the motion on the table contained a presumption that a liquor license would result.

Council Member Black asked questions clarifying whether the item would be returned to Council no matter the recommendation given by the Liquor Commission. Mayor Renner confirmed that it would return.

Council Member Emig confirmed the motion on the table. Mayor Renner and Mr. Boyle clarified procedure.

Mayor Renner directed the Clerk to call the roll, which resulted in the following:

Ayes: Council Members Mathy, Boelen, Mwilambwe, Emig, Painter, Black, and Bray.

Nays: None.

Motion carried.

Council Member Mathy asked City Manager Gleason if he had any comments about the IDOT (Illinois Department of Transportation) Public Hearing. Mr. Gleason stated that the IDOT Route 9 project is a State project that IDOT has requested the City weigh-in and concur. The State asked the City to hold a Public Hearing to allow citizens to provide feedback. Council Member Mathy offered support for the hearing and recommended the community attend and voice their thoughts.

Lake Road Inn. He confirmed that only beer and wine would be served and that the event would be held from 6:30 p.m. to 10:00 p.m.

Commissioner Powell made a motion, seconded by Commissioner Jordan, to recommend the City Council approve the request made by Bradley Baer including suspension of the appropriate ordinances to allow moderate consumption of alcohol on August 23, 2019, for his son's rehearsal dinner to be held at Davis Lodge.

Commissioner Renner directed the Clerk to call the roll, which resulted in the following:

Ayes: Commissioners Powell, Jordan, and Renner.

Nays: None.

Motion carried.

The following was presented:

Item 8. Public Hearing on the request by McLean County Fair Association, d/b/a McLean County Fair, requesting a Class EAS (Entertainment, All Types of Alcohol, and Sunday Sales) liquor license which would allow the sale of all types of alcohol by the glass for consumption on the premises seven (7) days a week.

Mr. Mike Swartz, representative of McLean County Fair Association, d/b/a McLean County Fair also known as the Interstate Center, addressed the Commission. Mr. Swartz is the manager of the McLean County Fair Association (MCFA) which hosts the McLean County Fair and the non-fair events that are held throughout the year. He provided background and explained that within the last 12 months, they have hosted 120 different events represented by 77 different contracts. Fifteen of those events requested liquor which was fulfilled by local liquor license holders. Mr. Swartz continued stating the McLean County Fair Association have requested a Class EAS to be able to provide liquor for these events internally as well as use it to attract more use of the facility. He also informed the Commission that currently, 50% of MCFA's revenue is Fair- related while the other 50% of revenue is from rentals and miscellaneous.

Commissioner Renner asked what type(s) of alcohol would be served and how would it be controlled. Mr. Swartz stated that draft beer, canned beer, glasses of wine, bottles of champagne for weddings, and hard liquor by the glass in bar situations would be offered. He also stated that all guests will be carded, and staff will be BASSET trained.

Commissioner Jordan asked for more details on how carding will be managed. Mr. Swartz stated at the Fair events, guests must show their ID and will receive a wristband if drinking at a separate station than the bar. IDs will be checked at non-fair events by the bartenders. Commissioner Jordan inquired about security at large events. Mr. Swartz explained that additional security would be hired for large events based on need.

Commissioner Renner asked if the Police Department had any comments. Asst. Police Chief Donath addressed the Commission. He stated a concern with large crowds and the potential for underage drinking. He agreed that a station where IDs would be checked as well as wristbands given to drinking participants would be acceptable for crowd control.

Mr. Boyle, Assistant Corporation Counsel, asked for clarification on if the Commission would like to put conditions on the license as well as gave information on similar licenses issued.

Commissioner Renner stated he did not think conditions on the liquor license were necessary at this time; however, should issues arise conditions would be addressed at that time. Commissioner Powell agreed.

Commissioner Jordan asked if the MCFA Board had interest in video gaming. Mr. Swartz stated that the Board had no interest.

Commissioner Powell made a motion, seconded by Commissioner Jordan, to recommend approval of the item.

Commissioner Renner directed the Clerk to call the roll, which resulted in the following:

Ayes: Commissioners Powell, Jordan, and Renner.

Nays: None.

Motion carried.

The following was presented:

Item 9. Public Hearing on the request by Puma Enterprise, Inc., d/b/a Park Pantry, requesting a Class PAS (Package Sales, All Types of Alcohol, and Sunday Sales) liquor license which would allow the sale of all types of packaged alcohol for consumption off the premises seven (7) days a week.

Richard Marvel, Attorney for Puma Enterprise, Inc., d/b/a Park Pantry, addressed the Commission. Amanda Mohan, Deputy Clerk, swore in Mr. Marvel.

Mr. Marvel described the liquor store to the Commission. He provided a brief history of the location and shared a photo of the current state of the building via a tablet. The photo was provided to the Commission as Exhibit A.

Mr. Marvel provided information to the Commission on how the owner, Adjeet Singh, who previously owned and operated Hot Spot, planned to invest and refurbish the building as well as add full convenience items to the store's offerings. Mr. Singh's experience managing Hot Spot will be used in the design and operations of Park Pantry and will be used as a model to update Park Pantry's building. Mr. Marvel provided the Commission with multiple photos of Hot Spot as a visual example. The photos were provided to the Commission as Exhibit B. The implementation of an ID scanner for liquor purchases, new fridges, better lighting, and cameras in addition to the BASSET trained staff will further improve the business. Hard liquor will be stored behind the counter.

Commissioner Jordan asked if the owners plan to include a drive-up option to purchase liquor. Mr. Marvel confirmed the owners had no intention of having a drive-up window and stated they estimate only 20-30% of sales to be from alcohol.

Asst. Police Chief Donath did not have any concerns.

Mr. Boyle, Assistant Corporation Counsel, inquired about the ownership of the building. Mr. Marvel responded that the building is owned by a third party who entered into a lease with Puma Enterprise, Inc. with the option to buy. Mr. Boyle had additional questions for the manager, Sanjeer Singh, including if he resided in Bloomington, how long he has been a resident, length of employment at Hot Spot and if there were any violations to his knowledge. Mr. Singh has been a resident of Bloomington for 15 years and worked at Hot Spot for seven (7) and there were no violations while he worked there.

Commissioner Renner opened the public hearing to receive comments.

James Bays, of 1210 W. Elm, after being sworn in, stated concerns regarding the heavy foot traffic, speeding cars, loud music, yelling, and fighting. He also expressed concern regarding extended hours of operation, the amount of potential liquor sales, and the safety of the neighborhood. Mr. Bays also stated that since the previous business, (which had been a liquor store), closed, there has not been any issues. He did not believe the business would be a benefit to the community.

Karen Bays, of 1210 W. Elm, after being sworn in, stated she had a lot of the same concerns as Mr. Bays. She stated the residents are attempting to rebuild and improve the westside and she did not believe adding liquor would do so. She continued by stating there are plenty of businesses near the neighborhood where liquor could be purchased. Mrs. Bays also had concerns with hours of operation and with liquor being sold at the establishment as the neighborhood has been very quiet since West Side Food and Beverage closed. She suggested instead of a liquor store at the location, that a positive thing be placed there such as a youth center.

Daniel Taylor, of 1215 W. Elm, after being sworn in, stated concerns about the number of intoxicated persons in the area, litter that resulted from purchases, the amount of advertisements for alcohol, the type of people a prominent liquor store attracts and the lawnmower races to the liquor store in the summer. He also stated has not missed those activities since the previous store closed.

Mike Sap, of 827 W. Elm which is a dead-end street near the establishment, after being sworn in, stated he had some of the same concerns as the other neighbors. He had concerns with the cars that flew up and down his street, the type of people a liquor store attracts, and the amount of drug deals in the establishment's parking lot and on the street near his residence. He also mentioned concerns with frequent public urination, loud music, heavy foot traffic and trespassing on his property and his commercial property located across the street. Mr. Sap also stated concerns with trash and littering. He stated the dumpster for the establishment would overflow and the trash would blow into his yard. Mr. Sap stated these actions happened at all times of the day. He was not opposed to a convenience store but requested that liquor not be sold as it has been very nice since the previous establishment closed.

Commissioner Renner asked Asst. Police Chief Donath if there were substantial calls for service to the address while the previous owner occupied it. Asst. Police Chief Donath stated in 2016 there were 14, in 2017 there were three calls, and in 2018 there were 13 calls for service. Commissioner Renner asked if there were concerns with the number of calls to the address or conditions that could be implemented to mitigate any problems for the neighborhood. Asst. Police Chief Donath stated cameras and outdoor lighting are good ways to address any lingering issues. He stated that the calls for service at, or near, the address were not more problematic for police calls for service.

Commissioner Renner asked if there was anyone else to speak for or against the application.

Robert Fazzini came forward and was sworn in. He and his wife live three blocks from the location. They appreciated having a convenience store near their home to purchase food items. He supported the new owners implementing outside lights and cameras and believed that the store would benefit the City more than having an empty building.

Commissioner Renner asked Mr. Marvel to return to the podium. Mr. Marvel stated he could not speak to how the previous owner ran his business; however, he stated Ajeet Singh will update the building.

Commissioner Jordan inquired about the hours. There was discussion regarding hours for Puma Enterprise, Inc. and the percentage of alcohol sales versus dry good sales.

Commissioner Powell stated it is unfair to hold the applicant responsible for actions and events of the previous owner. She also stated the business Mr. Singh previously managed was clean and the building was taken great care of. Commissioner Powell also mentioned she would like to take the testimony from the neighborhood into consideration and work with the applicant, especially in reference to the hours of operation. She did not want to hinder the operations of a business that would like to invest their money into updating the establishment and revitalizing the westside.

Ajeet Singh, owner, addressed the Commission. Mr. Singh was sworn in. Commissioner Renner asked Mr. Singh if he was willing to modify hours, if he planned on implementing outdoor cameras and lighting, and if he was as concerned for cleanliness and loitering as when he owned Hot Spot. Mr. Singh confirmed he was.

The Commission was concerned about the impact on the neighborhood and had discussion regarding potential conditions, including cameras, outdoor lighting, loitering, and proposed hours for Park Pantry. The Commission imposed the following conditions:

1. Store closing hours at 11:00 p.m. After a six-month period, the owners can request a change in this condition.
2. Install outdoor cameras and outdoor lighting.
3. Liquor sales must be less than 50% of total revenue. Invoice documentation to show compliance may be requested by the Commission.

Mr. Marvel, on behalf of Puma Enterprise, LLC, agreed to the conditions.

Commissioner Jordan made a motion, seconded by Commissioner Powell, to approve the license with the conditions presented above.

Commissioner Renner directed the Clerk to call the roll, which resulted in the following:

Ayes: Commissioners Jordan, Powell, and Renner.

Nays: None.

Motion carried.

The following was presented:

Item 10. Public Hearing on the Change of Ownership Application of Hurley Consolidated Enterprises, LLC d/b/a Drifters, located at 612 N. Main Street, currently holding a Class TAS (Tavern, All Types of Alcohol, and Sunday Sales) liquor license, which allows the sale of liquor by the glass for consumption on the premises seven (7) days a week.

Richard Marvel, Attorney for the new owners of Hurley Consolidated Enterprises, LLC d/b/a Drifters, was sworn in and addressed the Commission.

He explained that Tayah Minniefield would be the owner and her fiancé, John Follick, will be the manager of the establishment. The establishment is currently closed for renovation which includes updating the décor and flooring, the addition of TV screens, and creating a

sports bar environment. The new owners aim to have a synergistic relationship with the food vendor that will be next door and are currently reaching out to other local businesses. Mr. Follick has had experience managing a variety of locations, in a variety of positions including bar manager and is also BASSET certified. All employees will continue to be employed and all will be BASSET trained.

Mr. Marvel stated that he believes this item is exciting because young people want to invest their time, talent and resources into downtown development. They intend to have night security training to learn how to best remove an unruly person from a situation. They have also reached out to the McLean County Health Department to ensure their practices are correct. In addition, they contacted the Bloomington Police Department to mitigate concerns for downtown near Drifters specifically and ways the owners can work with the Police Department to have a more efficient operation.

Commissioner Renner reminded Mr. Marvel that video gaming is currently under a moratorium. Mr. Marvel stated the new owners of Drifters are not seeking video gaming at this time.

Commissioner Jordan made a motion, seconded by Commissioner Renner, to recommend approval the application.

Commissioner Renner directed the Clerk to call the roll, which resulted in the following:

Ayes: Commissioners Jordan, Powell and Renner.

Nays: None.

Motion carried.

Old Business

New Business

The following was presented:

Item 12A. Off Premise Delivery Ordinance.

Mr. Boyle explained the increase of popularity for online delivery of alcohol to residences, mentioned State of Illinois regulations and described different options the City has to address this subject. Mr. Boyle also mentioned that it would be beneficial for the Liquor Commission to discuss the potential to create a new license for home delivery of alcohol and the regulations to be enforced. Commissioner Renner stated the Ordinance for Off Premise Delivery will be placed on Old Business for the July Liquor Commission.

The following was presented:

Item 12B. Commission Jordan requested for the Legal Department review the criteria of a liquor store license versus a convenience store license. He also requested the Legal Department draft an ordinance strictly defining liquor stores and convenience stores not related to motor fuel.

Adjournment

Commissioner Powell made a motion, seconded by Commissioner Jordan, to adjourn.

Motion carried unanimously (viva voce).

The meeting adjourned at 6:12 p.m.

Respectfully submitted,

Liquor License Application Questionnaire

TO THE APPLICANT:

On August 28, 1972, the Bloomington City Council enacted Ordinance No. 1972-57, revising standards for issuance of liquor licenses. The Ordinance, in addition to providing for an increase in the number of licenses, reflected a change in public attitude toward liquor licenses. Rather than lucrative privileges to be bought or sold, they are viewed as potential tools for community development, which can be an asset to the community. Consequently, licenses will be approved, not as a matter of right, but only where a need can be shown to exist and where the issuance of a license for a particular kind of establishment is supportive of and consistent with sound community planning. The following questions and the answers thereto can be of significant value in allowing the Liquor Commission to make an intelligent assessment of your application. Your cooperation in completing it as fully and in as much detail as possible is appreciated.

The questions in the Questionnaire apply equally to yourself and any partner, or any officer or director of a corporation. If more space is needed to answer any question completely, use additional paper.

PETITION IN FAVOR OF PARK PANTRY
AT 906 S. MORRIS AVENUE IN BLOOMINGTON

We the undersigned support the petition for a liquor license for Ajeet Singh to open the Park Pantry at 906 S. Morris Avenue in Bloomington for the following reasons:

1. Park Pantry is a convenience store with convenience store hours. The ability to quickly buy essential food items, cold and hot beverages, ready to eat food and other items is desired and needed in this area of Bloomington.
2. The proposed limitations on Park Pantry require that liquor sales will not exceed the sales of other items from the Store. The ability of the City of Bloomington to verify this information provides assurance to me that the Park Pantry is a Convenience Store that sells liquor, not a liquor store.
3. The President of the owner of the Park Pantry has a history of success in Bloomington and has not had any liquor code violations in his prior establishments. In addition, he has a reputation of remodeling and improving the establishments that he manages.
4. The Park Pantry plans to invest \$112,500 to renovate the property.
