Commissioner Renner opened the Public Hearing to receive testimony, and the following individuals came forward to provide comment.

Betty Toland expressed concern over the close proximity of the schools or daycare centers.

Commissioner Renner stated this is a public hearing and that ordinarily there would not likely be a response. However, he deferred to Mr. Boyle for response to Ms. Toland concerns.

Mr. Boyle stated the ordinance does do three (3) things: increases and specifies and adds convenience stores to the number of establishments that are affected by this restricted location, the ordinance adds daycares of 12 children or more, such as daycare centers that are registered with DCFS.

Jim Grossman stated he is speaking on behalf of the vast majority of the families with homes in that area. He read a statement in part that a high percentage of crime is related to alcohol use.

Commissioner Renner closed the Public Hearing.

10. Consideration and discussion of recommending to the City Council an Amendment to Chapter 6, Section 5 of the Bloomington City Code Prohibiting Taverns and Certain Specified Classes of Packaged Liquor Licenses Holders (Class GPA, GPB, PA, PB) from being within 100 feet of Schools, Daycare Centers, Preschools, Hospitals, Home for the Aged or Indigent, Homes for Veterans, Military Stations, or Mortuary.

Mr. Boyle provided a summary of the amendment to Chapter 6 Section 5 of the Bloomington City Code stating; Chapter 6, Section 5 of the Bloomington City Code prohibits the issuance of retail liquor licenses to “any tavern, packaged liquor store or any other business in which the sale of alcoholic liquor is the principle business” located within 100 feet of a specified list of institutions, including churches, schools, and hospitals, among others. The proposed amended ordinance was drafted pursuant to an aldermanic request. It would amend the liquor code to do the following:

- Expand the categories of liquor licenses subject to the location restriction to specifically include convenience stores and all kinds of packaged sales of liquor, regardless of whether the sale of alcoholic liquor is the principal business of the establishment;
- Add preschools and daycare centers to the list of places triggering the license location prohibition; the amendment would apply only to “daycare centers” licensed by the Department of Children and Family Services. The Department defines “daycare centers” as daycare facilities licensed to care for twelve or more children.
- Clarify that, for purposes of applying the prohibition, the 100 feet distance is measured from property line to property line, as opposed to from building to building or some other standard of measurement.

Establishments having liquor licenses issued prior to April 1, 2018, are specifically exempted from the proposed amendment.

Commissioner Renner asked whether the Commission could place restrictions on a similar restriction can be placed on a business that is say 100 feet from a daycare center the Commission has prevented the sale of single containers. He read the email received by Susan Kern into the records. Communication has been received by some developers that this just might inhibit development, as that is the only negative comment that he had received.

Commissioner Bataoel asked whether there is a certain license that this ordinance would affect. Commissioner Renner stated there are several that would be affected by the ordinance. He deferred to Mr. Boyle and asked whether the ones affected would be grandfathered. Mr. Boyle stated yes, unless there is a change in ownership and sold things could change for the new owner.

Commissioner Bataoel asked whether there had been any case study or any statistics. Assistant Chief Bays stated it is not centrally located in one area of the city, that there is crime throughout the city.

Commissioner Renner stated one option that the Commission could do is to refer it to the Council and allow them to do their legislative work. If they decide that they want 200, 250 feet or more, they can certainly make that decision.

Commissioner Renner asked for a motion to send ordinance to the Council for its review and determination.

Mr. Boyle asked for clarification of the motion asking is it the intent of the Commission to send this item forward as presented.

Motion by Commissioner Powell, Commissioner Bataoel second to send this item to the Council positively as presented.

Commissioner Bataoel stated, ultimately he is for the kids of the community and cannot go against that.

Commissioner Renner directed the Clerk to call the roll.

Ayes: Commissioners Renner, Bataoel, and Powell.

Nays: None

Motion Carried.
